

Roman York

John Malam

Roman York:

A Historical Guide to Roman York Paul Chrystal, 2021-12-30 Considering that York was always an important Roman city there are few books available that are devoted specifically to the Roman occupation even though it lasted for over 300 years and played a significant role in the politics and military activity of Roman Britain and the Roman Empire throughout that period. The few books that there are tend to describe the Roman era and its events in date by date order with little attention paid either to why things happened as they did or to the consequences of these actions and developments. This book is different in that it gives context to what happened here in the light of developments in Roman Britain generally and in the wider Roman Empire. The author digs below the surface and gets behind the scenes to shed light on the political, social and military history of Roman York (Eboracum) explaining for example why Julius Caesar invaded what indeed was really behind the Claudian invasion, why was York developed as a military fortress, why as one of Roman Britain's capitals. Why did the emperors Hadrian and Severus visit the fortress? You will also discover how and why Constantine accepted and projected Christianity from here. York's role in the endless coups and revolts besetting the province, the headless gladiators and wonderful mosaics discovered here and why the Romans finally left York and Roman Britain to its own defence. These intriguing historical events are brought to life by reference to the latest local archaeological and epigraphical evidence to current research and to evolving theories relating to the city's Roman treasures of which can be seen in the Yorkshire Museum in York or in situ.

Roman York Patrick Ottaway, 2004 The great historic city of York owes its origins to the Roman army which built a fortress here on the banks of the River Ouse in AD 71. By the early third century York had also become the site of a major urban center and the capital of the northern half of Britain when what had been a single Roman province was divided into two. York's importance is reflected in the fact that two Roman emperors died in the city: Septimius Severus in the year 211 and Constantius I in 306; his son Constantine was then acclaimed emperor here by his father's troops. Roman York tells the story of the fortress and town from their foundation until the early fifth century when Britain ceased to be part of the Roman Empire. Particular emphasis is placed on the results of recent excavations and research which have added great deal to our knowledge and understanding of the people who lived in a place the Romans knew as Eboracum.

The Archaeology of Roman York Adam Parker, 2019-06-15 This book introduces the archaeology of Eboracum. A fascinating look at the rich Roman history of York.

Roman York from A.D. 71 : a pictorial guide Herman Ramm, 1985

York Sarah Rees Jones, 2013-10 This volume is a study of the development of the city of York as a place and as a community between 1068 and 1350.

Julia Velva, A Roman Lady from York Patrick Ottaway, 2021-05-30 An intriguing examination of what we can learn about life in Roman Britain using one woman's third century tombstone as a starting point. The tombstone of Julia Velva, one of the best preserved examples from Roman Britain, was found close to a Roman road just outside the center of York. Fifty years old when she died in the early third century, Julia Velva was probably from a wealthy

family able to afford a fine monument Patrick Ottaway uses the tombstone as the starting point to investigate what the world she lived in was like Drawing on the latest archaeological discoveries and scientific techniques the author describes the development of Roman York s legionary fortress civilian town and surrounding landscape He also looks at manufacturing and trade and considers the structure of local society along with the latest analytical evidence for people of different ethnic backgrounds Aspects of daily life discussed include literacy costume cosmetics and diet There are also chapters dedicated to the abundant York evidence for religion and burial customs This book presents a picture of what one would have found on the edge of a great empire at a time when York itself was at the height of its importance With dozens of photographs specially prepared plans and illustrations this is an excellent study of one of Roman Britain s most important places Medieval York D. M. Palliser,2014-01-23 Medieval York provides a comprehensive history of what is now considered England s most famous surviving medieval city covering nearly a thousand years The volume examines York from its post Roman revival as a town c 600 to the major changes of the 1530s and 1540s which in many ways brought an end to the Middle Ages in England York was one of the leading English towns after London and in status almost always the second city Much research and publication has been carried out on various aspects of medieval York but this volume seeks to cover the field in its entirety David Palliser offers an up to date and broad based account of the city by employing the evidence of written documents archaeology especially on the rich results of recent city centre excavations urban morphology numismatics art architecture and literature Special attention is paid to the city s religious drama and its wealth of surviving stained glass The story of Medieval York is set in a wide context to make comparisons with other English and Continental towns to establish how far York s story was distinctive or was typical of other English towns which have been less fortunate in the survival of their medieval fabric It is essential reading for anyone interested in York s past and in its rich heritage of medieval churches guildhalls houses streets and city walls the most complete medieval circuit in England Journal of Roman Pottery Studies Steven Willis,2022-08-11 The main focus of this volume is upon pottery production sites The major contribution comprises Excavations of Roman pottery kiln sites in Cantley Parish South Yorkshire 1956 1975 by Paul Buckland and the late John Magilton Other contributions publish the well preserved kiln complex and products at Lavenham Suffolk Andrew Newton Andrew Peachey et al mortaria and color coated production at Newport Lincoln Ian Rowlandson and Hugh Fiske a large typology of Roman pottery from Old Station Yard York Rob Perrin an exploration of actions applied to pottery placed in graves across Kent Martha Carter and a review article considering the pottery assemblage from the Saxon Shore Fort at Oudenburg Belgium excavated by Sofie Vanhoutte **Northumbria, 500-1100** David Rollason,2003-09-25 Publisher Description **The Cross Goes North** Martin Carver,2005 37 studies of the adoption of Christianity across northern Europe over1000 years and the diverse reasons that drove the process In Europe the cross went north and east as the centuries unrolled from the Dingle Peninsula to Estonia and from the Alps to Lapland ranging in time from Roman Britain

