

The Romance of American Communism

Vivian
Gornick

"The best book ever
written about the inner life
of socialists."
—Cory Robin,
New York Magazine

Romance American Communism

Allen M. Hornblum

Romance American Communism:

The Romance of American Communism Vivian Gornick, 2020-04-07 Writer and critic Vivian Gornick's long unavailable classic exploring how Left politics gave depth and meaning to American life Before I knew that I was Jewish or a girl I knew that I was a member of the working class So begins Vivian Gornick's exploration of how the world of socialists communists and progressives in the 1940s and 1950s created a rich diverse world where ordinary men and women felt their lives connected to a larger human project Now back in print after its initial publication in 1977 and with a new introduction by the author *The Romance of American Communism* is a landmark work of new journalism profiling American Communist Party members and fellow travelers as they joined the Party lived within its orbit and left in disillusionment and disappointment as Stalin's crimes became public *The Romance of American Communism* Vivian Gornick, 1977 **The Romance of American Communism** Vivian Gornick, 1977 **Mother Jones Magazine**, 1983-09 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues *Workers on the Waterfront* Bruce Nelson, 1990 With working lives characterized by exploitation and rootlessness merchant seamen were isolated from mainstream life Yet their contacts with workers in port cities around the world imbued them with a sense of internationalism These factors contributed to a subculture that encouraged militancy spontaneous radicalism and a syndicalist mood Bruce Nelson's award winning book examines the insurgent activity and consciousness of maritime workers during the 1930s As he shows merchant seamen and longshoremen on the Pacific Coast made major institutional gains sustained a lengthy period of activity and expanded their working class consciousness Nelson examines the two major strikes that convulsed the region and caused observers to state that day to day labor relations resembled guerilla warfare He also looks at related activity from increasing political activism to stoppages to defend laborers from penalties refusals to load cargos for Mussolini's war in Ethiopia and forced boardings of German vessels to tear down the swastika *American Communism* James O Neal, 1927 **Post-Cold War Revelations and the American Communist Party** Vernon L. Pedersen, James G. Ryan, Katherine A. S. Sibley, 2021-01-14 Of all the third party movements in American history none have been as controversial as the Communist Party of the United States of America Although denounced as a tool of the Soviet Union accused of espionage and charged with advocating the revolutionary overthrow of the American government before WWII it had been an accepted part of the political landscape This collection offers an intriguing insight into this controversial political party in light of the Moscow archives that were made accessible after the end of the Cold War This collection of original essays explores new aspects in the history of American Communism drawing on a range of documents from Moscow and Eastern Europe Examining traditional subjects in the light of new evidence the essays cover a range of topics including party leaders espionage campaigns against racism the Spanish Civil War communism and gender the fate of members after the McCarthy era and ways in which Communists became Anti Communists **A Time of Fear**

