Opening a Restaurant Or Other Food Business Starter Kit Sharon L. Fullen, 2005 Book CD ROM Restaurants are one of the most frequently started small businesses yet have one of the highest failure rates A business plan precisely defines your business identifies your goals and serves as your firm's resume The basic components include a current and proforma balance sheet an income statement and a cash flow analysis It helps you allocate resources properly handle unforeseen complications and make good business decisions Because it provides specific and organized information about your company and how you will repay borrowed money a good business plan is a crucial part of any loan application Additionally it informs personnel suppliers and others about your operations and goals Despite the critical importance of a business plan many entrepreneurs drag their feet when it comes to preparing a written document They argue that their marketplace changes too fast for a business plan to be useful or that they just don't have enough time But just as a builder won't begin construction without a blueprint eager business owners shouldn't rush into new ventures without a business plan The CD ROM will cover the following subjects Elements of a Business Plan Cover sheet Statement of purpose The Business Description of The Restaurant Marketing Competition Operating procedures Personnel Business insurance Financial Data Loan applications Capital equipment and supply list Balance sheet Breakeven analysis Pro forma income projections profit loss statements Three year summary Detail by month first year Detail by quarters second and third years Assumptions upon which projections were based Pro forma cash flow Supporting Documents For franchised businesses a copy of franchise contract

and all supporting documents provided by the franchisor Copy of proposed lease or purchase agreement for building space Copy of licenses and other legal documents Copy of resumes of all principals Copies of letters of intent from suppliers etc A new study from The Ohio State University has found the restaurant industry failure rate between 1996 and 1999 to be between 57 61 percent over three years Don t be a statistic on the wrong side plan now for success with this new book and CD Rom package *QuickBooks 2010 Solutions Guide for Business Owners and Accountants* Laura Madeira,2009-12-11 This is the definitive must have QuickBooks 2010 reference for every business owner and accounting professional Not a beginner s guide this is a high productivity resource for solving the problems that intermediate to advanced QuickBooks users encounter most often Author Laura Madeira is well qualified to write this book she has 20 years experience training professionals on Intuit products and has been selected by Intuit to introduce its new releases to accountants and business entrepreneurs Here she offers real solutions for every QuickBooks accounting module helping you achieve their true goal for QuickBooks a clear up to date understanding of where the business stands and where it s headed Madeira s expert consulting advice covers data files banking A R undeposited funds employee advances inventory A P sales tax payroll reporting sharing data with accountants and much more Offers expert solutions processes and QuickBooks troubleshooting help users can t find in any other book Shows how to fix errors and problems wherever they occur from A R and A P to sales tax and payroll **QuickBooks 2009 Solutions Guide for Business Owners and Accountants** Laura Madeira,2008-12-22 QuickBooks 2009 Solutions Guide This is the definitive must have reference for every business owner entrepreneur accountant and bookkeeper who relies on QuickBooks 2009 Not a beginner s guide it s a high productivity resource for solving the problems that intermediate to advanced QuickBooks users encounter most often Author Laura Madeira is superbly qualified to write this book she has twenty years experience training professionals on Intuit products and has been selected by Intuit to introduce its new releases to accountants and entrepreneurs Here she offers real solutions for every QuickBooks accounting module helping readers achieve their true goal for QuickBooks a clear up to date understanding of where the business stands and where it s headed Thoroughly updated for QuickBooks 2009 this book brings together indispensable start to finish techniques for troubleshooting QuickBooks data files and fixing QuickBooks mistakes wherever they occur Drawing on her unsurpassed experience Madeira offers expert advice on every facet of QuickBooks accounting data files banking A R undeposited funds employee advances inventory A P sales tax payroll reporting sharing data with accountants and much more This book will help you Quickly set up accurate charts of accounts or improve existing ones Use QuickBooks reports to understand the most important trends in your business Correct data errors in any balance sheet account from A R and A P to taxes and inventory How to use the New for 2009 Client Data Review feature for accountants Properly review your payroll data and avoid expensive mistakes Efficiently share business data with your accountant Troubleshoot beginning balance differences reconciliation errors and many other problems Learn to use the
