Roman Woman Everyday Life In Hadrians England:

Roman Woman Lindsay Allason-Jones, 2014-05-20 Roman Woman is a vivid portrayal of life in Roman Britain in this fascinating authentically detailed deftly woven narrative a family struggles to come to terms with new customs and to reconcile their cultural differences Life in the Limes Rob Collins, Frances McIntosh, 2014-03-31 Lindsay Allason Jones has been at the forefront of small finds and Roman frontier research for 40 years in a career focussed on but not exclusive to the north of Britain encompassing an enormous range of object types and subject areas Divided into thematic sections the contributions presented here to celebrate her many achievements all represent at least one aspect of Lindsay s research interests These encompass social and industrial aspects of northern frontier forts new insights into inscribed and sculptural stones specific to military communities religious cultural and economic connotations of Roman armour finds the economic and ideological penetration of romanitas in the frontiers as reflected by individual objects and classes of finds evidence of trans frontier interactions and invisible people the role of John Clayton in the exploration and preservation of Hadrian s Wall and its material culture the detailed consideration of individual objects of significant interest and a discussion of the widespread occurrence of mice in Roman art Leisure, Pleasure and Healing Estee Dvorjetski, 2007-06-25 The book deals with leisure pleasure and healing at the thermo mineral sites in the Levant since the biblical era throughout the Hellenistic Roman Byzantine and early Muslim periods It looks closely at the question of whether the spas which are models for social interaction between pagans Christians and Jews served as sacred cult places or popular sites of healing The main objectives of the book are as follows Clarifying the leisure time activities at the spas based on Classical and Rabbinic literature pilgrims travel books Syriac and Arabic texts the Geniza fragments cartographic evidence and archaeological findings Lightening the daily life healing cults medical recommendations and treatments Examining the social history of medicine at the curative baths *Companion to Women's Historical Writing* M. Spongberg, A. Curthoys, B. Caine, 2016-04-30 This A Z reference work provides the first comprehensive reference guide to the wide range of historical writing with which women have been involved particularly since the Renaissance The Companion covers biographical writing travelogue and historical fictions broadening the concept of history to include the forms of writing with which women have historically engaged The focus is on women writing in English internationally but historical and historiographical traditions from beyond the English speaking world are also examined Brief biographies of individual writers are included *The British National Bibliography* Arthur James Wells, 2006 Ancient Greek Letter Writing Paola Ceccarelli, 2013-09 Ceccarelli offers a history of the development of letter writing in ancient Greece from the archaic to the early Hellenistic period Highlighting the specificity of letter writing the volume looks at documentary letters and traces the role of embedded letters in the texts of the ancient historians in drama and in the speeches of the orators **The English Catalogue of Books ...** Sampson Low, 1909 *The English Catalogue of Books [annual].* , 1909 Vols 1898 include a directory of publishers **English and British History in 100**

Bite-size Chunks Paul Hodson, 2020-08-25 Very often history is thought of as that lesson we suffered through at school made into boring facts and figures rather than the rich and interesting tales that actually comprise it In English and British History in 100 Bite size Chunks history is enlivened and broken down into readable chunks that anyone can read and learn at their leisure Beginning at the beginning with the physical formation of these lands it ends where we are now with our current lifestyle government society beliefs complexities fears and hopes It charts the development of England's characteristics through the great and the good and ordinary men and women those who often get the glory and those who lived lives more hidden from history's storytellers It brings to life people places events and ideas and successes and failures This is not a story of England in splendid isolation but a more rounded picture touching on the influences from and on other places and nations for good or bad near and far in geography and time 100 Bitesize Chunks are followed by a recognition of historic themes and some conclusions and just a glimpse of the possible future history of a nation A commentary on history itself how we know how history works what we think of it and how we care for it or don't care for it this book is an encouragement to study history actively through the evidence we can see and touch and interpret in museums and in its real locations Ideal for anyone returning to history or for an enthusiast

A Dictionary of Roman Coins, Republican and Imperial Seth

William Stevenson, 1889 *A dictionary of Roman coins, republican and imperial, commenced by S.W. Stevenson, revised, in part, by C.R. Smith, and completed by F.W. Madden* Seth William Stevenson, 1889 Exposed Caroline Vout, 2022-09-15

WINNER OF THE LONDON HELLENIC PRIZE SHORTLISTED FOR THE ANGLO HELLENIC RUNICMAN AWARD A SUNDAY TIMES AND SPECTATOR BOOK OF THE YEAR A gloriously intimate tour of the body in antiquity Gavin Francis A triumph an extraordinary book that stopped me in my tracks Peter Frankopan The Greek and Roman body is often seen as flawless cast from life in buff bronze and white marble to sit upon a pedestal But this of course is a lie Here classicist Caroline Vout reaches beyond texts and galleries to expose Greek and Roman bodies for what they truly were anxious ailing imperfect diverse and responsible for a legacy as lasting as their statues Taking us on a gruesome thrilling journey she taps into the questions that those in the Greek and Roman worlds asked about their bodies where do we come from What makes us different from gods and animals What happens to our bodies and the forces that govern them when we die You've seen the paintings read the philosophers and heard the myths now here's the classical body in all its flesh and blood glory History

Adam Hart-Davis, 2012-03-20 Homo sapiens have remained the same species largely unchanged in genetic makeup and anatomy since the Cro Magnon era By contrast the cultural social and technological changes since then have been nothing less than extraordinary At the core of this development is the ability of humans to store and transmit knowledge so that each new generation stands upon the shoulders of its predecessors This ability to use what has gone before is what sets humans apart Telling our story from prehistory to the present day DK's History is a thought provoking journey revealing the common threads and forces that have shaped human history Taking a broad themed approach acknowledging varied factors at work

from climate ecology disease and geology and their roles in the human story this visual celebration makes history accessible and relevant putting events in their wider context and showing how they have shaped the world we live in Features inventions discoveries and ideas that have shaped world history Looks at human achievement through artifacts painting sculpture and architecture Places humankind in context as part of the natural world Includes eyewitness accounts and biographies of key figures at turning points in history Gives factors such as climate and natural disasters their full place in the human story Uncovers the past from analyzing ice cores to deciphering extinct languages A comprehensive timeline chronicles the key events of the countries of the world

The Classical Origins of Modern Homophobia Robert H. Allen, 2014-12-09 From government to literature to architecture few fields in western culture are untouched by the influence of Ancient Greece and Rome Even mores that may seem exclusively modern often have roots in the classical past This book takes an in depth look at the ancient roots of homophobia including its Pythagorean origins and its eventual spread throughout the Roman Empire and consequently the rest of the world Originally male homosexuality occupied something of an honorable position in ancient Greece By the end of the Roman period several centuries later this attitude had changed so radically that to be found guilty of homosexual actions was punishable by death This work investigates how such a shift occurred and traces the various cultural forces that brought about almost universal homophobia throughout western societies Beginning with the earliest documented instance of homophobia in the teachings of Pythagoras who was surrounded by mystery even in ancient times the author examines its proliferation through various disciplines citing sources from political history anthropology religion and psychology as well as the analysis of ancient texts Through extensive historical research he follows the concept from Greece to Macedonia and finally to Rome examining relevant religious attitudes including those of Christianity and Judaism Finally he discusses the ways in which homophobia was solidified in the legal legacy of the Roman Empire An extensive bibliography provides additional resources regarding classical influence on modern culture

The English Cyclopdia ,1871 The English Cyclopaedia: Cyclopaedia of arts and sciences Charles Knight, 1861 *The Saturday Review of Politics, Literature, Science and Art* ,1872 **The Library News-letter** ,1897
