Education and Corporate Social Responsibility Jamilah Ahmad, David Crowther, 2013-02-20 This volume examines the practice of embedding corporate social responsibility into academic curricula

Globalization and Education Nelly P. Stromquist, Karen Monkman, 2014-03-04 We offer in this book a collection of chapters that reflect a broad range of issues linking globalization to education in an accessible yet theoretically grounded and detailed form The authors analyze phenomena on the global plane in local spaces and in the connections between the global and the local New developments such as the growing impact of technology on education the emergence of new policy actors the growing expansion and segmentation of higher education the salience of human rights among others are emerging as powerful agendas shaping all levels of education In fundamental ways the forces of globalization challenge the previous approaches and theories of national development Recognizing the areas of convergence dissonance and conflict should help us grasp with greater clarity the implications of globalization for education and knowledge in the XXI century The contributors to this book include both well known scholars in the field of comparative education as well as young scholars The chapters present a balanced geographical coverage in terms of authors and the countries regions examined The second edition has been thoroughly updated throughout and contains seven new chapters The expanding interest in the intersection of education and globalization has brought up several new topics including the salience of global education policies notably EFA the expansion and differentiation of higher education the emphasis on work related training the increasing role of non state actors such as the transnational corporations and greater attention to human rights Also in this new edition is a chapter on qualitative methodologies especially suitable to the understanding of the intersection of globalization and education

Changing Modes Andre Kraak, 2000 This book examines the influence of an important body of international literature on the development of post apartheid policies in higher education and training and in science and technology The book also examines a related phenomenon the so called massification and democratisation of higher education world wide over the past two decades

Education, Equity and Transformation Crain Soudien, Peter Kallaway, 2012-12-06 The papers for this special issue were selected from a pool of nearly 700 presentations which were made at the 10th Congress of the World

Council of Comparative Education Societies WCCES which was held in Cape Town South Africa from 12 to 17 July 1998 The congress was hosted by the Southern African Comparative and History of Education Society SACHES and held on the campuses of the University of the Western Cape and the University of Cape Town The papers were selected by the convenors of the conference s standing commissions which provided a significant focus for the conference proceedings These commissions were on the following themes Teachers and teacher education Curriculum Higher education Lifelong learning Language literacy and basic education Gender and education Policy Theory and theory shifts Basic education in Africa Peace and Justice Dependency European Education Policy Research in Africa Culture Indigenous Knowledge and Learning The papers presented as the discussion below makes clear ranged widely in subject matter and theoretical perspective and addressed issues of concern both to individual countries and to regions of the world While some of the papers use comparison as an approach it remains a matter of concern that the comparative perspective is so little in evidence It is hoped that the comparative research approach will be more in evidence in the future

Community Engagement in Higher Education W. James Jacob, Stewart E. Sutin, John C. Weidman, John L. Yeager, 2015-06-17 There seems to be renewed interest in having universities and other higher education institutions engage with their communities at the local national and international levels But what is community engagement Even if this interest is genuine and widespread there are many different concepts of community service outreach and engagement The wide range of activity encompassed by community engagement suggests that a precise definition of the community mission is difficult and organizing and coordinating such activities is a complex task This edited volume includes 18 chapters that explore conceptual understandings of community engagement and higher education reforms and initiatives intended to foster it Contributors provide empirical research findings including several case study examples that respond to the following higher education community engagement issues What is the community and what does it need and expect from higher education institutions Is community engagement a mission of all types of higher education institutions or should it be the mission of specific institutions such as regional or metropolitan universities technical universities community colleges or indigenous institutions while other institutions such as major research universities should concentrate on national and global research agendas and on educating internationally competent researchers and professionals How can a university be global and at the same time locally relevant Is it or should it be left to the institutions to determine the scope and mode of their community engagement or is a state mandate preferable and feasible If community engagement or community service are mandatory what are the consequences of not complying with the mandate How effective are policy mandates and university engagement for regional and local economic development What are the principal features and relationships of regionally engaged universities Is community engagement to be left to faculty members and students who are particularly socially engaged and locally embedded or is it or should it be made mandatory for both faculty and students How can community engagement be better integrated with the other two traditional

Assessing University Governance and Policies in Relation to the COVID-19 Pandemic Alaali, Mansoor A.,2021-09-10

In response to the COVID 19 pandemic universities around the globe have taken numerous extraordinary measures and implemented many changes to their strategic operational and academic activities Currently there is a transformation taking place from the emergency decision making in the early stages of the pandemic towards reflection and resolution on how the past months can shape governance and strategy Higher education institutions have been facing challenges with the alignment of their university governance for their strategic and operational plans Presently university leaders have prioritized risk management and financial management over all else Unfortunately due to these priorities university responses to the pandemic took the top down approach of management rejecting the shared governance structures and collegial practices of the institutions The pandemic has accelerated the openness to change by creating an emergency or steering response team led by university presidents and provosts with sub teams focusing on operations and other academic advisory groups working together to deal with the fast rising scenarios The consequence is a clear flow of information and strong communication across the institution which sequentially builds on mechanisms to respond to the secondary effects of the pandemic Moreover higher education institutions are continuously facing challenges with their strategic alignment of business objectives in order to have a diverse educational system in response to the pandemic

