Roman Ostia:

'Roman Ostia' Revisited Anna Gallina Zevi, Amanda Claridge, 1996 Dedicated to Russell Meiggs this volume offers some significant reassessments of views on Rome's major port based on recent excavation and research. It follows the fortunes of the city from the archaic period through to its imperial nadir. Town planning is an important theme in this book as is the city of Rome's relationship to the sea. 4 papers in English, 11 in Italian, 1 in French and 1 in Spanish. **Ostia: Aspects of Roman City Life** Gustav Hermansen, 1981 Gustav Hermansen provides a basis for constructive debate on the social and economic life of the Roman city of Ostia. Ostia unveils ancient social history, architecture, city planning and community life and is complete with extensive floor plans, photographs and line drawings. Roman Ostia Russell Meiggs, 1960 **Ostia in Late Antiquity** Douglas Boin, 2013-07-22 Ostia Antica was Rome's ancient harbor. Its houses and apartments, taverns and baths, warehouses, shops and temples have long contributed to a picture of daily life in ancient Rome. Recent investigations have revealed, however, that life in Ostia did not end with a bang but with a whimper. Only on the cusp of the Middle Ages did the town's residents entrench themselves in a smaller settlement outside the walls. What can this new evidence tell us about life in the later Roman Empire as society navigated an increasingly Christian world? Ostia in Late Antiquity, the first academic study on Ostia to appear in English in almost 20 years and the first to treat the Late Antique period, tackles the dynamics of this transformative time. Drawing on new archaeological research including the author's own and incorporating both material and textual sources, it presents a social history of the town from the third through the ninth century. *Imperial Cult and Commerce in John's Apocalypse* J. Nelson Kraybill, 1996-01-01 Drawing evidence from ancient literature, coins, inscriptions and artwork, Kraybill points to the penetration of the Roman imperial cult, emperor worship into commercial settings as a primary concern of the Apocalypse. By the time John was on Patmos, people in Asia Minor could not buy or sell without giving idolatrous allegiance to Rome. Imperial cult and commerce blended in guild halls, the banking industry and the market place. John calls readers to come out from pagan loyalties of Roman imperial society and give full allegiance to a New Jerusalem of justice and equality under the rule of Christ. **Augustine of Hippo** Peter Brown, 2013-11-05 This classic biography was first published forty-five years ago and has since established itself as the standard account of Saint Augustine's life and teaching. The remarkable discovery of a considerable number of letters and sermons by Augustine cast fresh light on the first and last decades of his experience as a bishop. These circumstantial texts have led Peter Brown to reconsider some of his judgments on Augustine both as the author of the Confessions and as the elderly bishop preaching and writing in the last years of Roman rule in north Africa. Brown's reflections on the significance of these exciting new documents are contained in two chapters of a substantial Epilogue to his biography, the text of which is unaltered. He also reviews the changes in scholarship about Augustine since the 1960s. A personal as well as a scholarly fascination infuse the book's length, epilogue and notes that Brown has added to his acclaimed portrait of the bishop of Hippo. Negotiation, Collaboration and Conflict in

Ancient and Medieval Communities Christian Krötzel, Katariina Mustakallio, Miikka Tamminen, 2022-03-28 Focusing on forms of interaction and methods of negotiation in multicultural multi ethnic and multilingual contexts during Antiquity and the Middle Ages this volume examines questions of social and cultural interaction within and between diverse ethnic communities Toleration and coexistence were essential in all late antique and medieval societies and their communities However power struggles and prejudices could give rise to suspicion conflict and violence All of these had a central influence on social dynamics negotiations of collective or individual identity definitions of ethnicity and the shaping of legal rules What was the function of multicultural and multilingual interaction did it create and increase conflicts or was it rather a prerequisite for survival and prosperity The focus of this book is society and the history of everyday life examining gender status and ethnicity and the various forms of interaction and negotiation

Field Methods and Post-Excavation Techniques in Late Antique Archaeology, 2016-04-26 Archaeologists working on late antique sites have not spent enough time thinking about methodology Their focus has been on recovering and cataloguing evidence or on the study of specific historical problems Digging has often been more important than publishing which has rarely extended beyond the basic summaries found in preliminary reports The re emergence of clearance excavation fuelled by the demands of tourism has further reduced the value of urban excavations in the East Mediterranean Here late antique levels have suffered in the hunt for photogenic early imperial architecture This volume attempts to address this situation by offering a critique of present practice and a series of exemplars alongside discussion articles on field technique and post excavation analysis The articles ranges from urban survey to the study of finds The book also considers if we need to develop specific field methods appropriate to the study of late antiquity Contributors are John Bintliff Jeremy Evans Axel Gering Stefan Groh Yoshiki Hori Nikolaos D Karydis Veli K se Luke Lavan Zsolt Magyar Philip Mills John Pearce Steve Roskams Helga Sedlmayer Ellen Swift Itamar Taxel Douglas Underwood Lutgarde Vandeput and Joe Williams