Albert Marrin, 2021-03-30 From National Book Award Finalist and Sibert Honor Author Albert Marrin a timely examination of Red Scares in the United States including the Rosenbergs the Hollywood Ten and the McCarthy era In twentieth century America no power and no threat loomed larger than the communist superpower of the Soviet Union America saw in the dreams of the Soviet Union the overthrow of the US government and the end of democracy and freedom Meanwhile the Communist Party of the United States attempted to use deep economic and racial disparities in American culture to win over members and sympathizers From the miscarriage of justice in the Scotsboro Boys case to the tragedy of the Rosenbergs to the theatrics of the Hollywood Ten to the menace of the Joseph McCarthy and his war hearings Albert Marrin examines a unique time in American history and explores both how some Americans were lured by the ideals of communism without understanding its reality and how fear of communist infiltration at times caused us to undermine our most deeply held values The questions he raises ask What is worth fighting for And what are you willing to sacrifice to keep it Filled with black and white photographs throughout this timely book from an award author brings to life an important and dramatic era in American history with lessons that are deeply relevant today Learning from the Left Julia L. Mickenberg, 2006 Publisher Description **Working on Screen** Malek Khouri, Darrell Varga, 2006-01-01 Working on Screen thus expands the scholarly debates on the concept of national cinema and builds on the rich formative efforts of Canadian cultural criticism that held dear the need for cultural autonomy *The Socialist Manifesto* Bhaskar Sunkara, 2019-04-30 A razor sharp introduction to this political and economic ideology makes a galvanizing argument for modern socialism Naomi Klein and explains how its core tenets could effect positive change in America and worldwide In *The Socialist Manifesto* Bhaskar Sunkara explores socialism s history since the mid 1800s and presents a realistic vision for its future With the stunning popularity of Bernie Sanders and Alexandria Ocasio Cortez Americans are embracing the class politics of socialism But what exactly is socialism And what would a socialist system in America look like The editor of Jacobin magazine Sunkara shows that socialism though often seen primarily as an economic system in fact offers the means to fight all forms of oppression including racism and sexism The ultimate goal is not Soviet style planning but to win rights to healthcare education and housing and to create new democratic institutions in workplaces and communities A primer on socialism for the 21st century this is a book for anyone seeking an end to the vast inequities of our age *Karl Marx in America* Andrew Hartman, 2025-05-27 The vital and untold story of Karl Marx s stamp on American life To read Karl Marx is to contemplate a world created by capitalism People have long viewed the United States as the quintessential anti Marxist nation but Marx s ideas have inspired a wide range of people to formulate a more precise sense of the stakes of the American project Historians have highlighted the imprint made on the United States by Enlightenment thinkers such as Adam Smith John Locke and Thomas Paine but Marx is rarely considered alongside these figures Yet his ideas are the most relevant today because of capitalism s centrality to American life In *Karl Marx in America* historian Andrew Hartman argues that even though Karl Marx never visited America the country has been

infused shaped and transformed by him Since the beginning of the Civil War Marx has been a specter in the American machine During the Gilded Age socialists read Marx as an antidote to the unchecked power of corporations In the Great Depression communists turned to Marx in hopes of transcending the destructive capitalist economy The young activists of the 1960s were inspired by Marx as they gathered to protest an overseas war Marx s influence today is evident too as Americans have become increasingly attuned to issues of inequality labor and power After decades of being pushed to the far left corner of intellectual thought Marx s ideologies have crossed over into the mainstream and are more alive than ever Working class consciousness is on the rise and as Marx argued the future of a capitalist society rests in the hands of the people who work at the point of production A valuable resource for anyone interested in Marx s influence on American political discourse Karl Marx in America is a thought provoking account of the past present and future of his philosophies in American society *Comrade* Jodi Dean,2019-10-01 When people say comrade they change the world In the twentieth century millions of people across the globe addressed each other as comrade Now among the left it s more common to hear talk of allies In *Comrade* Jodi Dean insists that this shift exemplifies the key problem with the contemporary left the substitution of political identity for a relationship of political belonging that must be built sustained and defended Dean offers a theory of the comrade Comrades are equals on the same side of a political struggle Voluntarily coming together in the struggle for justice their relationship is characterized by discipline joy courage and enthusiasm Considering the egalitarianism of the comrade in light of differences of race and gender Dean draws from an array of historical and literary examples such as Harry Haywood C L R James Alexandra Kollontai and Doris Lessing She argues that if we are to be a left at all we have to be comrades **Joe Zuken, Citizen and Socialist** Doug Smith,1990-01-01 Acknowledgements Introduction 1 A Child of the North End 1912 1929 2 A Political Education 1929 1940 3 It Did Happen Here 1933 1940 4 The Defence of Canada 1940 1942 5 The School Board Years 1942 1962 6 The Cold War in Manitoba 1945 1962 7 A Shield for the Poor 1940 1986 8 A Communist at City Hall 1962 1971 9 The Unicity Years 1972 1983 Epilogue People Interviewed Bibliography Index

