European Retail Research Peter Schnedlitz, Dirk Morschett, Thomas Rudolph, Hanna Schramm-Klein, Bernhard Swoboda, 2010-09-08 The aim of EUROPEAN RETAIL RESEARCH is to publish interesting manuscripts of high quality and innovativeness with a focus on retail researchers retail lecturers retail students and retail executives As it has always been retail executives are part of the target group and the knowledge transfer between retail research and retail management remains a part of the publication s concept

Global Strategies in Retailing John Dawson, Masao Mukoyama, 2013-10-08 Large and medium sized retailers have increased their international operations substantially over the last 25 years This is evident in the number of countries to which these retailers expand the growing international sales of retailers and the heightening of the level of commitment of retailers to their international activity a trend that is likely to continue over the next decade as general globalization in the service industries increases The managerial implications of the moves to become global are considerable Different retailers are pursuing different approaches to varying degrees of success and are no longer simply multi national but are also multi continental Consequently existing concepts and theories of international business fit uneasily in explanations of international retailing so new corporate strategies need to be explored Featuring in depth studies of seven retailers by international scholars from Japan the UK and Sweden Global Strategies in Retailing explores recent developments in strategy that are related to international retailing and in particular the emergence of a Global Portfolio Strategy As such this book will be important reading for all international

business and retailing students and academics researching in these areas **Marketing Strategy** Mark E. Hill, 2012-04-27

Marketing Strategy The Thinking Involved is an innovative text that holds that marketing thinking leads to effective marketing strategy. It goes beyond simply introducing students to concepts and theories in the field by providing them with tools and methods to develop marketing thinking and questioning skills that will help them apply the concepts to real life marketing strategy issues. As the chapters progress the questions develop towards higher levels and more specialized inquiry helping students acquire the skills needed in the practice of marketing. The book contains a wealth of pedagogy to support this active learning approach *Pop-Up Retail* Ghalia Boustani, 2021-05-13

Ephemeral stores also known as pop up stores have existed since the beginning of trade between consumers. They appeared in city centres villages or other convenient places where they proposed an offering and then disappeared as soon as its offering was wearied. This is a very similar experience to the current phenomenon ephemeral stores appear unannounced and disappear without notice or can morph into something else. Brands adopt these stores because of the array of benefits they present and their characterizing features. Consumers on the other hand are not only positively reactive to ephemeral stores they actively demand these novel engaging satisfying or beneficial stores more than ever as they provide them with constant change and surprise. Focusing on ephemeral retailing this book aims to provide a clear understanding of what it is how it developed and why it gained importance in today's busy retail scene. As many brands are adopting ephemeral stores into their distribution channels or using them as unique touchpoints this book proposes a categorization of ephemeral retailing explaining different ephemeral store vocations based on different brand strategies and objectives. With many professional opinions about ephemeral stores and a body of academic research developing this book aims to combine all knowledge about the topic into one concise publication. It clarifies consolidates and creates a clear understanding about the topic of ephemeral retailing that will inform future research and activity. The book is written for academics students and retail professionals with an interest in relevant fields such as retail marketing and management brand management and distribution *Transformations of Retailing in Europe after 1945* Lydia Langer, 2016-02-17

After World War II structures practices and the culture of retailing in most West European countries went through a period of rapid change. The post war economic boom the emergence of a mass consumer society and the adaptation of innovations which already had been implemented in the USA during the interwar period revolutionized the world of getting and spending. But the implementation of self service and the supermarket the spread of the department store and the mail order business were not only elements of a transatlantic catch up process of Americanization of retailing. National patterns of the retail trade and specific cultures of consumption remained crucial and long term processes of change starting in the 1920s or 1930s also had an impact on the transformation of retailing in post war Europe. This volume presents a series of case studies looking at transformations of retailing in several European countries offering new insights into the structural preconditions of the emerging mass consumer societies and also into the
