 COM Rhetoric and Composition As Intellectual Work Gary A. Olson,2002 In response to those who insist that rhetoric and
 composition should remain only a service discipline editor Gary A Olson s Rhetoric and Composition as Intellectual Work
 demonstrates that it already is an intellectual discipline that for at least a quarter of a century the field has developed an
 impressive tradition of intellectual work in a remarkable assortment of subject areas Rhetoric and Composition as
 Intellectual Work suggests the diversity of intellectual projects that have and will continue to make rhetoric and composition
 more than a service to the university more than a field devoted solely to improving writing pedagogy and more than a
 preliminary to literary studies This collection of nineteen essays by some of the most distinguished scholars in the discipline
 illustrates that rhetoric and composition has much to contribute to the intellectual milieu of the contemporary university as
 the field continues to push its disciplinary borders and discover new sites of investigation Publisher s description *South*
