**Catskill Mountains Summer Resorts ...**, 1902      **Summer Resorts Along the West Shore of Hudson River and in the Catskill Mountains** New York, West Shore and Buffalo Railway Company, 1884      Catskill Mountains Summer Resorts, 2017-12-04 Excerpt from Catskill Mountains Summer Resorts Containing Selected List of Hotels Boarding Houses and Farm Houses Where Summer Guests Are Entertained Then the sixty nine years being passed we have to notice an important matter in fact nothing less than the formation of a syndicate by certain Dutch and English gentlemen Their design was to buy outright the Catskill region There was without doubt much negotiation and finally the poor redskins for paltry price principally eye tickling trinkets and the like of wonderful seeming value to our now extinct friends but as a matter of fact of no intrinsic worth whatever consented to sell their mountain domain and the deed was finally and formally done on July 8th 1678 at the Stadt Huis at Albany Mohak neminaw and six of his chiefs signed the contract and one can readily fancy that much tobacco and fire water marked the business And after that slowly year by year the Indians retired farther and farther into the interior Adirondacks and the like to make way for the Dutch settlers So we see a vast wilderness the heart of it once known only to hunting and warring Indians gradually settled by thrifty Dutch and in the favorable parts made to grow various farmstuffs and fruitstuffs Long after the mountains in parts were blasted for the beautiful granite that was in them and which in our day has found lodgment in many classic buildings in New York and other cities Such is the emergence of the Catskills first the home of the Onteoras Onteora meaning Hill of the Sky how beautiful much more so in fact than the name Catskill then espied by Hudson in 1609 next purchased by a syndicate of Dutch and English in 1678 From that year and say for 150 years thereafter we have the unruffled Dutch and later the more active and polished Colonial life with farming with expanding thriving villages and bits of towns coming into being here and there at certain natural gathering points It is also certain that year after year and always in increasing numbers many a bold spirit penetrated into these wild mountains for rough sport for the hunt and in quest of the finny tribe Thus these Catskill Mountains slowly came to fame as a region rich and rare for fishing and hunting and for dreaming away the summer days And finally about fifty years ago this fame

blossomed into world wide repute and the Catskills stepped into line as a peerless summer resort known to all men About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Making Mountains* David Stradling, 2009-11-23 For over two hundred years the Catskill Mountains have been repeatedly and dramatically transformed by New York City In *Making Mountains* David Stradling shows the transformation of the Catskills landscape as a collaborative process one in which local and urban hands capital and ideas have come together to

reshape the mountains and the communities therein This collaboration has had environmental economic and cultural consequences Early on the Catskills were an important source of natural resources Later when New York City needed to expand its water supply engineers helped direct the city toward the Catskills claiming that the mountains offered the purest and most cost effective waters By the 1960s New York had created the great reservoir and aqueduct system in the mountains that now supplies the city with 90 percent of its water The Catskills also served as a critical space in which the nation s ideas about nature evolved Stradling describes the great influence writers and artists had upon urban residents especially the painters of the Hudson River School whose ideal landscapes created expectations about how rural America should appear By the mid 1800s urban residents had turned the Catskills into an important vacation ground and by the late 1800s the Catskills had become one of the premiere resort regions in the nation In the mid twentieth century the older Catskill resort region was in steep decline but the Jewish Borscht Belt in the southern Catskills was thriving The automobile revitalized mountain tourism and residence and increased the threat of suburbanization of the historic landscape Throughout each of these significant incarnations urban and rural residents worked in a rough collaboration though not without conflict to reshape the mountains and American ideas about rural landscapes and nature
