Catholic History for Today's Church John W.

O'Malley, SJ, 2015-09-15 We can't understand the issues swirling in today's Catholic church without understanding the past. In *Catholic History for Today's Church*, acclaimed historian John W. O'Malley SJ illuminates some of today's most contentious issues from celibacy to the role of the pope through their history. In his characteristically engaging style, O'Malley's essays provide readers with an overview of each theme in history, then explore how that past connects with life today. Many of the essays highlight his expertise on the papacy and the papal curia as well as the significance and legacies of the Council of Trent and Vatican II. By taking a historical approach, O'Malley shows how contemporary issues arose, assesses where they are today, and suggests how they might be changed for the better. *Catholic History for Today's Church* takes an invaluable long view on topics that too often find us shortsighted.

The Origin of the Roman Catholic Church in Korea Jai-Keun Choi, 2006

Hailed by leading South Korean academics as the most significant research on the history of Korean Catholicism to date, Professor Jai Keun Choi of Yonsei University in Korea explores the origin of the Roman Catholic Church in the Korean peninsula. Professor Choi raises important historical questions: What were the historical forces that allowed Roman Catholicism to take root in the 19th century Choson Korea despite official governmental efforts to stamp out Catholicism through systematic persecution? What was the Korean populist reaction to Roman Catholic missions? What was the role that native Korean converts played in the spread of Catholicism throughout Korea? With a keen eye to the delicacies of conflicting historical forces, Professor Choi adroitly explains the complexities of the clash of civilizations in the experience of Choson Korea, where Korean Confucianism responded with greatest hostility to Roman Catholicism from the West. This book makes a significant scholarly contribution not only in the study of Korean history but also in such academic disciplines as sociology of religion, anthropology, political science, and international relations.

The Founding of the Roman Catholic Church in Oceania, 1825 to 1850 Ralph M. Wiltgen, 2010-06-01 *The Founding of the Roman Catholic Church in Oceania 1825-1850* is the first detailed and documentary history of the seminal period of Roman Catholic missionary activity. Beginning with the founding of the Prefecture Apostolic of the Sandwich Islands in 1825, there was continued development in Australia, New Zealand, Melanesia, Micronesia, and Polynesia for the next quarter century. By 1850, this vast area of the South Seas could boast of one archdiocese, eight dioceses, and eight vicariates apostolic. This lively dramatic narrative is told largely through the words of the participants, drawn from diaries, documents, and letters found in the archives of the Vatican and several religious orders. The comprehensive tale ranges from the politics of the Vatican to sufferings on outpost islands. The focus of attention shifts from Rome to Paris, Valparaiso, Sydney, Honiara, Auckland, and many other places in a study of men and institutions, faith and emotion, rivalries and confusions, murder and annexation, God and mammon. Originally published in 1979, this important historical study had been out of print and virtually unavailable for many years until this new edition was

Roman Catholicism After Vatican II Robert A. Burns, 2001 The second Vatican Council which concluded in December 1965 inaugurated a reformation process in the Catholic Church that continues to this day Grounding his discussion in the documents that came out of Vatican II Robert Burns addresses four critical questions that face the Church largely as an outcome of this first truly global Church council First Burns presents an overview of the evolving Roman Catholic understanding of Jesus Christ He follows with an analysis of authority within the Church a matter of some contention in today's democratic societies and a discussion of Catholicism as a global church incorporating people and practices from many cultures Finally Burns examines the validity of other religions in relation to the Christian claim that salvation through Jesus is unique and final A readable introduction for all Catholics interested in learning more about their church the book includes features such as chapter summaries and study questions that also make it an ideal textbook for undergraduates or parish study
