*Rethinking Social Realism* Stacy I. Morgan, 2004 The social realist movement with its focus on proletarian themes and its strong ties to New Deal programs and leftist politics has long been considered a depression era phenomenon that ended with the start of World War II This study explores how and why African American writers and visual artists sustained an engagement with the themes and aesthetics of social realism into the early cold war era far longer than a majority of their white counterparts Stacy I Morgan recalls the social realist atmosphere in which certain African American artists and writers were immersed and shows how black social realism served alternately to question the existing order instill race pride and build interracial working class coalitions Morgan discusses among others such figures as Charles White John Wilson Frank Marshall Davis Willard Motley Langston Hughes Sterling Brown Elizabeth Catlett and Hale Woodruff *African American Literature in Transition, 1930-1940: Volume 10* Eve Dunbar, Ayesha K. Hardison, 2022-04-07 The volume explores 1930s African American writing to examine Black life culture and politics to document the ways Black artists and everyday people managed the Great Depression's economic impact on the creative and the social Essays engage iconic figures such as Sterling Brown Langston Hughes Zora Neale Hurston Dorothy West and Richard Wright as well as understudied writers such as Arna Bontemps and Marita Bonner Henry Lee Moon and Roi Ottley This book demonstrates the significance of the New Deal's Works Progress Administration WPA the Communist Party of the United States CPUSA and Black literary circles in the absence of white patronage By featuring novels poetry short fiction and drama alongside guidebooks photographs and print culture *African American Literature in Transition 1930 1940* provides evidence of the literary culture created by Black writers and readers during a period of economic precarity expanded activism for social justice and urgent internationalism

**Writings of Frank Marshall Davis** Frank Marshall Davis, 2009-09-09 Frank Marshall Davis 1905 1987 was a central figure in the black press working as reporter and editor for the Atlanta World the Associated Negro Press the Chicago Star and the Honolulu Record *Writings of Frank Marshall Davis* presents a selection of Davis's nonfiction providing an unprecedented insight into one journalist's ability to reset the terms of public conversation and frame the news to open up debate among African Americans and all Americans During the middle of the twentieth century Davis set forth a radical vision that challenged the status quo His commentary on race relations music literature and American culture was precise impassioned and engaged At the height of World War II Davis boldly questioned the nature of America's potential postwar relations and what they meant for African Americans and the nation His work challenged the usefulness of race as a social construct and he eventually disavowed the idea of race altogether Throughout his career he championed the struggles of African Americans for equal rights and laboring people seeking fair wages and other benefits In his reviews on music he argued that blues and jazz were responses to social conditions and served as weapons of racial integration His book reviews complemented his radical vision by commenting on how literature reshapes one's understanding of the world Even his travel