Assessing University Governance and Policies in Relation to the COVID 19 Pandemic presents the latest research and studies investigating information on university governance and adapting previous existing and proposed models for the current pandemic This book is comprised of chapters contributed by various leading international authors to discuss and analyze all aspects of university governance in relation to their impact on strategies in finance sustainability academic issues research faculty and students leadership campus employment and recruitments and more This is an essential text for university presidents strategic planning authorities in universities college deans and academic department chairpersons government authorities and policymakers researchers students and academicians

[Organizing Higher Education for Collaboration](#)

Kezar,Jaime Lester,2009-02-03

This book provides needed guidance and advice for how colleges and universities can reorganize to foster more collaborative work In a time of declining resources financial challenges changing demographics and staff overturn institutions are looking for ways to maximize their resources and still be effective This book is based on a study of campuses that have been successful in recreating their environments to support collaborative work

Organizational Theory in Higher Education Kathleen Manning, 2024-06-13 The third edition of *Organizational Theory in Higher Education* is a comprehensive and accessible treatment of organizational theory and higher education administration. Through her presentation of both traditional and contemporary organizational theories, noted scholar Kathleen Manning offers a multi-faceted take on the models and lenses through which higher education can be viewed. Chapters discuss the disciplinary foundation, uses, constructs, and assumptions of each organizational theory, including theories often excluded from the literature like organized anarchy, feminist, loosely coupled systems, and queer theory. Each chapter concludes with a case study and discussion questions that encourage the reader to make connections to their practice. Combining theory and practice, Manning's rich interdisciplinary treatment enables leaders to gain a fuller understanding of the perspectives that operate on college campuses and ways to enact inclusive ethical change in the context of new and continuing challenges. New to this Edition: A new chapter on Queer Theory that presents more socially just approaches to institutional organization; A new chapter on Loosely Coupled Systems presenting the application of this theory to higher education settings; Revised chapters updated theory and new coverage that reflect current issues such as pandemic crisis responses and social media; Several new and revised case studies to address contemporary issues and align with current realities of higher education; Updated and enhanced discussion questions to continue the conversation. **Trespasses**

Masao Miyoshi, 2010-04-07 *Trespasses* presents key writings of the cultural critic Masao Miyoshi, including eleven previously published selections and a major new essay in which he calls for a global environmental protection studies. The Art and Politics of Academic Governance Kenneth P. Mortimer, Colleen O'Brien Sathre, 2010-02-15 Using case studies and relevant literature, this book illustrates the challenges to legitimate shared governance domains when the routine of the academy is forced to deal with big issues often brought on by external forces. Mortimer and Sathre have gone beyond a discussion of faculty administrative behavior by focusing on what happens when the legitimate governance claims of faculty, trustees, and presidents clash. They place these relationships in the broader context of internal institutional governance and analyze the dynamics that unfold when advocacy trumps collegiality. The book closes with a defense of shared governance and offers observations and practical suggestions about how the academy can share authority effectively and further achieve its mission.

Learning Places Masao Miyoshi, Harry Harootunian, 2002-11-15 Examines the institutions and productions of area studies and explores what it takes to learn a place. The Business of Higher Education John C. Knapp Ph.D., David J.

Siegel, 2009-10-22 At a time of great economic uncertainty, *The Business of Higher Education* looks at the pros and cons of colleges and universities taking a more business-like approach to fulfilling their missions. How can colleges and universities navigate their way between shrinking commitments and the increasing expectations of their students? Does the answer lie in taking a more business-like approach? This extraordinary resource considers the costs and benefits to both public and private institutions and to society when academe embraces business models for improving cost efficiency, marketing, hiring practices,

and customer service Bringing together a diverse team of contributors from the academic and business worlds *The Business of Higher Education* offers 35 essays in three volumes The first volume explores issues of leadership and culture the second focuses on management and fiscal strategies and the third volume takes up issues of marketing and consumer interests Throughout the work balances the contrasting perspectives of those within the academy and those outside of it as it considers whether higher education and the public interest are ultimately helped or harmed by the application of business methods to essential academic functions *The Third Delight* Rui Yang, 2018-10-24 Globalization and internationalization are salient features of our times in significant modern and post modern social theories This study contributes to the literature and delineates a comprehensive picture of China's higher education internationalization with an analysis of its costs and benefits set in an international comparative perspective
