## **Rethinking Irish History Nationalism Ide:**

*Rethinking Irish History* Patrick O'Mahony, Gerard Delanty, 1998 This text provides a critical interpretation of the construction of Irish national identity in the longer perspective of history Drawing on recent sociological theory the authors contend that national identity was invented and codified by a nationalist intelligentsia in the late 19th century The trajectory of this national identity is traced as a process of crisis and contradiction One of the central arguments is that negative implications of Irish national identity have never been fully explored by social science *The Irish Novel at the End of the Twentieth Century* J. Jeffers, 2016-04-30 The Irish Novel at the End of the Twentieth Century Gender Bodies and Power interprets a wide variety of the most interesting Irish novels of the last ten years of the century from a perspective that focuses on the regulated sexual and constructed gendered body The demarcating line of identity the perennial Irish problem can be gauged at the basic level of sexual and gender identity in contrast to or in alliance with political social religious or cultural norms All mechanisms that have gone into controlling the body gender regulation violence desire religious taboos can all be reinterpreted through the body in motion **Reinventing Ireland** Peadar Kirby, Luke Gibbons, Michael Cronin, 2002-04-20 Over the last decade the Irish economy has experienced a period of unprecedented growth which has earned it the title Celtic Tiger This success has been interpreted by academic commentators as marking a social and cultural transformation what some have called the reinvention of Ireland The essays in this book challenge the largely positive interpretation of Ireland's changing social order The authors identify the ways in which culture and society have been made subservient to the needs of the market in this new neoliberal Ireland They draw on subversive strands in Irish history and offer a broader and more robust understanding of culture as a site of resistance to the dominant social order and as a political means to fashion an alternative future **Irlanda y la monarquía hispánica** Enrique García Hernán, 2002

**American Indians, the Irish, and Government Schooling** Michael C. Coleman, 2007 For centuries American Indians and the Irish experienced assaults by powerful expanding states along with massive land loss and population collapse In the early nineteenth century the U S government acting through the Bureau of Indian Affairs BIA began a systematic campaign to assimilate Indians Initially dependent on Christian missionary societies the BIA later built and ran its own day schools and boarding schools for Indian children At the same time the British government established a nationwide elementary school system in Ireland overseen by the commissioners of national education to assimilate the Irish By the 1920s as these campaigns of cultural transformation were ending roughly similar proportions of Indian and Irish children attended state regulated schools In the first full comparison of American and British government attempts to assimilate problem peoples through mass elementary education Michael C Coleman presents a complex and fascinating portrait of imperialism at work in the two nations Drawing on autobiographies government records elementary school curricula and other historical documents as well as photographs and maps Coleman conveys a rich personal sense of what it was like to have been a pupil at a school

where one's language was not spoken and one's local culture almost erased. In absolute terms the campaigns failed yet the schools deeply changed Indian and Irish peoples in ways unpredictable both to them and to their educators. Meticulously researched and engaging American Indians the Irish and Government Schooling sets the agenda for a new era of comparative analyses in global indigenous studies.

**Rethinking Irish History** Patrick O'Mahony, 1998 [New Frontiers In Women's Studies](#) Mary Maynard, June Purvis, 2005-07-20 This text reveals the diversities which continue to shape women's beliefs and experiences. It includes debates on women and nationalisms, women and social policy, sexuality, black studies and ethnic studies, women and education, women and cultural production and women's studies and gender studies.

**The Oxford Companion to United States History** Paul S. Boyer, 2001-07-04 Here is a volume that is as big and as varied as the nation it portrays. With over 1,400 entries written by some 900 historians and other scholars it illuminates not only America's political, diplomatic and military history but also social, cultural and intellectual trends, science, technology and medicine, the arts and religion. Here are the familiar political heroes from George Washington and Benjamin Franklin to Abraham Lincoln, Woodrow Wilson and Franklin D. Roosevelt. But here too are scientists, writers, radicals, sports figures and religious leaders with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney, Babe Ruth and Muhammed Ali, Black Elk and Crazy Horse, Margaret Fuller, Emma Goldman and Marian Anderson, even Al Capone and Jesse James. The Companion illuminates events that have shaped the nation: the Great Awakening, Bunker Hill, Wounded Knee, the Vietnam War, major Supreme Court decisions, *Marbury v. Madison*, *Roe v. Wade*, landmark legislation, the Fugitive Slave Law, the Pure Food and Drug Act, social movements, Suffrage, Civil Rights, influential books, *The Jungle*, *Uncle Tom's Cabin*, ideologies, conservatism, liberalism, Social Darwinism, even natural disasters and iconic sites: the Chicago Fire, the Johnstown Flood, Niagara Falls, the Lincoln Memorial. Here too is the nation's social and cultural history from Films, Football and the 4-H Club to Immigration, Courtship and Dating, Marriage and Divorce and Death and Dying. Extensive multi-part entries cover such key topics as the Civil War, Indian History and Culture, Slavery and the Federal Government. A new volume for a new century. The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet, from Columbus to Clinton. Written in clear, graceful prose for researchers, browsers and general readers alike, this is the volume that addresses the totality of the American experience: its triumphs and heroes as well as its tragedies and darker moments.

