Roman Family In Italy Status Sentiment Space:

The Roman Family in Italy Beryl Rawson, Paul Richard Carey Weaver, 1999 The family continues to be seen as a central institution in Roman as well as modern Western society The Roman family is often used as a stereotype sometimes of severity sometimes of decadence with its decline often cited as a cause of wider decline and fall Definitions and concepts continue to be modified and nuanced however as the availability of new evidence and new methodologies make possible a much less simplistic picture In this volume the study of family draws on a wide range of disciplines to develop the intertwined themes of status sentiment and space For example on status there are contributions about Junian Latins and a survey of senators monuments while sentiment is represented by a gloomy but convincing picture of old age and a paper on the sentimental ideal which argues that conflict as well as concord is a feature of family life Space is represented among others by the contribution on who commemorates whom in Roman Italy pointing up the regional variations in custom and the difficulties in tracing complete families The final contributions focus on the house how people lived in the Roman house the use of rooms and the artefacts that might indicate this use The book makes use of many types of evidence from the legal and literary to the iconographical and archaeological Visual and material evidence play an important role in reconstructing real lives in considerable colour and variety The book moves beyond the city of Rome to the rest of Roman Italy and even into the provinces just as Roman culture moved outwards and mingled with other cultures Chronologically too there are new directions towards the later Empire and Christianity So although the contributors do not abandon any of the territory already gained in Rome nor literary and epigraphical sources nor the late Republic or early Empire there is an exciting sense of new discovery

The Roman Family in Italy Beryl Rawson, 1997 **Children and Childhood in Roman Italy** Beryl

Rawson, 2003 Concepts of childhood and the treatment of children are often used as a barometer of society's humanity values and priorities *Children and Childhood in Roman Italy* argues that in Roman society children were in principle and often in practice welcome valued and visible There is no evidence directly from children themselves but we can reconstruct attitudes to them and their own experiences from a wide variety of material art and architecture artefacts funerary dedications Roman law literature and public and private ritual There are distinctively Roman aspects to the treatment of children and to children's experiences Education at many levels was important The commemoration of children who died young has no parallel in earlier or later societies before the twentieth century This study builds on the dynamic work on the Roman family that has been developing in recent decades Its focus on the period between the first century BCE and the early third century CE provides a context for new work being done on early Christian societies especially in Rome

Augustus and the Family at the Birth of the Roman Empire Beth Severy, 2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus rise to sole power

into the early reign of his successor Tiberius Augustus and the Family at the Birth of the Roman Empire is an outstanding example of how if we examine private issues such as those of family and gender we gain a greater understanding of public concerns such as politics religion and history Discussing evidence from sculpture to cults and from monuments to military history the book pursues the changing lines between public and private family and state that gave shape to the Roman imperial system

Heroes and Romans in Twelfth-Century Byzantium Leonora Neville,2012-10-04 This book reveals how cultural memories of classical Roman honor informed Nikephoros Bryennios history of the eleventh century and his political choices

Women in the New Testament World Susan Hylen,2019 Modern readers of the New Testament often notice its varying ideas about women Some passages encouraged women to be submissive and remain silent Yet in others women characters owned property headed households or spoke with approval Women in the New Testament World helps readers understand this conflicting evidence It argues that social norms of the time encouraged traditional feminine virtues However as Susan Hylen argues women in the culture enacted these virtues in a variety of ways including active leadership in households associations and cities In contrast to earlier approaches that divided the evidence into groups that either allowed or forbade women s leadership this book points to a tension that was pervasive across different groups and regions of the Roman world Society widely viewed women as inferior to men yet applauded their active pursuit of familial and civic interests Thus it was not the case that some women led while others were silent instead women were praised for modesty at the same time as they exerted influence in their communities Elaborating on this rich historical background Hylen illuminates new possibilities in New Testament texts

