In Search of Respect Philippe Bourgois, 2002-12-23 In Search of Respect Philippe Bourgois's now classic ethnographic study of social marginalization in inner city America won critical acclaim after it was first published in 1995 and in 1997 was awarded the Margaret Mead Award For the first time an anthropologist had managed to gain the trust and long term friendship of street level drug dealers in one of the roughest ghetto neighborhoods in the United States East Harlem This edition adds a prologue describing the major dynamics in America that have altered life on the streets of East Harlem in the six years since the first edition Bourgois in a new epilogue brings up to date the stories of the people Primo Caesar Luis Tony Candy who readers come to know in this remarkable window onto the world of the inner city drug trade *Looseleaf Regulations System* United States. presented with little more than thumbnail sketches as to the social characteristics or motivations of the authors One learns their status institutional location and supposed credentials Rarely are we presented with more detailed impressions of the authors as a combination of positivist assumptions and notions of professional competence seemingly render such information unimportant However increasing numbers of critical scholars are becoming aware of authorship as an issue it matters who is addressing us By taking these authors out of their methodological framework *Critical Voices in Criminology* provides an opportunity for figures in and around critical criminology to discuss their own intellectual journeys into and within the discipline The book offers the opportunity for contributors to reflect on their work and consider what they did not say It also affords them the opportunity to describe their own channeling processes by indicating how the pursuance of some themes topics seemed appropriate sensible or realistic while others appeared less so whether they internalized these particular themes or attempted to contest and or replace them **"Indians Wear Red"** Elizabeth Comack,Lawrence

Deane,Larry Morrisette,Jim Silver,2020-11-26T00:00:00Z With the advent of Aboriginal street gangs such as Indian Posse Manitoba Warriors and Native Syndicate Winnipeg garnered a reputation as the gang capital of Canada Yet beyond the stereotypes of outsiders little is known about these street gangs and the factors and conditions that have produced them *Indians Wear Red* locates Aboriginal street gangs in the context of the racialized poverty that has become entrenched in the

colonized space of Winnipeg's North End Drawing upon extensive interviews with Aboriginal street gang members as well as with Aboriginal women and elders the authors develop an understanding from inside the inner city and through the voices of Aboriginal people especially street gang members themselves While economic restructuring and neo liberal state responses can account for the global proliferation of street gangs the authors argue that colonialism is a crucial factor in the Canadian context particularly in western Canadian urban centres Young Aboriginal people have resisted their social and economic exclusion by acting collectively as Indians But just as colonialism is destructive so too are street gang activities including the illegal trade in drugs Solutions lie not in quick fixes or getting tough on crime but in decolonization re connecting Aboriginal people with their cultures and building communities in which they can safely live and work *Controlling Crime, Controlling Society* Dario Melossi, 2013-05-02 How did anxieties about crime and deviance emerge in the modern world first in Europe and then in America How did they come to occupy centre stage in the ongoing drama played out in public discourse And how have theories of crime and deviance related to the actual practices of social control and punishment and to the main currents of social conflict In this illuminating new book Dario Melossi addresses these crucial questions and at the same time offers an engaging survey of the theories of social control crime and deviance From the early work of Beccaria and Lombroso via the pioneering sociology of 1920s Chicago to 60s radicalism and the subsequent emergence of a culture of fear the book covers the full range of theoretical thinking in this area including more recent assessments of mass imprisonment in post 9 11 America In a sharp and lucid style Melossi argues that two orientations have always been battling each other in society one in which the control of crime is paramount and the other in which controlling crime becomes secondary to the exercise of wider social control Conceived and written by a scholar who has been active for many years both in Europe and the United States the text will be an invaluable aid to advanced students and scholars of sociology and criminology on both sides of the Atlantic Research Methods and Society Linda Eberst Dorsten, Lawrence Hotchkiss, 2018-12-14 Research Methods and Society Third Edition is designed to help undergraduate students acquire basic skills in methods of social science research These skills provide a foundation for understanding research findings in the social sciences and for conducting social research Just as important such skill sets and principles can be applied to everyday situations to make sense of the endless stream of claims and counterclaims confronted daily in print and electronic forms including social media Key features of this book include Straightforward prose including key concepts and tools Concrete and everyday examples and hands on practice activities and Applications designed to be interesting and useful to students Organization to accommodate term length research projects Chapter Summaries and Review Sheets Assignments to meet specific learning goals Evaluation of key excerpts from research reports published in professional journal articles and popular press Analysis of secondary data e g from the General Social Survey Analysis of primary data from mini research projects Combinations of methods applications using more than one activity e g evaluating published reports and completing
