The Romance of Colonial Style Tricia Foley, Jeff McNamara, Catherine Calvert, 1993 *Travel and Colonialism in 21st Century Romantic Historical Fiction* Paloma Fresno-Calleja, Hsu-Ming Teo, 2024-12-16

Romantic fiction has often involved stories of travel. In narratives of the journey towards love, romance often involves encounters with exotic places and peoples. When history is invoked in such stories, the past itself is exoticised and treated as other to the present to serve the purposes of romanticisation, a narrative strategy by which all manner of things, settings, characters, costumes, customs, consumables are made to perform a luxuriant otherness that amplifies the experience of love. This volume questions the reparative function of Anglophone romantic historical fiction to ask: can plots of travel and discourses of tourism empower women while narrating stories of healing for the wounds of the past? This is the first volume to consider how romanticised and exoticised women's historical fiction not only serves the purposes of armchair travel but may also replicate colonial discourse unintentionally positioning readers as neocolonial neo-Orientalist cultural voyeurs as well as voyagers.

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024

The *Oxford Handbook of British Romantic Prose* is a full length essay collection devoted entirely to British Romantic nonfiction prose. Organized into eight parts, each containing between five and nine chapters arranged alphabetically, the Handbook weaves together familiar and unfamiliar texts, events, and authors and invites readers to draw comparisons, reimagine connections and disconnections, and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries. The Handbook builds on previous scholarship in the field, considers emerging trends and evolving methodologies, and suggests future areas of study. Throughout, the emphasis is on lucid expression rather than gnomic declaration, and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples. Taken as a whole, the volume demonstrates the energy, originality, and diversity at the crux of British Romantic nonfiction prose. It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets, and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers.
