*The Prose Literature of the Gaelic Revival, 1881-1921* Philip O'Leary, 2005-07-20 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O'Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism *Autobiography of Mark Twain, Volume 3* Mark Twain, 2015-10-15 The surprising final chapter of a great American life When the first volume of Mark Twain's

uncensored Autobiography was published in 2010 it was hailed as an essential addition to the shelf of his works and a crucial document for our understanding of the great humorist's life and times. This third and final volume crowns and completes his life's work. Like its companion volumes it chronicles Twain's inner and outer life through a series of daily dictations that go wherever his fancy leads. Created from March 1907 to December 1909, these dictations present Mark Twain at the end of his life receiving an honorary degree from Oxford University, railing against Theodore Roosevelt, Autobiography's Closing Words movingly commemorate his daughter Jean who died on Christmas Eve 1909. Also included in this volume is the previously unpublished Ashcroft-Lyon Manuscript, Mark Twain's caustic indictment of his putrescent pair of secretaries and the havoc that erupted in his house during their residency. Fitfully published in fragments at intervals throughout the twentieth century, Autobiography of Mark Twain has now been critically reconstructed and made available as it was intended to be read. Fully annotated by the editors of the Mark Twain Project, the complete Autobiography emerges as a landmark publication in American literature. Editors: Benjamin Griffin and Harriet Elinor Smith. Associate Editors: Victor Fischer, Michael B. Frank, Amanda Gagel, Sharon K. Goetz, Leslie Diane Myrick, Christopher M. Ohge.

**Mark Twain's Literary Resources** Alan Gribben, 2024-10-15. Dr. Alan Gribben, a foremost Twain scholar, made waves in 1980 with the publication of *Mark Twain's Library*, a study that exposed for the first time the breadth of Twain's reading and influences. Prior to Gribben's work, much of Twain's reading history was assumed lost, but through dogged searching, Gribben was able to source much of Twain's library. *Mark Twain's Literary Resources* is a much expanded examination of Twain's library and readings. Volume I included Gribben's reflections on the work involved in cataloging Twain's reading and analysis of Twain's influences and opinions. This volume, long awaited, is an in-depth and comprehensive accounting of Twain's literary history. Each work read or owned by Twain is listed along with information pertaining to editions, locations, and more. Gribben also includes scholarly annotations that explain the significance of many works, making this volume of *Mark Twain's Literary Resources* one of the most important additions to our understanding of America's greatest author.

This forward-thinking, non-traditional reference work uniquely maps out how new developments in 21st-century philosophy are entering into dialogue with the study of literature.
