Resistance To The Shah Landowners And The Ulama In Iran:

Resistance to the Shah Mohammad Gholi Majd,2000 Mohammad Gholi Majd examines land policy in Iran under the two Pahlavi shahs from 1925 to 1979 the social and economic consequences of the policies and their impact on the popular uprisings of 1962 63 which many scholars regard as the beginning of the Islamic revolution Contrary to widely held views much of Iran s agricultural land up to 1960 was owned by 1 3 million small landowners Majd points out that traditional Islamic practices of matrimony and inheritance resulted in a continuous redistribution of landownership and these customs included a system of sharecropping that fulfilled a vital social and economic function Tenants enjoyed secure rights to the land and the water could not be easily evicted and were thus practically owners themselves In short conditions in Iran were entirely different from those assumed in most Western theories of land policy and reform Pressured by the United States in the 1950s to inaugurate land reform the shah in his initial attempts met with stiff resistance from parliament and the Islamic leadership The result Majd argues was an effective alliance between landowners and the fundamentalist Islamic ulama in particular Ayatollah Khomeini who emerged as the principal leader of the religious opposition In addition to photos of the secular and religious opposition leaders the book contains many rare photos of rural Iran during the periods 1890 1911 and 1930 60 For students of Iran and the Middle East as well as those interested in agrarian change and reform this work offers a provocative and revisionist perspective on important events in Iran s recent history Soldiers, Shahs and Subalterns in Iran S. Cronin,2010-10-27 Against conventional views of the unchallenged hegemony of a modernizing monarchy this book argues that power was continuously contested in Riza Shah s Iran Cronin excavates the successive challenges to Riza Shah s regime posed by a range of subaltern social groups and seeks to restore to these groups a sense of their historical agency

The Shah Abbas Milani,2011-01-04 The definitive biography of the last Shah of Iran tracing his dramatic rise and fall and his role in the creation of the contemporary Islamic Republic Though his monarchy was toppled in 1979 and he died in 1980 the life of Mohammad Reza Shah Pahlevi the last Shah of Iran continues to resonate today Here internationally respected author Abbas Milani gives us the definitive biography more than ten years in the making of the monarch who shaped Iran s modern age and with it the contemporary politics of the Middle East The Shah s was a life filled with contradiction as a social reformer he built schools increased equality for women and greatly reduced the power of the Shia clergy He made Iran a global power courting Western leaders from Churchill to Carter and nationalized his country s many natural resources But he was deeply conflicted and insecure in his powerful role Intolerant of political dissent he was eventually overthrown by the very people whose loyalty he so desperately sought This comprehensive and gripping account shows us how Iran went from politically moderate monarchy to totalitarian Islamic republic Milani reveals the complex and sweeping road that would bring the U S and Iran to where they are today Nomadism in Iran Daniel T. Potts,2014 Potts examines the development of nomadism in Iran over the course of three millennia Evidence of nomadism in prehistory is

examined and found insufficient to justify claims of its great antiquity The background of the earliest nomadic groups identified as Persian tribes by Herodotus is examined within the context of the migration of Iranian speakers onto the Iranian plateau in the late second or early first millennium B C Thereafter evidence of nomadic groups in Late Antiquity and early Islamic times is reviewed

State, Religion, and Revolution in Iran, 1796 to the Present B. Moazami, 2013-11-07 Two basic assumptions have shaped understanding of recent Iranian history One is that Shi'ism is an integral part of Iran's religious and cultural landscape The other is that the ulama religious scholars have always played a crucial role This book challenges these assumptions and constructs a new synthesis of the history of state and religion in Iran from 1796 to the present while challenging existing theories of large scale political transformation Arguing that the 1979 revolution has not ended Behrooz Moazami relates political and religious transformations in Iran to the larger instability of the Middle East region and concludes that turmoil will continue until a new regional configuration evolves

S. Batmanghelichi,2020-12-10 Gender and

sexuality in modern Iran is frequently examined through the prism of nationalist symbols and religious discourse from the late nineteenth and early twentieth centuries In this book Kristin Soraya Batmanghelichi takes a different approach by interrogating how normative ideas of women s bodies in state religious and public health discourses have resulted in the female body being deemed as immodest and taboo Through a diverse blend of sources a popular cultural women s journal a red light district cases studies of temporary marriages iconic public statues and an HIV AIDS advocacy organization in Tehran this work argues that conceptions of gender and sexuality have been mediated in public discourse and experienced and modified by women themselves over the past thirty years of the Islamic Republic Expanding upon existing philosophical theory technological research and scholarship on gender and sexuality in Iran this book focuses much needed attention on under studied marginalized communities such as widows living with HIV This work interrogates how bodily technologies are constructed discursively and socially in Iran and the values and perspectives which are incorporated in them **A**

Companion to the History of the Middle East Youssef M. Choueiri,2008-09-02 A Companion to the History of the Middle East offers a fresh account of the multifaceted and multi layered history of this region A fresh account of the multifaceted and multi layered history of the Middle East Comprises 26 newly commissioned essays by leading international scholars Primarily focused on the modern and contemporary periods Covers religious social cultural economic political and military history Treats the region as four differentiated political units Iran Turkey Israel and the Arab world Includes a section on current issues such as oil urban growth the role of women and democratic human rights Homogenization, Gender and Everyday Life in Pre- and Trans-modern Iran Leila Papoli-Yazdi,Maryam Dezhamkhooy,2021 Homogenization Gender and

