Resisting Novels (Routledge Revivals) Lennard J. Davis, 2014-06-27 By making friends with signs Lennard Davis argues we are weakening the bond that anchors us to the social world the world of action and binding ourselves to the ideological For the reader this power of the novel needs to be resisted But there is a double resistance at work the novel is also a defensive structure positioning us against alienation and loneliness the dehumanising symptoms of modern life While discussions surrounding ideology in novels traditionally concentrate on thematics in this study first published in 1987 Davis approaches the subject through such structural features as location character dialogue and plot Drawing on a wide range of novels from the seventeenth century to the present day and on psychoanalysis as well as philosophy *Resisting Novels* explores how fiction works subliminally to resist change and to detach the reader from the world of lived experience This controversial critique will engage students and academics with a particular interest in literary theory

The Distinction of Fiction Dorrit Cohn, 2000-12 Winner of the Aldo and Jeanne Scaglione Prize for Comparative Literary Studies from the Modern Language Association Winner of the Modern Language Association s Aldo and Jeanne Scaglione Prize for Comparative Literary Studies The border between fact and fiction has been trespassed so often it seems to be a highway Works of history that include fictional techniques are usually held in contempt but works of fiction that include history are among the greatest of classics Fiction claims to be able to convey its own unique kinds of truth But unless a reader knows in advance whether a narrative is fictional or not judgment can be frustrated and confused In *The Distinction of Fiction* Dorrit Cohn argues that fiction does present specific clues to its fictionality and its own justifications Indeed except in cases of deliberate deception fiction achieves its purposes best by exercising generic conventions that inform the reader that it is fiction Cohn tests her conclusions against major narrative works including Proust s *A la Recherche du temps perdu* Mann s *Death in Venice* Tolstoy s *War and Peace* and Freud s case studies She contests widespread poststructuralist views that all narratives are fictional On the contrary she separates fiction and nonfiction as necessarily distinct even when bound together An expansion of Cohn s Christian Gauss lectures at Princeton and the product of many years of labor and thought *The Distinction of Fiction* builds on narratological and phenomenological theories to show that boundaries between fiction and history can be firmly and systematically explored *Fictions of Authority* Susan Sniader Lanser, 2018-03-15 No detailed description available for *Fictions of Authority* **Margins in the Classroom** Kostas Myrsiades, Linda S. Myrsiades, 1994

Pedagogy is Politics Maria-Regina Kecht, 1992 *Caught between Worlds* Joe Snader, 2021-10-21 The captivity narrative has always been a literary genre associated with America Joe Snader argues however that captivity narratives emerged much earlier in Britain coinciding with European colonial expansion the development of anthropology and the rise of liberal political thought Stories of Europeans held captive in the Middle East America Africa and Southeast Asia appeared in the British press from the late sixteenth through the late eighteenth centuries and captivity narratives were frequently featured during the early development of the novel Until the mid eighteenth century British examples of the genre outpaced their American cousins in length frequency of publication attention to anthropological detail and subjective complexity Using both new and canonical texts Snader shows that foreign captivity was a favorite topic in eighteenth century Britain An adaptable and expansive genre these narratives used set plots and stereotypes originating in Mediterranean power struggles and relocated in a variety of settings particularly eastern lands The narratives rhetorical strategies and cultural assumptions often grew out of centuries of religious strife and coincided with Europe s early modern military ascendancy *Caught Between*

Worlds presents a broad rich and flexible definition of the captivity narrative placing the American strain in its proper place within the tradition as a whole Snader having assembled the first bibliography of British captivity narratives analyzes both factual texts and a large body of fictional works revealing the ways they helped define British identity and challenged Britons to rethink the place of their nation in the larger world **Hitler's French Literary Afterlives, 1945-2017** Manuel

Bragança,2019-09-11 This book analyses the successive appearances of Adolf Hitler in French fiction between 1945 and 2017 It discusses why unlike what has been observed in the US and in the UK it has proven problematic for French novelists to write about Hitler in their numerous fictional explorations of the Second World War It examines the literary and ethical challenges of including historical characters such as Hitler in fiction and demonstrates how these challenges evolved over time as memories of the Second World War also evolved in France jhopok The Ways of Fiction Nicholas J.