Approaches to the Byzantine Family Leslie Brubaker,Shaun Tougher,2016-04-08 The study of the family is one of the major lacunas in Byzantine Studies Angeliki Laiou remarked in 1989 that the study of the Byzantine family is still in its infancy and this assertion remains true today The present volume addresses this lacuna It comprises 19 chapters written by international experts in the field which take a variety of approaches to the study of the Byzantine family and embrace a

chronological span from the later Roman to the late Byzantine empire The context is established by chapters focusing on the Roman roots of the Byzantine family the Christianisation of the family and the nature of the family in contemporaneous cultures the late antique west and the Islamic east Key methodological approaches to the Byzantine family are highlighted and discussed in particular prosopographical and life course approaches The contribution of hagiography to the understanding of the Byzantine family is analysed by several authors other chapters on the family and children in art and on the archaeology of the Middle Byzantine house explore the material evidence that can shed light on the Byzantine family Overall the diversity of families that existed in Byzantium blood fictive metaphorical is emphasised and chapters consider the specific cases of ascetic monastic aristocratic and peasant families as well as the imperial family which is illuminated by the comparative case of a Caliphal family The volume is topped and tailed by a Preface and an Afterword by the editors which address the state of the field and consider the way ahead Thus the volume is vital in putting the subject of the Byzantine Family in sharp focus and setting the research agenda for the future *Pompeian Peristyle Gardens* Samuli

Simelius, 2022-08-01 This book examines how Pompeian peristyle gardens were utilized to represent the socioeconomic status of Roman homeowners introducing fresh perspectives on how these spaces were designed used and perceived *Pompeian Peristyle Gardens* provides a novel understanding of how the domus was planned utilized and experienced through a critical examination of all Pompeian peristyles not just by selecting a few well known examples This study critiques common scholarly assumptions of ancient domestic space such as the top down movement of ideas and the relationship between wealth and socio political power though these possibilities are not excluded In addition this book provides a welcome contribution to exploring the largely unexamined middle class an integral part of ancient Roman society *Pompeian Peristyle Gardens* is of interest to students and scholars in art history classics archaeology social history and other related fields The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *Controlling Contested Places*

Christine Shepardson, 2019-05-14 From constructing new buildings to describing rival controlled areas as morally and physically dangerous leaders in late antiquity fundamentally shaped their physical environment and thus the events that unfolded within it *Controlling Contested Places* maps the city of Antioch Antakya Turkey through the topographically sensitive vocabulary of cultural geography demonstrating the critical role played by physical and rhetorical spatial contests during the tumultuous fourth century Paying close attention to the manipulation of physical places Christine Shepardson exposes some of the powerful forces that structured the development of religious orthodoxy and orthopraxy in the late Roman Empire Theological claims and political support were not the only significant factors in determining which Christian communities gained authority around the Empire Rather Antioch's urban and rural places far from being an inert backdrop against which events transpired were ever shifting sites of and tools for the negotiation of power authority and religious

identity This book traces the ways in which leaders like John Chrysostom Theodoret and Libanius encouraged their audiences to modify their daily behaviors and transform their interpretation of the world and landscape around them Shepardson argues that examples from Antioch were echoed around the Mediterranean world and similar types of physical and rhetorical manipulations continue to shape the politics of identity and perceptions of religious orthodoxy to this day

Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Iulius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits

Housing in Late Antiquity - Volume 3.2 Luke Lavan, Lale Özgenel, Alexander Sarantis, 2007-10-01

This book examines a number of themes relating to housing in Late Antiquity Two extensive bibliographic essays provide an overview of published literature relating to housing in this period A selection of thematic essays focus on episcopalia lighting privacy vs public access and building regulations These are complemented by regional syntheses covering Spain and Africa and case studies of recently investigated urban houses from across the Mediterranean from Gaul to Jordan Whilst being firmly based in Late Antiquity the volume also looks forward to Middle Byzantine and Early Islamic housing with papers on rock cut houses in Cappadocia and a wealthy domus from Pella in Jordan destroyed by earthquake with its inhabitants inside in A D 749

