**The Arena of Satire** David H. J. Larmour, 2016-01-04 In this first comprehensive reading of Juvenal's satires in more than fifty years David H. J. Larmour deftly revises and sharpens our understanding of the second century Roman writer who stands as the archetype for all later practitioners of the satirist's art The enduring attraction of Juvenal's satires is twofold they not only introduce the character of the angry satirist but also offer vivid descriptions of everyday life in Rome at the height of the Empire In Larmour's interpretation these two elements are inextricably linked The Arena of Satire presents the satirist as flaneur traversing the streets of Rome in search of its authentic core those distinctly Roman virtues that have disappeared amid the corruption of the age What the vengeful punishing satirist does to his victims as Larmour shows echoes what the Roman state did to outcasts and criminals in the arena of the Colosseum The fact that the arena was the most prominent building in the city and is mentioned frequently by Juvenal makes it an ideal lens through which to examine the spectacular and punishing characteristics of Roman satire And the fact that Juvenal undertakes his search for the uncorrupted authentic Rome within the very buildings and landmarks that make up the actual corrupt Rome of his day gives his sixteen satires their uniquely paradoxical and contradictory nature Larmour's exploration of the arena of satire guides us through Juvenal's search for the true Rome winding from one poem to the next He combines close readings of passages from individual satires with discussions of Juvenal's representation of Roman space and topography the nature of the arena experience and the network of connections among the satirist the gladiator and the editor or producer of Colosseum entertainments The Arena of Satire also offers a new definition of Juvenalian satire as a particular form arising from the intersection of the body and the urban landscape a form whose defining features survive in the works of several later satirists from Jonathan Swift and Evelyn Waugh to contemporary writers such as Russian novelist Victor Pelevin and Irish dramatist Martin McDonagh

**Satire and the Threat of Speech** Catherine M. Schlegel, 2005-12-29 In his first book of Satires written in the late violent days of the Roman republic Horace exposes satiric speech as a tool of power and domination Using critical theories from classics speech act theory and others Catherine Schlegel argues that Horace's acute poetic observation of hostile speech provides insights into the operations of verbal control that are relevant to his time and to ours She demonstrates that though Horace is forced by his political circumstances to develop a new unthreatening style of satire his poems contain a challenge to our most profound habits of violence hierarchy and domination Focusing on the relationships between speaker and audience and between old and new style Schlegel examines the internal conflicts of a notoriously

difficult text This exciting contribution to the field of Horatian studies will be of interest to classicists as well as other scholars interested in the genre of satire      **The Function of Humour in Roman Verse Satire** Maria Plaza,2006-01-26

Plaza,2009-08-07 The last decades have seen a lively interest in Roman verse satire and this collection of essays introduces the reader to the best of modern critical writing on Persius and Juvenal The eight articles on Persius range from detailed analyses of his fine technique to readings inspired by theoretical approaches such as New Historicism Reader Response Criticism and Dialogics The nine selections on Juvenal focus upon the pivotal question in modern Juvenalian criticism how serious is the poet when he voices his appallingly misogynist homophobic and xenophobic moralism The contributors challenge the straightforward equivalence of author and speaker in a variety of ways and they also point up the technical aspects of Juvenal's art Three papers have been newly translated for this volume and all Latin quotations are also given in English A specially written Introduction provides a useful conspectus of recent scholarship      Why We're All Romans Carl J. Richard,2010-04-16 This engaging yet deeply informed work not only examines Roman history and the multitude of Roman achievements in rich and colorful detail but also delineates their crucial and lasting impact on Western civilization Noted historian Carl J Richard argues that although we Westerners are all Greeks in politics science philosophy and literature and all Hebrews in morality and spirituality it was the Romans who made us Greeks and Hebrews As the author convincingly shows from the Middle Ages on most Westerners received Greek ideas from Roman sources Similarly when the Western world adopted the ethical monotheism of the Hebrews it did so at the instigation of a Roman citizen named Paul who took advantage of the peace unity stability and roads of the empire to proselytize the previously pagan Gentiles who quickly became a majority of the religion's adherents Although the Roman government of the first century crucified Christ and persecuted Christians Rome's fourth and fifth century leaders encouraged the spread of Christianity throughout the Western world In addition to making original contributions to administration law engineering and architecture the Romans modified and often improved the ideas they assimilated Without the Roman sense of social responsibility to temper the individualism of

Hellenistic Greece classical culture might have perished and without the Roman masses to proselytize and the social and material conditions necessary to this evangelism Christianity itself might not have survived
