## Rethinking Socialism:

*Rethinking Socialism* Gavin Kitching, 2019-11-21 First published in 1983 Socialism was generally unpopular in Britain in the 1980s The Left needed new ideas and fresh approaches if it was ever to escape its isolation from the mainstream of political and cultural life *Rethinking Socialism* brought such a perspective to socialist thought and practice in Britain Gavin Kitching contended that the unpopularity of the Left was not due primarily to the pernicious influence of the press and media as many socialists argued but reflected fundamental changes in the British social structure and above all the simple incredibility and irrelevance of many socialist beliefs and policies He also claims that socialism will continue to be unpopular so long as it is divorced from the values and concerns of the majority of British people Kitching shows how basic and obvious facts about Britain and other advanced capitalist countries were ignored or wished away and how crucial lessons of the Soviet and East European experience had not been learnt He argues that radical politics in Britain both reflected and reinforced a ghetto mentality bred by the Left's political and intellectual isolation The book is more than just a critique however it presented as well a more relevant and popular alternative strategy for the Left This focused on extending and deepening political and economic democracy and aimed to preserve the benefits which people had derived from capitalism and parliamentary democracy while extending them and thus transforming the system that conferred them

**Rethinking Socialism** Deng-Yuan Hsu, Pao-Yu Ching, 2020 *Rethinking Socialism* Klaus Dörre, 2024-04-12 In this prescient book Klaus Dörre combines a vision of a climate just society with a reformulation of socialist ideas that can guide the way to a sustainable socialism for the 21st Century

Beyond the Spirit of Empire Joerg Rieger, 2013-01-25 How does empire mould human subjectivity for instance and how does it affect the understanding of humans within the whole of creation This title analyzes the global empire in its political and economic dimensions in its symbolic constructions of power and in its general assumptions often taken for granted

**New Socialisms** Robert Albritton, Shannon Bell, Richard Westra, 2004-07-31 As neo liberal globalization pushes us further toward global inequality poverty war and militarism diverse movements are arising to voice their concerns These movements have in common a lack of credible alternatives and this book is a contribution to a more positive debate

Socialisms Anthony Wright, 1996 A superb wide ranging analysis of socialist ideas and movements with a newly revised discussion of contemporary socialism It is probably the best short history of socialism available today

Paul Hirst *History of European Ideas* *Socialisms: Old and New* Tony Wright, 2006-06-19 Endorsement and Foreword by Tony Blair will greatly assist the publicity for this book The academic turned MP author has a good track record and is a rising Blairite star in New Labour Citizens and Subjects received excellent reviews Clear and concise introduction to socialism First edition published by Oxford was very well received Other books on individual ideologies have done very well

The Nature of Fascism and Green Political Thought

**Routledge Handbook of Marxian Economics** David M. Brennan, David Kristjanson-Gural, Catherine P. Mulder, Erik K. Olsen, 2017-03-16 Most developed economies are characterized

by high levels of inequality and an inability to provide stability or opportunity for many of their citizens Mainstream economics has proven to be of little assistance in addressing these systemic failures and this has led both scholars and students to seek alternatives One such alternative is provided by Marxian economics In recent decades the field has seen tremendous theoretical development and Marxian perspectives have begun to appear in public discourse in unprecedented ways This handbook contains thirty seven original essays from a wide range of leading international scholars recognized for their expertise in different areas of Marxian economics Its scope is broad ranging from contributions on familiar Marxist concepts such as value theory the labor process accumulation crisis and socialism to others not always associated with the Marxian canon like feminism ecology international migration and epistemology This breadth of coverage reflects the development of Marxian economic and social theory and encompasses both the history and the frontiers of current scholarship This handbook provides an extensive statement of the current shape and future direction of Marxian economics The Routledge Handbook of Marxian Economics is an invaluable resource for students researchers and policy makers seeking guidance in this field It is designed to serve both as a reference work and as a supplementary text for classroom use with applications for courses in economics sociology political science management anthropology development studies philosophy and history