**Rethinking Northern Ireland** David Miller, 2014-09-25 *Rethinking Northern Ireland* provides a coherent and critical account of the Northern Ireland conflict. Most writing on Northern Ireland is informed by British propaganda, unionist ideology or currently popular ethnic conflict paradigm which allows analysts to wallow in a fascination with tribal loyalty. *Rethinking Northern Ireland* sets the record straight by reembedding the conflict in Ireland in the history of an literature on imperialism and colonialism. Written by Irish, Scottish and English women and men it includes material on neglected topics such as the role of Britain, gender, culture and sectarianism. It presents a formidable challenge to the

shibboleths of contemporary debate on Northern Ireland A just and lasting peace necessitates thorough re evaluation and Rethinking Northern Ireland provides a stimulus to that urgent task      Chinese Immigrants, African Americans, and Racial Anxiety in the United States, 1848-82 Najia Aarim-Heriot,2003 The first detailed examination of the link between the Chinese question and the Negro problem in nineteenth century America this work forcefully and convincingly demonstrates that the anti Chinese sentiment that led up to the passage of the Chinese Exclusion Act of 1882 is inseparable from the racial double standards applied by mainstream white society toward white and nonwhite groups during the same period Najia Aarim Heriot argues that previous studies on American Sinophobia have overemphasized the resentment labor organizations felt toward incoming Chinese workers This focus has caused crucial elements of the discussion to be overlooked especially the broader ways in which the growing nation sought to define and unify itself through the exclusion and oppression of nonwhite peoples This book highlights striking similarities in the ways the Chinese and African American populations were disenfranchised during the mid 1800s including nearly identical negative stereotypes shrill rhetoric and crippling exclusionary laws traditionally studied this book stands as a holistic examination of the causes and effects of American Sinophobia and the racialization of national immigration policies      *Communications Historiques* Canadian Historical Association. Meeting,1984 A selection from the papers presented at the annual meeting      *Annual Review of Anthropology* ,1994-10 Annual compilation of critical articles from all areas of the discipline of anthropology      **Ireland** Hugh F Kearney,2007-04-01 What is the Irish nation Who is included in it Are its borders delimited by religion ethnicity language or civic commitment And how should we teach its history These and other questions are carefully considered by distinguished historian Hugh F Kearney in *Ireland Contested Ideas of Nationalism and History* The insightful essays collected here all circle around Ireland with the first section attending to questions of nationalism and the second addressing pivotal moments in the history and historiography of the isle Kearney contends that Ireland represents a striking example of the power of nationalism which while unique in many ways provides an illuminating case study for students of the modern world He goes on to elaborate his revisionist four nations approach to Irish history In the book Kearney recounts his own development in the field and the key personalities departments and movements he encountered along the way It is a unique portrait not only of a humane and sensitive historian but of the historical profession and the practice of history in Britain Ireland and the United States from the 1940s to the late 20th century at once public intellectual history and fascinating personal memoir      **Humanities Index** ,2001      **American Book Publishing Record** ,2005      *Alternative Press Index* ,1997      **Arts & Humanities Citation Index** ,2000      Books in Print Supplement ,2002      **Subject Guide to Books in Print** ,1971      **The Dynamics of Cultural Nationalism** John Hutchinson,2023-11-06 First published in 1987 *The Dynamics of Cultural Nationalism* demonstrates the nature and role of cultural nationalism as a separate movement in the creation of modern nations This is done through an intensive study of the modern Irish movements and in particular the Gaelic revival at the end

of the nineteenth century which makes clear the importance of cultural nationalism as a vision and politics in its own right. The author by approaching his material as both historian and sociologist is able to illuminate the Irish case of nationalism by placing it in a broad comparative perspective showing how cultural nationalism has often provided those answers to the problems of nation building and the rediscovery of national identity that political nationalism failed to provide. This book will be of interest to all those in the social sciences and history who are concerned with problems of national identity, the uses of history and culture in the creation of modern nations and the particular case of the development of nationalist movements in Ireland.
