*Resurrection and Moral Order* Oliver O'Donovan, 2020-05-21 In this truly seminal work the Regius Professor of Moral and Pastoral Theology at Oxford University illuminates the distinctive nature of Christian ethics with profound thought and massive learning By grounding Christian ethics in the resurrection of Jesus Christ he avoids both a revealed ethics that has no contact with the created order and one that is purely naturalistic For this second edition Professor O'Donovan has added a prologue in which he enters into dialogue with John Finnis Martin Honecker Karl Barth and Stanley Hauerwas Essential reading for advanced students of theology and ethics and their teachers

**Resurrection and Moral Order** Oliver O'Donovan, 1986 In this revision of a seminal work O'Donovan describes the shape of a Christian moral theology which has wide implications for creation history knowledge freedom and authority his purpose being to outline a system of theological ethics and to describe the nature of the moral response within redeemed creation acts of surrender obedience and love

**Resurrection and Moral Order** Oliver O'Donovan, 1986 In this revision of a seminal work O'Donovan describes the shape of a Christian moral theology which has wide implications for creation history knowledge freedom and authority his purpose being to outline a

system of theological ethics and to describe the nature of the moral response within redeemed creation acts of surrender obedience and love      *The Transformation of Persons and the Concept of Moral Order* Bruce D. Baker, St. Mary's College (Scotland), 2010      **The Reign of God** Jonathan Cole, 2022-07-28 The Reign of God constitutes the first detailed and systematic critical engagement with Oliver O'Donovan's political theology. It argues that O'Donovan's theological account of political authority is not tenable on the basis of exegetical and methodological problems. The book goes on to demonstrate a way to refine O'Donovan's theology of political authority by incorporating insights from his earlier work in moral theology. This can provide a cogent basis for thinking that the Christ event redeems the natural political authority embedded in the created order and inaugurates its new historical *bene esse* in the form of Christian liberalism      **The Pastor as Public Theologian** Kevin J. Vanhoozer, Owen Strachan, 2015-08-11 Top Ministry Book of 2015 The Gospel Coalition TGC Editors Picks Many pastors today see themselves primarily as counselors, leaders, and motivators. Yet this often comes at the expense of the fundamental reality of the pastorate as a theological office. The most important role is to be a theologian mediating God to the people. The church needs pastors who can contextualize biblical wisdom in Christian living to help their congregations think theologically about all aspects of their lives, such as work, end-of-life decisions, political involvement, and entertainment choices. Drawing on the Bible, key figures from church history, and Christian theology, this book offers a clarion call for pastors to serve as public theologians in their congregations and communities. It is designed to be engaging reading for busy pastors and includes pastoral reflections on the theological task from twelve working pastors, including Kevin DeYoung and Cornelius Plantinga      Ex Auditu - Volume 09 Klyne Snodgrass, 2004-06-23 *Ex Auditu* began as the journal incorporating the papers of the Fredrick Neumann Symposium of Princeton Theological Seminary. After the first four volumes, the journal began publishing the papers from the North Park Symposium on the Theological Interpretation of Scripture. The intent from the first has been to provide a forum for doing interdisciplinary theology from a biblical perspective for the benefit of the Church. Each annual publication focuses on a topic crucial to the life of today's Church. Additionally, each issue contains an annotated bibliography and a sermon, which makes it a practical guide for pastors. *A Charismatic Model of the Church* David Y.T. Lee, 2018-06-11 Edward Irving 1792 1834 has been known as a controversial pastor theologian in nineteenth century Britain particularly given his belief that Christ took on sinful flesh in His incarnation This book focuses on Irving s teaching of the church as the body of Christ in the power of the Holy Spirit and the eschatological community in holiness It explores Irving s emphasis upon the exalted humanity of Christ after His resurrection in relation to the church Such a Christ centred and Spirit empowered concept of the church has relevance to the twenty first century church in China as the Chinese church leaders attempt to reconstruct a contemporary theology of the church

*Divine Action in Hebrews* Zondervan, 2023-11-07 Recent years have seen renewed interest in divine action but much of the literature tends to focus on the science theology discussion Resulting from multi year work of the Scripture and Doctrine Seminar part of KLC s Scripture Collective this book attends to the portrayal of divine action in one major biblical text namely Hebrews In the New Testament Hebrews is on par with Romans in terms of importance but has too often been overlooked Contributors to this volume explore the many different ways in which divine action is foregrounded and portrayed in Hebrews As its name indicates Hebrews overflows with Old Testament intertextuality which also makes it a fertile ground for analysis of divine action stretching back into the Old Testament and opening out into different parts of the NT The essays in this volume rigorously work the interface of theology and exegesis all related to Hebrews offer an overview of the current state of discussion of divine action and the importance of exploring divine action in specific biblical texts with special reference to William Abraham s recent 4 volume work with OUP provide an overview of the reception history of Hebrews in theologies of divine action explore how this has played out in historical theology and what a retrieval of Hebrews for a theology of divine action might mean today explore the relationship between the doctrine of God and divine action in Hebrews including an engagement with classical theism provocatively explore divine action in the OT creation and eschatology in Hebrews explore the major theme in Hebrews of divine action through the ongoing priesthood of Jesus as portrayed in Hebrews relate this all to preaching Hebrews today and to spiritual formation The book s conclusion reflects on the primary action of God speaking in Hebrews