**A Radical History of Development Studies** Uma Kothari, 2016-12-15 In this book some of the leading thinkers in development studies trace the history of their multi disciplinary subject from the late colonial period and its establishment during decolonization all the way through to its contemporary concerns with poverty reduction They present a critical genealogy of development by looking at the contested evolution and roles of development institutions and exploring changes in development discourses These recollections by those who teach research and practise development challenge simplistic unilinear periodizations of the evolution of the discipline and draw attention to those ongoing critiques of development studies including Marxism feminism and postcolonialism which so often have been marginalized in mainstream development discourse The contributors combine personal and institutional reflections with an examination of key themes including gender and development NGOs and natural resource management The book is radical in that it challenges orthodoxies of development theory and practice and highlights concealed critical discourses that have been written out of conventional stories of development The contributors provide different versions of the history of development by inscribing their experiences and interpretations some from left inclined intellectual perspectives Their accounts elucidate a more complex and nuanced understanding of development studies over time simultaneously revealing common themes and trends and they also attempt to reposition Development Studies along a more critical trajectory The volume is intended to stimulate new thinking on where the discipline may be moving It ought also to be of great use to students coming to grips with the historical continuities and divergences in the theory and practice of development

*Critique for What?* Joel Pfister, 2016-01-08 Students want to know What does one do with critique Fortunately some of the most provocative self

critical intellectuals from the postwar period to the postmodern present have wrestled with this Joel Pfister in *Critique for What criss crosses the Atlantic to take stock of exciting British and US cultural studies American studies and Left studies that challenge the academic critique for critique s sake and career s sake business and ask Critique for what and for whom Historicizing for what and for whom Politicizing for what and for whom America for what and for whom Here New Left revisionary socialists members of the unpartied Left cultural studies theorists American studies scholars radical historians progressive literary critics and early proponents of transnational analysis interact in what amounts to a lively book length strategy seminar British political intellectuals including Raymond Williams E P Thompson Stuart Hall and Raphael Samuel and Americans including F O Matthiessen Robert Lynd C Wright Mills and Richard Ohmann reconsider the critical project as social transformation studies activism studies organizing studies Eager to prevent cultural studies from becoming cynicism studies Critique for What thinks creatively about the possibilities of using as well as developing critique in our new millennium *Imagining Alternatives* ,2012 **Comrades and Comebacks** Saira Shah Halim,2025-08-30 The history of Left politics in India runs deep into the very heart of the freedom struggle It can hardly be denied that both the freedom struggle and the political landscape of free India was for the longest time hued in various shades of red Peculiarly Leftism in India has developed in close ties with the culture in which it was rooted A movement consisting of diverse forces with moderate socialists at one end of the spectrum and extremist or revolutionary communists at the other The Indian Left has had a complex and evolving role in Indian politics While historically it has played a pertinent role primarily in states such as West Bengal and Kerala its influence and relevance both have waned in recent years It has been struggling to adapt itself to dynamic electoral politics and therefore finding it hard to regain its lost ground This book is about an ideology that is under threat or as many say almost extinct at least in India It tries to sketch a rich historical narrative that foregrounds left politics in world history locate its relevance in India and chart a future of its revival **Routledge Library Editions: Development Mini-Set M: Theories of Development** Various,2021-11-17 Routledge Library Editions Development will re issue works which address economic political and social aspects of development Published over more than four decades these books trace the emergence of development as one of the most important contemporary issues and one of the key areas of study for modern social science The books cover the most important themes within development and include studies of Latin America Africa and Asia Authors include Sir Alexander Cairncross W Arthur Lewis Lord Peter Bauer and Cristobal Kay An extensive collection of previously hard to access or out of print books this set presents an unrivalled opportunity to build up a wealth of material in the field of development studies with a particular focus upon economic and political concerns The volumes in the collection offer both a global overview of the history of development in the twentieth century and a huge variety of case studies on the development of individual nations For institutional purchases for e book sets please contact online sales tandf.co.uk customers in the UK Europe and Rest of World **Beyond Market Dystopia: New Ways of Living** Greg Albo,Leo*