How Can I Keep from Singing? David King Dunaway,2008-03-18 How Can I Keep from Singing is the compelling story of how the son of a respectable Puritan family became a consummate performer and American rebel Updated with new research and interviews unpublished photographs and thoughtful comments from Pete Seeger himself this is an inside history of the man Carl Sandburg called America s Tuning Fork In the only biography on Seeger David Dunaway parts the curtains on his life Who is this rail thin eighty eight year old with the five string banjo whose performances have touched millions of people for more than seven decades Bob Dylan called him a saint Joan Baez said We all owe our careers to him But Seeger s considerable musical achievements were overshadowed by political controversy when he became perhaps the most blacklisted performer in American history He was investigated for sedition harassed by the FBI and the CIA picketed and literally stoned by conservative groups Still he sang Today Seeger remains an icon of conscience and culture and his

classic antiwar songs sung by Bruce Springsteen and millions of others live again in the movement against foreign wars His life holds lessons for surviving repressive times and for turning to music to change the world This biography is a beauty It captures not only the life of the bard but the world of which he sings Studs Terkel A fine and meticulous biography Dunaway has taken Seeger s materials and woven them into a detailed interesting and well written narrative of a most fascinating life American Music An extraordinary tale of an extraordinary man that will intrigue not only his legions of followers but everyone interested in one man s battles and victories Chicago Sun Times *Red Love Across the Pacific* Paula Rabinowitz,Ruth Barraclough,Heather Bowen-Struyk,2015-09-16 This book examines the Red Love vogue that swept across the Asia Pacific in the 1920s and 1930s as part of a worldwide interest in socialism and follows its trails throughout the twentieth century Encouraging both political and sexual liberation Red Love was a transnational movement demonstrating the revolutionary potential of love and desire *The Invisible Harry Gold* Allen M. Hornblum,2010-09-28 A gripping account of the man who gave the USSR the plans for the atom bomb The subject of the most intensive public manhunt in the history of the FBI Gold was arrested in May 1950 His confession revealed scores of contacts and his testimony in the trial of the Rosenbergs proved pivotal **Discontents** Paul Hollander,2018-01-18 What ails people at the present time in Western and especially American society is an inexhaustible subject Discussion of these discontents in the United States in the last decade of the twentieth century leads to an obvious question How much and what kind of discontents are possible in a society that has experienced over a decade of economic growth close to full employment hardly any inflation falling crime rates declining teenage pregnancies and other good things Is there anything to worry about in a country that has become the undisputed superpower of the world and no longer faces another hostile superpower such as the Soviet Union used to be Paul Hollander wrestles with these and other questions in seeking to understand conditions and developments within American culture and society in the context of their relationship to political systems movements and ideas critical of the United States and Western values Hollander examines disparate phenomena such as the O J Simpson case the banning of West Side Story in Amherst Massachusetts the popularity and exposu of Rigoberta Menchu and the appeal of sports utility vehicles which shed light on the major themes of the volume Topics include conflicts among American intellectuals including disputes over the Kosovo intervention the impact of postmodernism on higher education the persisting appeal of victimhood in American society the flaws of American sociology academic specialists failure to anticipate the collapse of the Soviet Union and the new anti Americanism in postcommunist societies Among topics of historical interest are a survey of Western judgments and misjudgments of the communist systems examination of the relative neglect of political violence in communist states and analysis of officially enforced secular religious cult of communist rulers Many of these writings are linked to the author s longstanding interest in why people accept or reject particular political systems and in the contradictory human needs and desires which condition and limit the pursuit of social and political ends Sociologists political scientists and the general

reader will find this book of great interest Grand Strategies of the Left Van Jackson,2023-11-02 Why are progressives often critical of US foreign policy and the national security state What would a statecraft that pulls ideas from the American left look like Grand Strategies of the Left brings the progressive worldview into conversation with security studies and foreign policy practice It argues that American progressives think durable security will only come by prioritizing the interconnected conditions of peace democracy and equality By conceiving of grand strategy as worldmaking progressives see multiple ways of using foreign policy to make a more just and stable world US statecraft including defense policy should be retooled not for primacy endless power accumulation or a political status quo that privileges elites but rather to shape the context that gives rise to perpetual insecurity Progressive worldmaking has its own risks and dilemmas but expands how we imagine what the world is and could be Civil Rights Unionism Robert Rodgers Korstad,2003 Recovering an important moment in early civil rights activism Korstad chronicles the rise and fall of the union that represented thousands of African American tobacco factory workers in Winston Salem N C in the first half of the 20th century

Romance American Communism Book Review: Unveiling the Magic of Language
