Addiction as an Attachment Disorder Philip J. Flores, 2004-08-06 This work shows how to give substance abusers an attachment experience and a sense of community where they feel they are accepted and belong Therapy directed along the lines described allows the person to get close to others who are accepting of him without a cost to his identity and autonomy *The American Journal of Psychiatry*, 2002 **Adolescent Suicide** Group for the Advancement of Psychiatry. Committee on Adolescence, 1996 Even the most skilled therapist may underestimate suicide potential Careful assessment and competent psychiatric intervention cannot always predict the suicidality of a particular person *Adolescent Suicide* GAP Report 140 presents techniques that allow psychiatrists and all those caring for the health and welfare of

adolescents to respond to signals of distress with timely therapeutic intervention It also suggests measures of anticipatory prevention Adolescent Suicide presents an overview of adolescent suicidal behavior It explores risk factors the identification and evaluation of the suicidal adolescent and approaches to therapy It offers both historical and cross cultural perspectives the relevance of suicide to adolescent development mental health training needs regarding suicidality and related issues such as public health policies and medicolegal concerns The risk of suicide presents a unique crisis in adolescent development For this reason all mental health professionals will find this report an indispensable tool in the treatment of adolescents at risk for suicide Drawing from years of combined experience this committee has applied its expertise on adolescent development to the sobering problem of suicide

Cultural Assessment in Clinical Psychiatry Group for the Advancement of Psychiatry, 2008-08-13 Culture permeates human activity the world over In today's technological global village people from very different cultures are interacting more closely and more often than ever making it critical for clinicians to understand and incorporate cultural dimensions into their daily practices This volume offers a contemporary pragmatic understanding of how culture is inextricably intertwined with mental health and mental illness In Chapter 1 the 17 member GAP Committee on Cultural Psychiatry begins by discussing the history particularly within the last two decades and scope of culture in clinical psychiatry In Chapter 2 the authors describe 11 selected cultural variables that strongly influence clinical work ethnic identity race gender and sexual orientations age religion migration and country of origin socioeconomic status acculturation and acculturative processes language dietary influences and education In Chapter 3 the authors present a brief history and detailed analysis of the Cultural Formulation the newest instrument for ensuring thorough clinical assessments explaining its clinical use based on DSM IV guidelines In Chapter 4 the authors integrate the 11 cultural variables described in Chapter 2 with the use of the Cultural Formulation described in Chapter 3 producing an extraordinary cross section of case vignettes How the son of Irish Catholic immigrants struggles to reconcile old country traditions with life in modern American society The sometimes painful and always complex process and outcomes of acculturation for a Pakistani Muslim family who had come to the United States for only a temporary period but ended up staying permanently Diagnosing social phobia in an Asian American whose traditional reticence must be viewed within the context of Asian culture Loss of country of origin and family ties as catalysts leading to significant behavioral changes and severe depressive symptoms in an African immigrant tribesman from Kenya and the cultural context of his recovery The interplay of gender age and religion with developmental issues personality organization and symptom development for a good Catholic girl The existential interpersonal and clinical experiences of a Protestant minister from predominantly Catholic Ecuador who came to the United States as pastor of a Hispanic church in a predominantly white city In Chapter 5 the authors conclude with a summary and suggestions regarding the complex issues raised by a thorough cultural assessment Enhanced by a detailed index this powerful work meets the significant and rapidly growing need for psychiatrists and other mental health professionals to understand the role of culture

in psychiatry and to integrate this knowledge into their practice so that they can provide the most comprehensive and useful care to their patients