and Gaul in the third and fourth centuries to the conversion of peoples in the Baltic area a thousand years later These episodes of conversion form the basic narrative here History encourages the belief that the adoption of Christianity was somehow irresistible but specialists show the underside of the process by turning the spotlight from the missionaries who recorded their triumphs to the converted exploring their local situations and motives What were the reactions of the northern peoples to the Christian message Why would they wish to adopt it for the sake of its alliances In what way did they adapt the Christian ethos and infrastructure to suit their own community How did conversion affect the status of farmers of smiths of princes and of women Was society wholly changed or only in marginal matters of devotion and superstition These are the issues discussed here by thirty eight experts from across northern Europe some answers come from astute re readings of the texts alone but most are owed to a combination of history art history and archaeology working together

MARTIN CARVER is Professor of Archaeology University of York *Burial and Memorial in Late Antiquity* ,2024-10-02 *Burial and Memorial* explores funerary and commemorative archaeology A D 284 650 across the late antique world This second volume includes papers exploring all aspects of funerary archaeology from scientific samples in graves to grave goods and tomb robbing and a bibliographic essay It brings into focus neglected regions not usually considered by funerary archaeologists in NW Europe such as the Levant where burial archaeology is rich in grave good to Sicily and Sardinia where post mortem offerings and burial manipulations are well attested We also hear from excavations in Britain from Canterbury and London and see astonishing fruits from the application of science to graves recently excavated in Trier

The Correspondence of Dr. Martin Lister (1639—1712). Volume Two: 1678—1694 ,2025-09-25 Martin Lister 1639 1712 who served as physician to Queen Anne was a prominent Fellow of the Royal Society F R S and he was made an honorary M D by Oxford in 1684 The first scientific arachnologist and conchologist and a major benefactor of the Ashmolean Museum he corresponded regularly on natural history and medicine with its first and second keepers Robert Plot 1640 1696 and Edward Lhwyd 1660 1709 Lister s unpublished papers were among the largest of his donations to Oxford s fledgling museum of science In the mid nineteenth century these collections passed from the Ashmolean to the Bodleian Library They contain the bulk of his correspondence though sizeable quantities of his outgoing letters are held elsewhere chiefly in the Royal Society the Natural History Museum and the British Library s collection of Sloane Manuscripts This volume is a critical edition of this correspondence from 1678 to 1694 encompassing the years he established a medical practice in London and completed his major works on conchology

Celts, Romans, Britons Francesca Kaminski-Jones,Rhys Kaminski-Jones,2020 This book investigates the ways in which ideas associated with the Celtic and the Classical have been used to construct identities national ethnic regional etc in Britain from the period of the Roman conquest to the present day

Records of the Past ,1912 *Constantine and the Christian Empire* Charles Odahl,2010-07-02 This biographical narrative is a detailed portrayal of the life and career of the first Christian emperor Constantine the Great 273 337 Combining vivid narrative and historical analysis Charles Odahl