Columbarium Tombs and Collective Identity in Augustan Rome Dorian Borbonus, 2019-05-16 Columbarium tombs are among the most recognizable forms of Roman architecture and also among the most enigmatic The subterranean collective burial chambers have repeatedly sparked the imagination of modern commentators but their origins and function

remain obscure Columbarium Tombs and Collective Identity in Augustan Rome situates columbaria within the development of Roman funerary architecture and the historical context of the early Imperial period Contrary to earlier scholarship that often interprets columbaria primarily as economic burial solutions Dorian Borbonus shows that they defined a community of people who were buried and commemorated collectively Many of the tomb occupants were slaves and freed slaves for whom collective burial was one strategy of community building that counterbalanced their exclusion in Roman society Columbarium tombs were thus sites of social interaction that provided their occupants with a group identity that this book shows was especially relevant during the social and cultural transformation of the Augustan era

Household and Family Religion in Antiquity John Bodel, Saul M. Olyan, 2012-02-15 The first book to explore the religious dimensions of the family and the household in ancient Mediterranean and West Asian antiquity Advances our understanding of household and familial religion as opposed to state sponsored or civic temple cults Reconstructs domestic and family religious practices in Egypt Greece Rome Israel Mesopotamia Ugarit Emar and Philistia Explores many household rituals such as providing for ancestral spirits and petitioning of a household's patron deities or of spirits associated with the house itself Examines lifecycle rituals from pregnancy and birth to maturity old age death and beyond Looks at religious practices relating to the household both within the home itself and other spaces such as at extramural tombs and local sanctuaries

Children and Family in Late Antique Egyptian Monasticism Caroline T. Schroeder, 2020-09-17 Early Christian asceticism emphasized renunciation of family while Egyptian monks in late antiquity cared for children

Family in Flavian Epic Nikoletta Manioti, 2016-08-01 Family in Flavian Epic examines the treatment of family bonds in Valerius Flaccus Argonautica Statius Thebaid and Achilleid and Silius Italicus Punica The eleven contributions consider the representation of epic parents children siblings and spouses and their interaction with each other demonstrating the Flavian poets engagement with their epic and more generally literary tradition At the same time Roman attitudes towards the family and Flavian concerns especially related to dynastic harmony and civil war also characterise both historical and mythological members of Flavian epic families

house explore the material evidence that can shed light on the Byzantine family Overall the diversity of families that existed in Byzantium blood fictive metaphorical is emphasised and chapters consider the specific cases of ascetic monastic aristocratic and peasant families as well as the imperial family which is illuminated by the comparative case of a Caliphal family The volume is topped and tailed by a Preface and an Afterword by the editors which address the state of the field and consider the way ahead Thus the volume is vital in putting the subject of the Byzantine Family in sharp focus and setting the research agenda for the future

The Roman Family in the Empire Michele George,2005-03-03 This volume contains a series of articles that examine the Roman family in Italy and the empire using a wide range of evidence and considering a number of critical issues Its focus on regional differences in family structure forms of marriage and kinship patterns make it the first publication to include targeted study of the family in the Roman provinces The chapters cover Roman Egypt Judaea Spain Gaul North Africa and Pannonia and make use of both conventional textual sources and epigraphic evidence and material that is less frequently treated including the medical writers and the Justinianic receipts

Northern Italy in the Roman World Carolynn E. Roncaglia,2018-05-15 Using a wide range of epigraphic archaeological numismatic and literary evidence Northern Italy in the Roman World traces the evolution of Northern Italy from the Bronze Age to Late Antiquity and examines how the Roman state dramatically changed the region This study on a much neglected part of the Roman world uses northern Italy as a case study for examining the impact of the Roman empire on areas that it controlled The book finds that while levels of Roman intervention varied considerably over time the Roman state greatly influenced both local and transregional developments This influence is shown to be pervasive and reflected in material ranging from loom weights to social networks and from ritual horse burials to the careers of writers

Epigraphic Evidence John Bodel,2012-11-12 Epigraphic Evidence is an accessible guide to the responsible use of Greek and Latin inscriptions as sources for ancient history It introduces the types of historical information supplied by inscriptional texts and the methods with which they can be used It outlines the limitations as well as the advantages of the different types of evidence covered Epigraphic Evidence includes a general introduction a guide to the arrangement of the standard corpora inscriptions and individual chapters on local languages and native cultures epitaphs and the ancient economy amongst others
