Rethinking Children's Care

**New York (N.Y.). Administration for
Children's Services**

Rethinking Children's Care:

Rethinking Residential Child Care Mark Smith, 2009-02-25 The book provides a broad and critical look at policy and practice in residential child care and the ideas that have shaped the development of the sector *Rethinking Children's Care* Julia Brannen, Peter Moss, 2003 the book successfully presents clear and convincing arguments about the need to re-direct childhood studies and children's care towards an appreciation of children and care by providing a careful and very thorough examination of care theory policy practice and research Network Children's care in the 21st century is increasingly a public issue as well as parents' private concern A limited vision of children as the responsibility of mothers held sway in Britain long after mothers joined the workforce Formal childcare is now growing but in the context of care work continuing to be low qualified and low status A dearth of care looms large as Britain rapidly turns into an overworked society This critically orientated book draws on a range of key empirical studies carried out in a variety of care contexts It examines care from the perspectives of children parents and care workers It also takes an historical perspective The discussion is situated in an analysis of economic social and political change from modernity to late modernity It focuses on four key issues the conceptualisation of care how care translates its public policy the nature of the care relationship how care might be transformed in the future *Rethinking Children's Care* will be of interest to students of childhood studies the sociology of childhood and child welfare It is also directly relevant to policy makers trainers and researchers as well as practitioners involved in children's care

America's Child-Care Crisis Sarah Taylor Vanover, 2021-05 The child care industry essential

to American families and to the American economy is at risk of complete collapse Before COVID 19 struck the child care industry faced funding issues and staffing dilemmas while families struggled to find or simply afford quality child care The reality is that COVID 19 has only exacerbated the challenges of the already fragile child care ecosystem America's Child Care Crisis takes a hard look at the current state of the industry and explores how to save this critical service by Identifying the systemic changes needed Altering public opinion of the field Securing state and federal dollars for the private sector Prioritizing the growth of family child care homes Educating parents on quality care and helping them access it Obtaining business support Child care is a system that is too critical to fail we cannot survive without it Together we can reimagine the child care industry for all Americans whose livelihoods depend on it *Rethinking Children and Families* Nick

Frost,2011-03-17 *Rethinking Children's Rights* Phil Jones,Sue Welch,2018-02-22 *Rethinking Children's Rights* explores attitudes towards and experiences of children's rights Phil Jones and Sue Welch draw on a wide range of thought research and practice from different fields and countries to debate challenge and re appraise long held beliefs attitudes and ways of working and living with children This second edition contains updated references to legislation and research underpinning children's rights reflecting on recent scholarship and on the current world context New research and examples are discussed around online protection and privacy evaluating UK progress and the children's rights review by the United Nations recent insights on the implementation of the United Nations Convention on the Rights of the Child UNCRC new debates about the construction and development of children's rights new debates about the relationships between social exclusion and children's rights Recent developments in the definition of rights are considered from a variety of perspectives and in relation to different arenas of children's lives This second edition brings an increased focus on exploring the notion of disjunction between the rhetoric of policy and legislation and the enacted and perceived experiences of children's rights Themes discussed include power relations between adults and children the child's voice intercultural perspectives social justice gender and disability Examples of research activities interviews with researchers and guidance on further reading make this an essential text for those studying childhood **Rethinking Attachment for Early Childhood Practice** Sharne A

Rolfe,2020-08-05 Sharne Rolfe brings an excellent discussion of attachment principles research and applications to an exceedingly important topic the relationships between child care teachers providers and young children It is a important resource for the current and next generation of early childhood professionals and researchers and it will be a key resource for the growing international discussion about child care teacher provider and child relationships Helen H Raikes PhD The Gallup Organization and Society for Research in Child Development Consultant Administration for Children and Families USA a timely synthesis of current knowledge concerning attachment and its implications for contemporary practice highly relevant for use in college and university early childhood programs and a valuable resource for directors and staff in children's services Alan Hayes Professor of Early Childhood Studies Macquarie University particularly valuable in highlighting the

crucial importance of taking a relationship based approach when working with young children Pam Linke Manager Centre for Parenting Child and Youth Health South Australia This accessible and lively exploration of the importance of attachment for infants young children and their parents should be essential reading for all professional caregivers and for policy makers concerned with the mental health and well being of our future generation Ruth Schmidt Neven Director Centre for Child and Family Development In heated debates about whether childcare damages young children attachment theory has been seen as anti childcare Rolfe rethinks this perception demonstrating instead that understanding attachment is essential to good childcare practice Rethinking Attachment offers a thorough explanation of attachment theory and explains how security autonomy and resilience in young children can be promoted in childcare settings through a sound understanding of attachment principles With examples drawn from practice Rolfe examines the relationships between children and their carers between parents and carers and between carers themselves She also shows how secure attachment relationships with parents and carers influence transitions to childcare preschool and school