relates the rise of Constantine amid the crises of the late Roman world his dramatic conversion to and public patronage of Christianity and his church building programs in Rome Jerusalem and Constantinople which transformed the pagan state of Roman antiquity into the Christian empire medieval Byzantium The author's comprehensive knowledge of the literary sources and his extensive research into the material remains of the period mean that this volume provides a more rounded and accurate portrait of Constantine than previously available This revised second edition includes An expanded and revised final chapter A new Genealogy and an expanded Chronology New illustrations Revised and updated Notes and Bibliography A landmark publication in Roman Imperial early Christian and Byzantine history Constantine and the Christian Empire will remain the standard account of the subject for years to come [Moving Romans](#) Laurens E. Tacoma, 2016-05-26 While the importance of migration in contemporary society is universally acknowledged historical analyses of migration put contemporary issues into perspective Migration is a phenomenon of all times but it can take many different forms The Roman case is of real interest as it presents a situation in which the volume of migration was high and the migrants in question formed a mixture of voluntary migrants slaves and soldiers Moving Romans offers an analysis of Roman migration by applying general insights models and theories from the field of migration history It provides a coherent framework for the study of Roman migration on the basis of a detailed study of migration to the city of Rome in the first two centuries A D Advocating an approach in which voluntary migration is studied together with the forced migration of slaves and the state organised migration of soldiers it discusses the nature of institutional responses to migration arguing that state controls focused mainly on status preservation rather than on the movement of people It demonstrates that Roman family structure strongly favoured the migration of young unmarried males Tacoma argues that in the case of Rome two different types of the so called urban graveyard theory which predicts that cities absorbed large streams of migrants apply simultaneously He shows that the labour market which migrants entered was relatively open to outsiders yet also rather crowded and that although ethnic community formation could occur it was hardly the dominant mode by which migrants found their way into Rome because social and economic ties often overrode ethnic ones The book shows that migration impinges on social relations on the Roman family on demography on labour relations and on cultural interaction and thus deserves to be placed high on the research agenda of ancient historians Photo Krien Clevis from the series Echoes of Eternity Krien Clevis is an artist researcher PhD who is working on an ongoing photo project part of the multi disciplinary Dutch research project Mapping the Via Appia Clevis contribution to the project is devoted to this unique historical avenue of memories which over the centuries has been subject to constant change She studies the different perspectives on this street ranging from its protection to its opening up See also www.knir.it/krienclevis or www.krienclevis.com *The Recovery of Roman Britain 1586-1906* Richard Hingley, 2008-06-26 From the sixteenth century classical texts enabled Scottish and English authors and artists to imagine the character and appearance of their forebears and to consider the relevance of these ideas to their

contemporaries Richard Hingley's study crosses traditional academic boundaries by exploring sources usually separately addressed by historians classicists archaeologists and geographers to provide a new perspective on the origin of English and Scottish identity His book is the first full exploration of these issues to cover such a long period in the development of British society and to relate ideas derived from Roman sources to the development of empire while also placing ideas of origin in a European context It is illustrated throughout with artefact drawings site plans and photographs **Sentient Archaeologies** Courtney Nimura, Rebecca O'Sullivan, Richard Bradley, 2023-07-15 Archaeology in the past century has seen a major shift from theoretical frameworks that treat the remains of past societies as static snapshots of particular moments in time to interpretations that prioritize change and variability Though established analytical concepts such as typology remain key parts of the archaeologist's investigative toolkit data gathering strategies and interpretative frameworks have become infused progressively with the concept that archaeology is living in the sense of both the objects of study and the discipline as a whole The significance for the field is that researchers across the world are integrating ideas informed by relational epistemologies and mutually constructive ontologies into their work from the initial stage of project design all the way down to post excavation interpretation This volume showcases examples of such work highlighting the utility of these ideas to exploring material both old and new The illuminating research and novel explanations presented contribute to resolving long standing problems in regional archaeologies across Africa Asia Australia Europe and Oceania In this way this volume reinvigorates approaches taken towards older material but also acts as a springboard for future innovative discussions of theory in archaeology and related disciplines **Yorkshire, A Very Peculiar History** John Malam, 2012-02-06 Yorkshire is well known for its miners pudding and cricket but Yorkshire A Very Peculiar History scrapes beyond the surface and past the clichés Featuring a host of characters from Yorkshire past and present it's not all grit and grime Tracing Yorkshire's history back through Roman and Viking rule to the various tribes which populated the area in prehistoric times this book covers the largest county in England from all angles Featuring quirky tales of Yorkshire's crucial role in the industrial revolution and detailed stories about the famed Wars of the Roses it tells the astonishing tale of this large and historic county and its people and culture International Congress of Roman Frontier Studies 20 Ángel Morillo Cerdán, Norbert Hanel, Esperanza Martín, 2009 This massive three volume set publishes the proceedings of the 2006 Limes conference which was held in Leon a total of 138 contributions Naturally these cover a vast range of topics related to Roman military archaeology and the Roman frontiers The archaeology of the Roman military in Spain and contributions by Spanish scholars are prominent whilst other themes include the internal frontiers the end of the frontiers and the barbarians in the empire the fortified town in the late Roman period soldiers on the move and the early development of frontiers Further sessions had a regional focus Majority of essays in English some in Spanish German and Italian
