

Restless Spirits

A dark, atmospheric illustration of a room. In the foreground, a table holds a lit candle in a holder, casting a warm glow. The background shows a window with a view of a night scene, possibly a city or a landscape with a building. The overall mood is mysterious and haunting.

Restless Spirits Ghost Stories By American Women 18721926:

Restless Spirits Catherine A. Lundie,1996 Twenty two ghost tales by known and unknown writers They range from Harriet Prescott Spofford s Her Story on a woman sent to a madhouse by an unloving husband to Charlotte Perkins Gilman s The Giant Wistaria written in defense of suicide **American Women's Regionalist Fiction** Monika Elbert,Rita Bode,2021-01-04 American Women s Regionalist Fiction Mapping the Gothic seeks to redress the monolithic vision of American Gothic by analyzing the various sectional or regional attempts to Gothicize what is most claustrophobic or peculiar about local history Since women writers were often relegated to inferior status it is especially compelling to look at women from the Gothic perspective The regionalist Gothic develops along the line of difference and not unity thus emphasizing regional peculiarities or a sense of superiority in terms of regional history natural landscapes immigrant customs folk tales or idiosyncratic ways The essays study the uncanny or the haunting quality of the commonplace as Hawthorne would have it in his introduction to The House of the Seven Gables in regionalist Gothic fiction by a wide range of women writers between ca 1850 and 1930 This collection seeks to examine how if the regionalist perspective is small limited and stultifying and leads to Gothic moments or whether the intersection between local and national leads to a clash that is jarring and Gothic in nature

The Spectralities Reader Maria del Pilar Blanco,Esther Peeren,2013-08-29 The Spectralities Reader is the first volume to collect the rich scholarship produced in the wake of the spectral turn of the early 1990s which saw ghosts and haunting conjured as compelling analytical and methodological tools across the humanities and social sciences Surveying the past twenty years from an interdisciplinary and cross cultural perspective the Reader displays the wide range of concerns spectrality in its diverse elaborations has been called upon to elucidate The disjunctions produced by globalization the ungraspable quality of modern media the convolutions of subject formation in terms of gender race and sexuality the elusiveness of spaces and places and the lingering presences and absences of memory and history have all been reconceived by way of the spectral A primer for the wide readership engaged with cultural interpretations of ghosts and haunting that go beyond the confines of the fictional and supernatural The Spectralities Reader includes twenty five groundbreaking texts by prominent contemporary thinkers from Jacques Derrida and Gayatri Spivak to Avery Gordon and Arjun Appadurai as well as a general introduction and six section introductions by the editors *Scare Tactics* Jeffrey Andrew Weinstock,2009-08-25 *Scare Tactics* identifies an important but overlooked tradition of supernatural writing by American women Jeffrey Weinstock analyzes this tradition as an essentially feminist attempt to imagine alternatives to a world of limited possibilities In the process he recovers the lives and works of authors who were important during their lifetimes and in the development of the American literary tradition but who are not recognized today for their contributions Between the end of the Civil War and roughly 1930 hundreds of uncanny tales were published by women in the periodical press and in books These include stories by familiar figures such as Edith Wharton Harriet Beecher Stowe and Charlotte Perkins Gilman as well as by authors almost

wholly unknown to twenty first century readers such as Josephine Dodge Bacon Alice Brown Emma Frances Dawson and Harriet Prescott Spofford Focusing on this tradition of female writing offers a corrective to the prevailing belief within American literary scholarship that the uncanny tale exemplified by the literary productions of Irving Poe and Hawthorne was displaced after the Civil War by literary realism Beyond the simple existence of an unacknowledged tradition of uncanny literature by women Scare Tactics makes a strong case that this body of literature should be read as a specifically feminist literary tradition Especially intriguing Weinstock demonstrates is that women authors repeatedly used Gothic conventions to express discontentment with circumscribed roles for women creating types of political intervention connected to the broader sphere of women s rights activism Paying attention to these overlooked authors helps us better understand not only the literary marketplace of their time but also more familiar American Gothicists from Edgar Allan Poe to Shirley Jackson to Stephen King

Spectral America Jeffrey Andrew Weinstock, 2004 From essays about the Salem witch trials to literary uses of ghosts by Twain Wharton and Bierce to the cinematic blockbuster The Sixth Sense this book is the first to survey the importance of ghosts and hauntings in American culture across time From the Puritans conviction that a thousand preternatural beings appear every day before our eyes to today s resurgence of spirits in fiction and film the culture of the United States has been obsessed with ghosts In each generation these phantoms in popular culture reflect human anxieties about religion science politics and social issues Spectral America asserts that ghosts whether in oral tradition literature or such modern forms as cinema have always been constructions embedded in specific historical contexts and invoked for explicit purposes often political in nature The essays address the role of spectral evidence during the Salem witch trials the Puritan belief in good spirits the convergence of American Spiritualism and technological development in the nineteenth century the use of the supernatural as a tool of political critique in twentieth century magic realism and the ghosting of persons living with AIDS They also discuss ghostly themes in the work of Ambrose Bierce Edith Wharton Gloria Naylor and Stephen King
