Aliens in Your Native Land Warner M. Bailey, 2020-07-24 Living as an alien in one's native land is a familiar reality to marginalized communities Cultural economic and political shifts can cause people to become alienated by a system of greed racism sexism xenophobia and media manipulation How can Christians persist under a sustained threat within a social order diametrically opposed to them This question drives Warner Bailey's investigation of 1 Peter The mature Christology of 1 Peter yields a profile of Christian identity This picture is funded by texts from the Book of the Twelve Hosea Malachi and is counter intuitive in that it is able to create new initiatives for behavior that offer hope for redemption in the midst of oppression Bailey explores how 1 Peter has been used in shaping the life of modern aliens such as Dietrich Bonhoeffer living in his own country under the oppression of Nazism and feminist black immigrant and LGBTQIA readers Placing 1 Peter within the crisis in U S political and economic life opens up fresh implications for faithful ecclesiastical practice and personal witness

Communities of Restoration Thomas Noakes-Duncan, 2017-10-19 By bringing together the insights of ecclesial ethics an approach that emphasizes the distinctive nature of the church as the community that forms its mind and character after its reading of Scripture with the theory and practice of restorative justice a way of conceiving justice making that emerged from the Mennonite Anabaptist tradition this book shows why a theological account of the theory and practice of restorative justice is fruitful for articulating and clarifying the witness of the church especially when faced with conflict or

wrongdoing This can help extend the church's imagination as to how it might better become God's community of restoration as it reflects on the ways in which the justice of God is taking shape in its own community How does an ecclesial context shape the theological apprehension and praxis of justice This question orientates the book In particular it asks how in view of its members having been admitted into God's restoring justice in Christ the church might embody in the world this same justice of restoring right relationships While Christian reflection on the nature of justice has tended to favour a judicial and retributive conception of justice it will be argued that the biblical understanding of the justice of God is best understood as a saving liberating and restorative justice It is this restorative conception that ought to guide the community that reads Scripture so that it might be embodied in life

Life on the Edge Brother John of Taizé, 2017-10-26 Is the Christian faith something that can peacefully exist alongside all the other aspects of an ordinary human life or does it by its very nature turn that life into something else The author of this book a member of a monastic community for over forty years obviously has a vested interest in the answer But even for believers caught up in the day to day life of society work and family the question is an important one at least if they are seeking a measure of consistency in the life they are living And does not the very fact that the question of the importance and urgency of faith needs to be asked witness to the eclipse of an eschatological outlook among Christians at any rate in the mainstream Churches Could this oversight not explain why an eschatological understanding of faith one which sees it as a radical world changing reality has been forced to take refuge often deformed to the point of being unrecognizable in small fanatical groups on the margins of the Christian world

System and Story Gale Heide, 2009-01-01 System and Story is intended to develop a means for bridging the gap between critics of system and those who may find value in doing systematics from a Biblically oriented context Narrative theologians have rightly identified and critiqued the development of system in academic theology Unfortunately they have not identified the ways in which systematic elements have always

played a role in theological knowledge This study demonstrates the inherent systematic tendencies that still exist in narrative approaches to theology while at the same time acknowledging the appropriateness of aspects of the narrative critique of system The reaction against Enlightenment modernism is examined from the perspective of the heightened role of system in religious epistemology The work of Stanley Hauerwas serves to carry much of the conversation regarding the critique of system and a narrative alternative as it is discovered in communal formation After summarizing Hauerwas theology if such a thing is possible the final chapters explore the ecclesiological concerns of narrative theologians according to a more systematic rendering of pneumatology A Biblical rendering of pneumatology from the perspective of the Spirit's role in ecclesiology allows for a modest i e pre modern systematic presentation commensurate with narrative communal formation Thus the narrative attempt to once again do theology for the church is seen as compatible with a Scriptural i e modestly systematic theology of the Spirit

Culture of Peace Alan Kreider, 2005-11-01 Why is peace such a divisive issue even among Christians Why is it so hard to practice right here right now Why is peace often considered an extra rather than an essential to faithful Christian living The three authors decided to write this book when the Indonesian member of the team remarked to the other two If the Christian church is to make any impact on Indonesia it must address itself to the biggest peace issue reconciliation with Muslims But before the writers could honestly consider that explosive possibility they first had to ask why Christians find it so difficult to live peaceably with other Christians They've discovered that conflict is often a prerequisite of peace They grant that peace is a continuum easier to live in some areas of life than in others They've learned that peace has two parents hard work and grace Living in peace is muscular activity The authors suggest how to develop peacemaking reflexes how churches can learn to handle conflict well and how to cultivate vulnerability and humility two essential attitudes of peacemakers True stories from communities around
