The Theory and Practice of Associative Power

Stephen B. Young, 2017-06-19 To succeed in achieving its national security objectives the United States needs to use Associative Power in place of both Hard Power and Soft Power Associative Power is the use of joint ventures and alliances to optimize the forms of power brought to bear in conflicts responding with precision to a spectrum of enemy threats situational challenges and political opportunities Associative Power was wisely and successfully used by the United States in the Vietnam War through the CORDS program of counter insurgency and village development to defeat the Viet Cong insurgency and permit the withdrawal of American combat forces Associative power was not used by the United States nor was the best counter insurgency practices of CORDS in the Iraq and Afghanistan conflicts As a result of this omission interim outcomes in Iraq and Afghanistan did not acceptably accomplish American objectives *Seven Friends, Sixty Years Later* The Beefeaters, 2008-12 The advent of the holy prophet Muhammad PBH was foretold in so many pages of all the previous scriptures He was finally unveiled by the Almighty God with a message to all the world the holy Quran The holy Quran as prophesied in the previous scriptures is the actual word of the Almighty God Allah It was revealed for the benefit of all mankind Blessed is He who sent down the criterion to His servant that it may be an admonition to all creatures Q 25 1 It is complete and comprehensive and in conformity with the prophecy in the previous scriptures The Almighty Allah says Nothing have we omitted from the Book Q 6 38 The message given to the holy prophet Muhammad PBH by the Almighty Allah for mankind thus contains a complete code which provides for all areas of life whether spiritual intellectual political social or economic It is a code which has no boundaries of time place or nation Before Islam religion was on the authority of its own leaders and was thus the avowed enemy of reason resulting in making theology to be based on intricate subtleties and credulous admiration of miracles The holy Quran came and took religion by a new road untrodden by the previous scriptures in fulfillment of Jesus prophecy It spoke to the rational mind and alerted the intelligence It sets out the order in the Universe the principles and certitudes within it and required a lively scrutiny of them that the mind might thus be sure of the validity of its claim and message Even in relation to the narratives of the past it proceeded on the conviction that the created order follows invariable laws as the holy Quran says Such was the way of God in days gone by and you will find that it does not change Q 48 23 And again God does not change people's case until they change their own disposition Q 13 11 Even in matters of morality the holy Quran relies on evidence Requite evil with good and your worst enemy will become your dearest friend Q 41 34 Thus for the first time in a revealed scripture reason finds its brotherly place and toleration made a corner stone of religion as the holy Quran says There is no compulsion i
