Of Sound Mind Nina Kraus, 2021-09-28 How sound leaves a fundamental imprint on who we are Making sense of sound is one of the hardest jobs we ask our brains to do In *Of Sound Mind* Nina Kraus examines the partnership of sound and brain showing for the first time that the processing of sound drives many of the brain's core functions Our hearing is always on we can't close our ears the way we close our eyes and yet we can ignore sounds that are unimportant We don't just hear we engage with sounds Kraus explores what goes on in our brains when we hear a word or a chord or a meow or a screech Our hearing brain Kraus tells us is vast It interacts with what we know with our emotions with how we think with our movements and with our other senses Auditory neurons make calculations at one thousandth of a second hearing is the speediest of our senses Sound plays an unrecognized role in both healthy and hurting brains Kraus explores the power of music for healing as well as the destructive power of noise on the nervous system She traces what happens in the brain when we speak another language have a language disorder experience rhythm listen to birdsong or suffer a concussion Kraus shows how our engagement with sound leaves a fundamental imprint on who we are The sounds of our lives shape our brains for better and for worse and help us build the sonic world we live in

Learning to Read across Languages and Writing Systems Ludo Verhoeven, Charles Perfetti, 2017-10-12 Around the world children embark on learning to read in their home language or writing system But does their specific language and how it is written make a difference to how they learn How is learning to read English similar to or different from learning in other languages Is reading alphabetic writing a different challenge from reading syllabic or logographic writing *Learning to Read across Languages and Writing Systems* examines these questions across seventeen languages representing the world's different major writing systems Each chapter highlights the key features of a specific language exploring research on learning to read spell and comprehend it and on implications for education The editors introduction describes the global spread of reading and provides a theoretical framework including operating principles for learning to read The editors final chapter draws conclusions about cross linguistic universal trends and the challenges posed by specific languages and writing systems