Rethinking Orphanages for the 21st Century Richard B. McKenzie,1999 This volume reviews the policy reforms necessary in the United States for children s homes to become reliable solutions for many of the nation s disadvantaged and abused children The contributors explore a variety of topics including judicial issues child maltreatment the history of children s homes regulation and funding and solutions for reform

The Reform of Child Care Law John Eekelaar,Robert Dingwall,2013-07-23 Children Act 1989 introduced the most radical changes to child care law for a generation Eekelaar and Dingwall provide a concise practical guide to the legislation for all professionals practising in this area

Rethinking Child Care New York (N.Y.). Administration for Children's Services,2005

Working Together in Children's Services , Beyond Quality in Early Childhood Education and Care Gunilla Dahlberg,Peter Moss,Alan R. Pence,1999 Working with postmodern ideas Beyond Quality in Early Childhood Education and Care challenges received wisdom and the tendency to reduce philosophical issues of value to purely technical issues of measurement and management In its place it offers alternative ways of understanding early childhood early childhood institutions and pedagogical work It gives full consideration to the importance of social construction and meaning making and to documentation and dialogue The book places issues of early childhood into a global context and relates them to writers from many fields Drawing on work with aboriginal peoples in Canada on the experience of Reggio Emilia in Italy and on a project in Stockholm inspired by Reggio the book considers the implications of these alternative ways of understanding for practice and a reconceptualization of early childhood education and care

Exploring childhood in a comparative context Mabel Ann Brown,Jon White,2013-09-05 Exploring Childhood in a Comparative Context meets an increasing need for students focusing on early childhood to be familiar with alternative practices in other countries Providing a ready made source of information about a wide range of countries including Finland the Netherlands the United States New Zealand Japan South Africa and many more the book clearly describes the way each country understands and

conceptualises childhood Each chapter includes contextual information about the country an introduction to the theory that has shaped practice and describes the curriculum for pre school and primary education Including vignettes from practitioners working in each country to illustrate practice the chapters explore key themes such as Child development Parental involvement Teaching and learning Professionalism Assessment Pupil experience Accessibly written and including opportunities for reflection this timely new book will give students a valuable insight into alternative education systems that is essential if they are to become practitioners with a current and global approach **What is Social Work?** Nigel Horner,2018-11-20 Following the lives of four fictional time travelling characters it examines the changing functions of social work by unpicking the changing social and political responses to their needs From its historical roots to the modern and fast moving profession it has become this book looks in detail at how social work has evolved as a profession what social work looks like in recent years and where it is heading There are key chapters on working with different service user groups including vulnerable adults children and families and those with learning difficulties or having to live with mental distress There are also chapters that cover social work as a profession including current services practices themes and debates

Managing Residential Childcare R. Whipp,I. Kirkpatrick,M. Kitchener,2004-11-12 This book explores the management of children s services in local authorities across England and Wales It examines residential childcare from a management and organizational perspective for the first time The volume evaluates how social services manage residential units and offers alternative solutions The book will interest academics practitioners and policy makers who work in the public sector as well as their counterparts from outside who are concerned with the issues of control implementation professionals and markets

An Introduction to Early Childhood Studies Trisha Maynard,Nigel Thomas,2004-10-18 An Introduction to Early Childhood Studies is a comprehensive text that has been designed to provide students with an introduction to the main theories and issues within the field of early childhood studies The book adopts a multi disciplinary approach and pulls together all the key themes involved in the study of young children and childhood Written by a team of leading academics and practitioners this is a lively and engaging text that will be a core text for all those involved in the study of childhood

Residential Child Care in Practice Smith, Mark,Fulcher, Leon,Peter Doran,2013-02-13 This highly practical book written by experienced practitioners and academics is a core text about the practice of residential childcare where workers and children share a common lifespace Making Sense of Every Child Matters Richard Barker,2009 This much needed book examines the implications of the Every Child Matters ECM national and local framework for working with children It analyses the key issues from the perspective of the different professions that make up the new children s workforce and explores interprofessional considerations Offering a clear guide to the implications of Every Child Matters for practice this book will be widely welcomed by tutors and practitioners alike enabling readers to make sense of the legislation and national guidance and to understand better the new agendas for children s services BOOK JACKET Meeting the Needs of Children in

Substitute Care Arabella Weyts, 2005 This study sets out to scrutinize to what extent the needs of children in four different European regions are similar