Panitch,2019-12-23 Essays which aim to create a world of agency and justice How can we build a future with better health and homes respecting people and the environment The 2020 edition of the Socialist Register Beyond Market Dystopia contains a wealth of incisive essays that entice readers to do just that to wake up to the cynical implicitly market driven concept of human society we have come to accept as everyday reality Intellectuals and activists such as Michelle Chin Nancy Fraser Arun Gupta and Jeremy Brecher connect with and go beyond classical socialist themes to combine an analysis of how we are living now with visions and plans for new strategic programmatic manifesto oriented alternative ways of living *An Introduction to Political Theory* John Hoffman,Paul Graham,2013-09-13 This book provides an engaging and intellectually challenging introduction to political ideologies while at the same time giving an accessible route into the subject for those new to politics Supported by an outstanding companion website it has strong claims to be the best undergraduate textbook on ideologies on the market Dr Mike Gough University of East Anglia *Introduction to Political Theory* is a text for the 21st century It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape Bringing together classic and contemporary political concepts and ideologies into one book this new text introduces the major approaches to political issues that have shaped the modern world and the ideas that form the currency of political debate *Introduction to Political Theory* relates political ideas to political realities through effective use of examples and cases studies making theory lively contentious and relevant This thoroughly revised and updated second edition contains new chapters on global justice and political violence as well as an expanded treatment of globalisation and the state A wide range of pedagogical features helps to clarify extend and apply students understanding of the fundamental ideologies and concepts This is comprised of Case studies demonstrate how political ideas concepts and issues manifest in the real world Focus boxes encourage students to appreciate alternative viewpoints A range of thought provoking photographs challenge students to examine concepts from a different angle Suggestions for further reading and weblinks are also provided to help students to further their understanding *Introduction to Political Theory* is accompanied by an innovative website with multiple choice questions biographies of key figures in political theory further case studies and an innovative how to read feature which helps students get to grips with difficult primary texts **The Long Search for a Third Way I.** Favretto,2002-12-09 Ilaria Favretto presents a detailed study which traces the origins of the Third Way by comparing the European Left s contemporary neo revisionism with past revisionist attempts Focussing its analysis on the British Labour Party and the Italian Left *The Long Search for a Third Way* provides new interpretations and insights into the histories of both parties The book is accessible not only to students and scholars but also to the general reader interested in contemporary European politics **Democracy and Democratization** Georg Sorensen,2018-05-04 What is democracy What are the pitfalls and the positive potentials in the growing trend toward democratization This book examines the prospects for democracy in the world today and frames the central dilemma confronting all states touched by the process of

democratization Georg Sorensen clarifies the concept of democracy shows its application in different contexts and questions whether democratic advancement will continue and if so at what price The consequences of democracy for economic development human rights and peaceful relations among countries are illuminated in both their positive and negative aspects This third edition includes an entirely new chapter on the promotion of democracy from the outside which covers current issues of state building in Iraq Further revisions include updates to the section on the prospects of democracy in today s world an extended discussion of the economic performance of recently democratized countries and an evaluation of the possibilities for further democratic consolidation There are also new case studies examples and anecdotes to illustrate historical as well as contemporary instances of democratic transition Democracy as Sorensen convincingly portrays it is a value in itself as well as a potential promoter of peace prosperity and human well being But democracy is not inevitable and actions at every level from the individual to the international are necessary to ensure that frail or frozen democracies do not flounder and that established democracies flourish

**The Historiography of Communism** Michael E. Brown, 2009 A major reorientation of scholarly thought about communism and contemporary social movements

*Stalinist City Planning* Heather DeHaan, 2013-02-28 Based on research in previously closed Soviet archives this book sheds light on the formative years of Soviet city planning and on state efforts to consolidate power through cityscape design Stepping away from Moscow s central corridors of power Heather D DeHaan focuses her study on 1930s Nizhnii Novgorod where planners struggled to accommodate the expectations of a Stalinizing state without sacrificing professional authority and power Bridging institutional and cultural history the book brings together a variety of elements of socialism as enacted by planners on a competitive urban stage such as scientific debate the crafting of symbolic landscapes and state campaigns for the development of cultured cities and people By examining how planners and other urban inhabitants experienced lived and struggled with socialism and Stalinism DeHaan offers readers a much broader more complex picture of planning and planners than has been revealed to date

**Ethnography in Unstable Places** Carol J. Greenhouse, Elizabeth Mertz, Kay B. Warren, 2002-03-13 Collection of anthropological essays studying radical social transformation including violence and its effects on the everyday lives of people in a variety of world regions