writings on Hawaii called for cultural pluralism and tolerance for racial and economic difference Writings of Frank Marshall Davis reveals a writer in touch with the most salient issues defining his era and his desire to insert them into the public sphere John Edgar Tidwell provides an introduction and contextual notes on each major subject area Davis explored John Edgar Tidwell is an associate professor of English at the University of Kansas He edited Frank Marshall Davis's *Living the Blues: Memoirs of a Black Journalist and Poet* and his *Black Moods: Collected Poems* [African American Artists and the New Deal Art Programs](#) Mary Ann Calo, 2023-03-20 This book examines the involvement of African American artists in the New Deal art programs of the 1930s Emphasizing broader issues informed by the uniqueness of Black experience rather than individual artists' works Mary Ann Calo makes the case that the revolutionary vision of these federal art projects is best understood in the context of access to opportunity mediated by the reality of racial segregation Focusing primarily on the Federal Art Project (FAP) of the Works Progress Administration (WPA) Calo documents African American artists' participation in community art centers in Harlem in St. Louis and throughout the South She examines the internal workings of the Harlem Artists Guild, the Guild's activities during the 1930s and its alliances with other groups such as the Artists Union and the National Negro Congress Calo also explores African American artists' representation in the exhibitions sponsored by WPA administrators and the critical reception of their work In doing so she elucidates the evolving meanings of the terms race, culture, and community in the interwar era The book concludes with an essay by Jacqueline Francis on Black artists in the early 1940s after the end of the FAP program Presenting essential new archival information and important insights into the experiences of Black New Deal artists, this study expands the factual record and positions the cumulative evidence within the landscape of critical race studies It will be welcomed by art historians and American studies scholars specializing in early twentieth-century race relations *A History of the Modernist Novel* Gregory Castle, 2015-06-25 A History of the Modernist Novel reassesses the modernist canon and produces a wealth of new comparative analyses that radically revise the novel's history Drawing on American, English, Irish, Russian, French, and German traditions, leading scholars challenge existing attitudes about realism and modernism and draw new attention to everyday life and everyday objects In addition to its exploration of new forms such as the modernist genre novel and experimental historical novel, this book considers the novel in postcolonial, transnational, and cosmopolitan contexts A History of the Modernist Novel also considers the novel's global reach while suggesting that the epoch of modernism is not yet finished **The Color of Christ** Edward J. Blum, Paul Harvey, 2012-09-21 How is it that in America the image of Jesus Christ has been used both to justify the atrocities of white supremacy and to inspire the righteousness of civil rights crusades In *The Color of Christ* Edward J. Blum and Paul Harvey weave a tapestry of American dreams and visions from witch hunts to web pages, Harlem to Hollywood, slave cabins to South Park, Mormon revelations to Indian reservations to show how Americans remade the Son of God, visually, time and again into a sacred symbol of their greatest aspirations, deepest terrors, and mightiest strivings for racial power and justice *The Color of*

Christ uncovers how in a country founded by Puritans who destroyed depictions of Jesus Americans came to believe in the whiteness of Christ Some envisioned a white Christ who would sanctify the exploitation of Native Americans and African Americans and bless imperial expansion Many others gazed at a messiah not necessarily white who was willing and able to confront white supremacy The color of Christ still symbolizes America s most combustible divisions revealing the power and malleability of race and religion from colonial times to the presidency of Barack Obama

Murphy, 2025-10-28 A vibrant and insightful account of the diverse artists and activists who made up the New Deal art programs and the influential legacy of the artwork they left behind What role should the arts play in a democracy At the height of the Great Depression President Franklin D Roosevelt s New Deal turned crisis into opportunity Through unprecedented federal funding for the arts the New Deal launched the careers of artists such as Philip Guston Dorothea Lange Jacob Lawrence Alice Neel Jackson Pollock and Mark Rothko They belonged to the era s bold vision of cultural democracy art by the people for the people Brimming with vivid images and stories New Deal Art offers a dynamic survey of this transformative period The book highlights a diverse generation of artists who challenged dominant narratives of American history and identity Through state sponsored murals paintings sculptures photographs prints and posters these artists redefined the role of art in society They formed the first Artists Union and fought fascism through collective action They reimagined art as a public good rather than a private luxury New Deal Art confronts issues relevant today freedom and censorship race and representation art and activism politics and propaganda In an era of dwindling public arts funding the New Deal s goal of broadening access to art and culture remains as urgent as ever

*Love's Next Meeting* Aaron Lecklider, 2023-05-02 How queerness and radical politics intersected earlier than you thought Well before Stonewall a broad cross section of sexual dissidents took advantage of their space on the margins of American society to throw themselves into leftist campaigns Sensitive already to sexual marginalization they also saw how class inequality was exacerbated by the Great Depression witnessing the terrible bread lines and bread riots of the era They participated in radical labor organizing sympathized like many with the early prewar Soviet Union contributed to the Republicans in the Spanish Civil War opposed US police and state harassment fought racial discrimination and aligned themselves with the dispossessed Whether they were themselves straight gay or otherwise queer they brought sexual dissidence and radicalism into conversation at the height of the Left s influence on American culture Combining rich archival research with inventive analysis of art and literature Love s Next Meeting explores the relationship between homosexuality and the Left in American culture between 1920 and 1960 Aaron S Lecklider uncovers a lively cast of individuals and dynamic expressive works revealing remarkably progressive engagement with homosexuality among radicals workers and the poor

