**The Culture of Equity in Restoration and Eighteenth-Century Britain and America** Mark Fortier, 2016-03-16 Drawing on politics religion law literature and philosophy this interdisciplinary study is a sequel to Mark Fortier's book *The Culture of Equity in Early Modern England* Ashgate 2006 The earlier volume traced the meanings and usage of equity in broad cultural terms including but not limited to law to position equity as a keyword of valuation persuasion and understanding the present volume carries that work through the Restoration and eighteenth century in Britain and America Fortier argues that equity continued to be a keyword used and contested in many of the major social and political events of the period Further he argues that equity needs to be seen in this period largely outside the Aristotelian parameters that have generally been assumed in scholarship on equity

**Law and the Restoration** Nathan B. Oman, 2024-08-20 *Law and the Restoration* Law and Latter day Saint Thought and Scripture is a comprehensive exploration of the intricate relationship between legal principles and the doctrines of The Church of Jesus Christ of Latter day Saints Author Nathan B Oman delves into the profound ways in which Mormon theology intersects with legal concepts offering readers a detailed analysis of church doctrines their authority and their implications for members daily lives In doing so Oman addresses foundational questions about the nature of church authority the role of personal judgment and the dynamic interplay between divine law and secular legal systems The book is not just an academic treatise but a thoughtful discourse aimed at elucidating how Mormons navigate complex moral and legal landscapes in their quest to reconcile faith with modern societal norms Each chapter in *Law and Latter day Saint Thought and Scripture* serves as a deep dive into specific aspects of Mormon doctrine and its legal ramifications From the examination of Nephi's actions in the Book of Mormon to the contemporary debates surrounding same sex marriage and civil disobedience Oman provides a balanced and respectful analysis that seeks to understand rather than critique This book is an invaluable resource for

Goeglein, Craig Osten, 2019-07-02 THIS IS NO TIME TO RUN AND HIDE America seems to be crumbling from within Having abandoned the Judeo Christian values that are the foundation of its culture our nation in the eyes of many is going the way of the great civilizations of the past If our 250 year experiment in ordered liberty has really run its course is it time to recognize the inevitable pack up our families and head for the hills hunkering down through the dark days to come Or is there hope for an American restoration Tim Goeglein and Craig Osten battle hardened veterans of the culture wars know as well as anyone that the decadence is undeniable But they make the case that an American restoration is not only possible but probable if we act now The key is for Christians to engage with the culture not flee from it to be the salt and light that will renew it from within That engagement must take place especially at the local level where real spiritual and cultural transformation occurs If America returns to its spiritual foundations the tumultuous times we live in will be nothing more than a bumpy detour in our nation s history This book is a roadmap for the way back In this clear eyed but hopeful guide to restoration Goeglein and Osten explain how patriotic Americans with God s help can renew fifteen critical components of our culture Government will not provide the solutions we desperately need The solutions lie in our churches our communities and our homes The light for our path is faith As that light pierces the darkness America will experience a reawakening regeneration and renewal      Common Sense: How to Restore America Craig Bowden, 2012-06-26 We have come to a crossroads in America What can we do as patriots to help bring about the changes we know this country needs This book will help serve as a guide as we change the way our government does its business and hopefully will shine a light of common sense in the American Republic      **To Restore American Democracy** Robert E. Calvert, 2006 At a time when democracy in America suffers from a profound sense of cynicism lack of trust and disengagement especially among young adults this book is a much needed antidote Here are original essays by some of the most distinguished and insightful political thinkers of our time No armchair observers they have advised presidents been public servants testified before Congress helped other countries draft constitutions worked as journalists and won teaching awards They participate ardently in the polity and civil society they write about here The main focus of the essays is what role universities might be able to play in reviving a sense of citizenship and civic responsibility in our society They represent different perspectives and differing opinions making this a rich stimulus for discussion and action At stake is nothing less than the future strength of democracy in the United States      Protecting and Restoring America's Great Waters: The Long Island Sound United States. Congress. House. Committee on Transportation and Infrastructure. **Those American R's. Rule, Ruin, Restoration** Charles Oscar Beasley,2024-05-30 Reprint of the original first published in 1882      **The New Nationalism--How The Next Great American Debate Will Restore Our Country By Recasting Our Politics** Harlan M. C. Field,2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America s greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America s great tradition for its future generations As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U W e no longer can even remember what makes a group of people into a nation A common culture a

common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery     The Religious Freedom Restoration Act United States.
