interdisciplinary volume of essays examines the real and imagined role of Classical and Celtic influence in the history of British identity formation from late antiquity to the present day In so doing it makes the case for increased collaboration between the fields of Classical reception and Celtic studies and opens up new avenues of investigation into the categories Celtic and Classical which are presented as fundamentally interlinked and frequently interdependent In a series of

chronologically arranged chapters beginning with the post Roman Britons and ending with the 2016 Brexit referendum it draws attention to the constructed and historically contingent nature of the Classical and the Celtic and explores how notions related to both categories have been continuously combined and contrasted with one another in relation to British identities Britishness is revealed as a site of significant Celtic Classical cross pollination and a context in which received ideas about Celts Romans and Britons can be fruitfully reconsidered subverted and reformulated Responding to important scholarly questions that are best addressed by this interdisciplinary approach and extending the existing literature on Classical reception and national identity by treating the Celtic as an equally relevant tradition the volume creates a new and exciting dialogue between subjects that all too often are treated in isolation and sets the foundations for future cross disciplinary conversations **JACT Review** ,2003 Kingship, Society, and the Church in Anglo-Saxon Yorkshire Thomas Pickles,2018-11-08 Inspired by studies of Carolingian Europe Kingship Society and the Church in Anglo Saxon Yorkshire argues that the social strategies of local kin groups drove conversion to Christianity and church building in Yorkshire from 400 1066 AD It challenges the emphasis that has been placed on the role and agency of Anglo Saxon kings in conversion and church building and moves forward the debate surrounding the minster hypothesis through an inter disciplinary case study Members of Deiran kin groups faced uncertainties that predisposed them to consider conversion as a social strategy in their rule between 600 and 867 Their decision to convert produced a new social fraction the ecclesiastical aristocracy with a distinctive but fragile identity The ecclesiastical aristocracy transformed kingship established a network of religious communities and engaged in the conversion of the laity The social and political instabilities produced by conversion along with the fragility of ecclesiastical identity resulted in the expropriation and re organization of many religious communities Nevertheless the Scandinavian and West Saxon kings and their nobles allied with wealthy and influential archbishops of York and there is evidence for the survival revival or foundation of religious communities as well as the establishment of local churches Timelines of History DK,2018-04-03 Humans are a recent event in the planet s history but we ve wasted little time in making our mark The range of our achievements has created a rich and elaborate heritage that we have the unique ability to capture and record meaning we can look back and learn from the road traveled Timelines of History begins with the emergence of our earliest African ancestors and takes the reader through the history of cultures and nations around the world to arrive at the present day the beginning of a new millennium A dynamic layered timeline zooms in and out of time speeding up or slowing down to keep pace with the size and scope of events **Dressed to Kill** Rick Renner,2013-05-07 In Dressed To Kill Rick explains with exacting detail the purpose and function of each piece of Roman armor In the process he describes the significance of our spiritual armor not only to withstand the onslaughts of the enemy and but also to overturn the tendencies of the carnal mind Furthermore Rick delivers a clear scriptural **History Year by Year** DK,2024-03-05 The entire course of history is revisited in this unique and unforgettable visual guide The most memorable moments and

significant events of each year are charted in a definitive timeline that runs throughout the book From the ancient origins of our earliest African ancestors right up to our modern world today Timelines of History includes a diverse range of people cultures and countries Ideas inventions and innovations come together to provide a truly global view of history Dramatic photography eye catching maps and supporting graphics bring history to life as never before The instantly accessible multi layered timeline enables you to move effortlessly through the ages This essential reference strikes a balance between being completely comprehensive but also ideal for browsing thanks to the organized structure chronological order and bitesize information This celebratory compendium makes an outstanding addition to any family library enabling you to dip into the past any time you like