Leftists connected sexual dissidence with radical gender politics antiracism and challenges to censorship and obscenity laws through the 1920s and 1930s In the process a wide array of activists organizers artists and writers laid the foundation for a radical movement through which homosexual lives and experiences were given shape and new political identities were forged Love's Next Meeting cuts to the heart of some of the biggest questions in American history questions about socialism about sexuality about the supposed clash still making headlines today between leftist politics and identity politics What emerges is a dramatic sexually vibrant story of the shared struggles for liberation across the twentieth century *American Night* Alan M. Wald, 2012-10-15 *American Night* the final volume of an unprecedented trilogy brings Alan Wald's multigenerational history of Communist writers to a poignant climax Using new research to explore the intimate lives of novelists poets and critics during the Cold War Wald *Tennessee Historical Quarterly*, 2014 **The Black Cultural Front** Brian Dolinar, 2012-07-09 The Black Cultural Front describes how the social and political movements that grew out of the Depression facilitated the left turn of several African American artists and writers The Communist led John Reed Clubs brought together Black and white writers in writing collectives The efforts of the Congress of Industrial Organizations CIO to recruit Black workers inspired growing interest in the labor movement One of the most concerted efforts was made by the National Negro Congress NNC a coalition of civil rights and labor organizations which held cultural panels at its national conferences fought segregation in the culture industries promoted cultural education and involved writers and artists in staging mass rallies during World War II The formation of a black cultural front is examined by looking at the works of poet Langston Hughes novelist Chester Himes and cartoonist Ollie Harrington While none of them were card carrying members of the Communist Party they all participated in the Left at one point in their careers Interestingly they all turned to creating popular culture in order to reach the black masses who were captivated by the movies radio newspapers and detective novels There are chapters on the Hughes Simple stories Himes detective fiction and Harrington's Bootsie cartoons Collectively the experience of these three figures contributes to the story of a long movement for African American freedom that flourished during the 1930s 1940s and 1950s Yet this book also stresses the impact that McCarthyism had on dismantling the Black Left and how it affected everyone involved Each was radicalized at a different moment and for varied reasons Each suffered for their past allegiances whether fleeing to the haven of the Black Bank in Paris or staying home and facing the House Un American Activities Committee HUAC Yet the lasting influence of the Depression in their work was evident for the rest of their lives **America, History and Life**, 2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada **The Sovereignty of Quiet** Kevin Quashie, 2012-07-25 African American culture is often considered expressive dramatic and even defiant In *The Sovereignty of Quiet* Kevin Quashie explores quiet as a different kind of expressiveness one which characterizes a person's desires ambitions hungers vulnerabilities and fears Quiet is a metaphor for the inner life and as such enables a more nuanced understanding of black culture The book revisits such iconic moments

as Tommie Smith and John Carlos's protest at the 1968 Mexico City Olympics and Elizabeth Alexander's reading at the 2009 inauguration of Barack Obama. Quashie also examines such landmark texts as Gwendolyn Brooks's *Maud Martha*, James Baldwin's *The Fire Next Time* and Toni Morrison's *Sula* to move beyond the emphasis on resistance and to suggest that concepts like surrender, dreaming and waiting can remind us of the wealth of black humanity.

