

## Reading Romans in Context: Paul's Letter to the Romans

Topic: Religion | Words: 1135 | Pages: 4

Paul's Letter to the Romans is acknowledged as one of the most important letters from Paul that presents the apostle's systematic explanation of relationships between the Jewish and Roman Christians. The letter was purposed to explain salvation through faith and bring peace to both house churches. While reading and understanding Romans requires a thorough study of the letter, one should also concern the historical and cultural background of the letter. The book *Reading Romans in Context* addresses the issue with the collection of essays that focus on comparing Paul's Letter to the Romans with other Jewish writing from the period.

The book itself presents a collection of essays written by students of Durham University, collected and edited by Durham Ph.D. graduates Ben C. Blackwell, John K. Goodrich, and Jason Maston. Durham University is one of England's oldest universities that originated as a church university, with a highly acknowledged Religious Studies department that holds high positions among world university rankings. Blackwell is an associate professor of Early Christianity who wrote many articles on Historical Theology and currently works at Houston Baptist University. Maston is a New Testament lecturer, and Goodrich is a Bible professor at Moody Bible Institute. Zondervan published the book with a collection of essays in July of 2015. Considering the editors' similar backgrounds and approaches, one can identify that the collection essays can include potential biases or presuppositions commonly practiced at Durham University. However, in featuring twenty pieces from different authors, the editors minimized the opportunities for biases and predispositions.