Crowe,2019-01-15 The essays gathered here capture fresh perspectives on the literary environments of the eighteenth century The core concern of this volume is culture the ways in which it shapes literature and is in turn influenced by it the ways of fiction Especially commissioned from experts in the field essays cover the whole of the century embracing such themes as class gender nationhood politics and identity Through scrutiny of familiar and less well known authors alike the collection forms a stimulating and provocative anthology It will naturally appeal to scholars and students of the novel as well as to historians of culture and all those concerned with eighteenth century studies A broader readership will also find much here to enhance their appreciation of fiction as a cultural artefact Responding to a growing fascination with this period in British history these essays open vital new perspectives on the novel at a key moment in its development The Oxford

Handbook of English Literature and Theology Andrew Hass,David Jasper,Elisabeth Jay,2007-03-15 A defining volume of essays in which leading international scholars apply an interdisciplinary approach to the long and evolving relationship between English Literature and Theology Dalit Literatures in India Joshil K. Abraham,Judith Misrahi-Barak,2015-07-24

This book breaks new ground in the study of Dalit Literature including in its corpus a range of genres such as novels autobiographies pamphlets poetry short stories as well as graphic novels With contributions from major scholars in the field it critically examines Dalit literary theory and initiates a dialogue between Dalit writing and Western literary theory *John Fowles's Fiction and the Poetics of Postmodernism* Mahmoud Salami,1992 Salami presents for instance a critique of the self conscious narrative of the diary form in *The Collector* the intertextual relations of the multiplicity of voices the problems of subjectivity the reader's position the politics of seduction ideology and history in *The Magus* and *The French Lieutenant's Woman* The book also analyzes the ways in which Fowles uses and abuses the short story genre in which enigmas remain enigmatic and the author disappears to leave the characters free to construct their own texts Salami centers for example on *A Maggot* which embodies the postmodernist technique of dialogical narrative the problem of narrativization of history and the explicitly political critique of both past and present in terms of social and religious dissent These political questions are

also echoed in Fowles's nonfictional book *The Aristos* in which he strongly rejects the totalization of narratives and the materialization of society

The Cambridge Companion to the City in World Literature Ato Quayson, Jini Kim Watson, 2023-07-27 This book forges new ground in the relationship between cities and World Literature Through a series of essays spanning a variety of metropolises it shows how cities have given rise to key aesthetic dispositions acts of linguistic and cultural translation topographic conceptualizations global imaginaries and narratives of self fashioning that are central to understanding World Literature and its debates Alongside an introduction and three theoretical chapters each chapter focuses on a particular city in the Global North or Global South and brings World Literary debates on translation literary networks imperial and migrant imaginaries centers and peripheries into conversation with the urban literary histories of Beijing Bombay Mumbai Dublin Cairo Istanbul Johannesburg Lagos London Mexico City Moscow and St Petersburg New York Paris Singapore and Sydney

Beyond the Corporate University Henry A. Giroux, Kostas Myrsiades, 2001 Prominent scholars in this book move boldly beyond critique to show how and why the critical functions of a democratically informed civic education not merely professional training must become the core of the university's mission They show why higher education must address what it means to relate knowledge to public life and social responsibility to the demands of critical citizenship Moreover they show why democratic forms of education and various elements of a critical pedagogy are vital not only to individual students but also to our economy and our democratic institutions and future leadership Visit our website for sample chapters

The Inn and the Traveller Will McMorran, 2017-12-02 In the landscape of the early modern European comic novel the inn often features as a monument to digression the perfect setting for chance encounters with strangers who always have a story to tell This wide ranging comparative study explores the special part played by the inn tracing the progress of a succession of wayward heroes and narrators in five canonical texts Cervantes's *Don Quijote* Scarron's *Roman comique* Fielding's *Joseph Andrews* and *Tom Jones* Sterne's *Tristram Shandy* and Diderot's *Jacques le fataliste* As this celebration of digressive fiction unfolds a very different picture emerges of the novel's rise and development