**Desegregating Comics** Qiana Whitted, 2023-05-12 Some comics fans view the industry's Golden Age (1930s-1950s) as a challenging time when it comes to representations of race: an era when the few Black characters appeared as brutal savages, devious witch doctors or unintelligible minstrels. Yet the true portrait is more complex and reveals that even as caricatures predominated, some Golden Age comics creators offered more progressive and nuanced depictions of Black people. *Desegregating Comics* assembles a team of leading scholars to explore how debates about the representation of Blackness shaped both the production and reception of Golden Age comics. Some essays showcase rare titles like *Negro Romance* and consider the formal innovations introduced by Black comics creators like Matt Baker and Alvin Hollingsworth, while others examine the treatment of race in the work of such canonical cartoonists as George Herriman and Will Eisner. The collection also investigates how Black fans read and loved comics but implored publishers to stop including hurtful stereotypes. As this book shows, Golden Age comics artists, writers, editors, distributors and readers engaged in heated negotiations over how Blackness should be portrayed, and the outcomes of those debates continue to shape popular culture today.

[The Blue Period](#) Jesse McCarthy, 2024-04-25 To be a Black writer in the early years of the Cold War was to face a stark predicament. On the one hand, revolutionary Communism promised egalitarianism and lit the sparks of anticolonial struggle, but was hostile to conceptions of personal freedom. On the other hand, the great force opposing the Soviets at midcentury was itself the very fountainhead of racial prejudice represented in the United States by Jim Crow. Jesse McCarthy argues that Black writers of this time were equally alienated from the left and the right and channeled that alienation into remarkable experiments in literary form. Embracing racial affect and interiority, they forged an aesthetic resistance premised on fierce dissent from both US racial liberalism and Soviet Communism. Ranging from the end of World War II to the rise of Black Power in the 1960s, from Richard Wright and James Baldwin to Gwendolyn Brooks and Paule Marshall and others, Jesse McCarthy shows how Black writers defined a distinctive moment in American literary culture that McCarthy calls the Blue Period.

[Invisible Hawkeyes](#) Lena M. Hill, Michael D. Hill, 2016-09-01 Between the 1930s and 1960s, the University of Iowa sought to assert its modernity, cosmopolitanism and progressivism through an increased emphasis on the fine and performing arts and athletics. This enhancement coincided with a period when an increasing number of African American students arrived at the university from both within and outside of the state, seeking to take advantage of its relatively liberal racial relations and rising artistic prestige. The presence of accomplished African American students performing in musical concerts, participating in visual art exhibitions, acting on stage, publishing literature

and competing on sports fields forced white students instructors and administrators to confront their undeniable intellect and talent Unlike the work completed in traditional academic units these students contributions to the university community were highly visible and burst beyond the walls of their individual units and primary spheres of experience to reach a much larger audience on campus and in the city and nation beyond the university s boundaries By examining the quieter collisions between Iowa s polite midwestern progressivism and African American students determined ambition *Invisible Hawkeyes* focuses attention on both local stories and their national implications By looking at the University of Iowa and a smaller midwestern college town like Iowa City this collection reveals how fraught moments of interracial collaboration meritocratic advancement and institutional insensitivity deepen our understanding of America s painful conversion into a diverse republic committed to racial equality

*Rediscovering Frank Yerby* Critical Essays is the first book length study of Yerby s life and work The collection explores a myriad of topics including his connections to the Harlem and Chicago Renaissances readership and reception representations of masculinity and patriotism film adaptations and engagement with race identity and religion The contributors to this collection work to rectify the misunderstandings of Yerby s work that have relegated him to the sidelines and ultimately begin a reexamination of the importance of the prince of pulpsters in American literature It was Robert Bone in *The Negro Novel in America* who infamously dismissed Frank Yerby 1916 1991 as the prince of pulpsters Like Bone many literary critics at the time criticized Yerby s lack of focus on race and the stereotypical treatment of African American characters in his books This negative labeling continued to stick to Yerby even as he gained critical success first with *The Foxes of Harrow* the first novel by an African American to sell more than a million copies and later as he began to publish more political works like *Speak Now* and *The Dahomean* However the literary community cannot continue to ignore Frank Yerby and his impact on American literature More than a fiction writer Yerby should be put in conversation with such contemporaneous writers as Richard Wright Dorothy West James Baldwin William Faulkner Margaret Mitchell and more