Everyday Life in Pre and Trans modern Iran An Archaeological Reading is actually an effort to investigate the interaction of power structure and gender in the context of everyday life in Iran in the 19th and early 20th centuries The book pursues two main goals situating gender in Iranian archaeology and calling for more consideration to daily life in archaeological gender researches Drawing on a wide range of material culture textual evidence statistics and oral accounts all chapters render the destruction of the everyday life of ordinary people Events like parties and ceremonies marriage and kinship sexual practices dress codes and even eating and drinking were gently regulated by the surveillance state Accordingly the term homogenization in the book s title refers to the policies of the Pahlavi government the first Iranian modern centralized state In this way the book seeks to understand the process of gender and sexual transformation of Iranian society the process which resulted in the production of deviants and negative gender and sexual lives Being the first archaeological research on gender by native archaeologists the authors state the fact that this book investigates the politics of gender while many other aspects of gender remain still uninvestigated Leila Papoli Yazdi Researcher Department of Historical Studies at the University of Gothenburg Sweden

Subalterns and Social Protest Stephanie Cronin,2012-09-10 The articles in this collection provide an alternative view of Middle Eastern history by focusing on the oppressed and the excluded offering a challenge to the usual elite narratives The collection is unique in its historical depth ranging from the medieval period to the present and its geographical reach including Iran the Ottoman Empire Turkey the Balkans the Arab Middle East and North Africa The first to focus on the oppressed and the excluded and their differing strategies of survival of negotiation and of protest and resistance the book covers both major social classes and sectors the working class the peasantry the urban poor women marginal groups such as gypsies and slaves Based on perspectives drawn from the work of the great European social historians and particularly inspired by Antonio Gramsci the collection seeks to restore a sense of historical agency to subaltern classes in the region and to uncover the politics of the people

Persian Literature and Modernity Hamid Rezaei Yazdi,Arshavez Mozafari,2018-12-07 Persian Literature and Modernity recasts the history of modern literature in Iran by elucidating the bonds between the classical tradition and modernity and exploring textual generic and discursive formations through heterodoxical investigations This is first done through the rehabilitation of concepts embedded in tradition including the mun zirah debate Ahr man the demonic tajarrud radical aloneness and n riz yat discontent Following this are broader structural and processual treatments including the emergence of the genre of the social novel the international dimension of Persian and Persianate canon formation and the development of salvage ethnography and anthropological discourse in Iran Covering literary experiments from the twelfth to the twentieth centuries the chapters in this volume make a case for stepping outside the bounds of orthodox literary scholarship in Iranian studies with its associated political and orientalist determinants in order to provide a more nuanced conception of literary modernity in Iran Offering an alternative reading of modernity in Persian literature this book is an invaluable resource for scholars and

students interested in the history of modern Iran and Persian Literature *A History of Social Justice and Political Power in the Middle East* Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

Vanguard of the Imam Afshon Ostovar, 2016-03-03 Iran's Revolutionary Guards are one of the most important forces in the Middle East today As the appointed defender of Iran's revolution the Guards have evolved into a pillar of the Islamic Republic and the spearhead of its influence Their sway has spread across the Middle East where the Guards have overseen loyalist support to Bashar al Assad in Syria and been a staunch backer in Iraq's war against ISIS bringing its own troops Lebanon's Hezbollah and Shiite militias to the fight Links to terrorism human rights abuses and the suppression of popular democracy have shrouded the Revolutionary Guards in controversy In spite of their prominence the Guards remain poorly understood to outside observers In *Vanguard of the Imam* Afshon Ostovar has written the first comprehensive history of the organization Situating the rise of the Guards in the larger contexts of Shiite Islam modern Iranian history and international affairs Ostovar takes a multifaceted approach in demystifying the organization and detailing its evolution since 1979 Politics power and religion collide in this story wherein the Revolutionary Guards transform from a rag tag militia established in the midst of revolutionary upheaval into a military and covert force with a global reach The Guards have been fundamental to the success of the Islamic revolution The symbiotic relationship between them and Iran's clerical rulers underpins the regime's nearly unshakeable system of power The Guards have used their privileged position at home to export Iran's revolution beyond its borders establishing client armies in their image and extending Iran's strategic footprint in the process Ostovar tenaciously documents the Guards transformation into a power player and explores why the group matters now more than ever to regional and global affairs The book simultaneously serves as a history of modern Iran and provides a crucial and engrossing entryway into the complex world of war politics and identity in the Middle East **The Fall of Heaven** Andrew Scott Cooper, 2016-08-02 An immersive gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty written with

the cooperation of the late Shah's widow Empress Farah Iranian revolutionaries and US officials from the Carter administration In this remarkably human portrait of one of the twentieth century's most complicated personalities Mohammad Reza Pahlavi Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941 He draws the turbulence of the post war era during which the Shah survived assassination attempts and coup plots to build a modern pro Western state and launch Iran onto the world stage as one of the world's top five powers Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba who became a power in her own right the beloved family they created and an exclusive look at life inside the palace during the Iranian Revolution Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there leading Iranian revolutionaries President Jimmy Carter and White House officials US Ambassador William Sullivan and his staff in the American embassy in Tehran American families caught up in the drama even Empress Farah herself and the rest of the Iranian Imperial family Intimate and sweeping at once *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families the unseating of which helped set the stage for the current state of the Middle East