*Colossians & Philemon* Allan R Bevere, 2016-07-13 Christology and ethics Is it possible for letters written in the first century to still impact people living in the 21st century Dr Allan Bevere pastor and professor husband and grandfather believes Pauls words are not only relevant to our century but timely to the world we are currently struggling to live and influence while still being known as aliens The Christians in Colossae are encouraged to look heavenward not to

escape this world but rather to put this world in heavenly context to seek the things above is not an escape from earthly realities but rather the things above puts earthly things in their divine context Dr Allan Bevere *Contours of the Kuyperian Tradition* Craig G. Bartholomew, 2017-03-21 Abraham Kuyper was a remarkable figure in the modern age pastor theologian politician journalist and educator His writings launched what is known as Dutch neo Calvinism Widely known but little read Kuyper is now receiving the global recognition that his influential thought deserves in this introduction by Craig Bartholomew *Natural Law: Five Views* Zondervan, 2025-05-27 The story of natural law the idea that God has written a law on the human heart so that ethical norms derive from human nature in twentieth century Protestant ethics is one of rejection and resurgence For half a century luminaries like Karl Barth Carl F H Henry and Cornelius Van Til cast a shadow over natural law moral reflection because of its putative link to natural theology autonomous reason associations with Catholic theology and ethical witness devoid of special revelation However over the past twenty years Protestant theologians have renewed their interest in the subject often animated by debates on Christian involvement in the public arena and on matters of life death and gender and sexuality Much of this engagement has happened within Reformed circles and has largely been conducted without reference to Roman Catholic construals of the natural law Conversely Catholic developments in natural law thinking have paid little attention to the surge of interest on the Protestant side As a result Protestant and Catholic natural proponents and even those skeptical of the natural law are not in conversation with one another The lack of dialog between the various schools of natural law has left a historic tradition within Christian moral thought underdeveloped in contemporary Protestant theology By bringing together a variety of perspectives in much needed conversation this book helps readers to understand the various construals of natural law within the broader strands of Christian and classical traditions and clarifies its unique importance for Christian moral witness in a secular culture The contributors address the following questions What is natural law Can moral norms be derived from immanent creaturely ends If so how specific or action guiding can those norms be How extensive might these moral norms be How does natural law endure despite Christian insistence on the noetic epistemological effects of sin What is the relationship between Christian reflection on natural law and the broader classical tradition s understanding of natural law How do Catholic and Protestant construals of natural law differ What is the relationship between faith and reason What s the relationship between human nature and natural law Does natural law mean secular moral reasons Or is natural law merely religious belief disguised as public reason How does natural law relate to public reason Does the affirmation of a natural law lead to a natural theology Or are these distinct What is the relationship between natural law and the laws of nature Five views Classical Natural Law Michael Pakaluk New Natural Law Melissa Moschella Reformed Natural Law W Bradford Littlejohn Lutheran Natural Law Joel D Bierman Anti Natural Law Peter J Leithart [Kierkegaard and the Changelessness of God](#) Craig A. Hefner, 2023-08-22 Living what he perceived to be a culturally lukewarm Christianity S ren Kierkegaard was often critical of his contemporary

church This volume explores his reading of Scripture and theology to argue not only that he was a modern defender of the doctrine of divine immutability but that his theology can be a surprising resource today Meaningful Care J. Stolk, Theo A. Boer, R. Seldenrijk, 2013-03-14 It is crucial for the quality of care of people with mental retardation that care providers experience their work as meaningful A complexity however is the fact that this care is divided amongst a range of professions This book addresses issues of meaning meaning of care and meaning of life from all the different professional perspectives involved Such a multidisciplinary approach is unique and has never before been followed The book contains the results of a series of interviews in which parents of people with mental retardation were asked what they conceive to be meaningful care The results are placed in relation to experiences and conceptions of professional caregivers Moreover the study analyzes the cultural philosophical and theological significance of the concept meaningful care Finally the book explores the relevance of this concept for practical professions such as medical care social work educational psychology pedagogic counseling and pastoral care Scholarly depth is combined with experiential knowledge of professional practice Hence this book is an outstanding source of reflection for all those who work professionally with people with mental retardation Respecting Life Neil Messer, 2013-01-25 Bioethical issues are rarely out of view in Western societies New developments in areas such as human embryology continually raise new ethical questions while more familiar issues frequently reappear in public debate These are issues of central concern for Christians and for a wider public because they raise questions about the value of life the meaning of suffering and death and humanity's place in the natural world Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O'Donovan Analyzing such key texts as Resurrection and Moral Order The Desire of the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O'Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O'Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O'Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O'Donovan's influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O'Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O'Donovan's proposals may be appropriated and amended as a resource for theology and ethics going forward Covenant Theology Guy Prentiss Waters, J. Nicholas Reid, John R. Muether, 2020-10-16 A Comprehensive Exploration of the Biblical Covenants This book forms

an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their understanding of the joy of covenant life
