# Romance Of Democracy

**Chanté Dao**

## Romance Of Democracy:

**The Romantic Revolution in America: 1800-1860** Vernon Louis Parrington, 2017-07-12 The development of literature between 1800 and 1860 in the United States was heavily influenced by two wars The War of 1812 hastened the development of nineteenth century ideals and the Civil War uprooted certain growths of those vigorous years The half century between these dramatic episodes was a period of extravagant vigor the final outcome being the emergence of a new middle class Parrington argues that America was becoming a new world with undreamed potential This new era was no longer content with the ways of a founding generation The older America of colonial days had been static rationalistic inclined to pessimism and fearful of innovation During the years between the Peace of Paris 1763 and the end of the War of 1812 older America was dying The America that emerged which is the focal point of this volume was a shifting restless world eager to better itself bent on finding easier roads to wealth than the plodding path of natural increase The culture of this period also changed Formal biographies written in this period often gave way to eulogy it was believed that a writer was under obligation to speak well of the dead Consequently scarcely a single commentary of the times can be trusted and the critic is reduced to patching together his account out of scanty odds and ends A new introduction by Bruce Brown highlights the life of Vernon Louis Parrington and explains the importance of this second volume in the Pulitzer Prize winning study The Atlantic Monthly, 1920 Intrigue Allan Hepburn, 2008-10-01 Intrigue examines the tradition of the spy narrative in the 20th century setting the historical contexts for the main themes of the genre such as the Cambridge spy ring the Profumo Affair Hepburn offers a systematic theory of the conventions attractions of espionage fiction Handbook of American Romanticism Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The Handbook of American Romanticism presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries

*Democracy's Spectacle* Jennifer Greiman, 2011-01-03 What is the hangman but a servant of law And what is that law but an expression of public opinion And if public opinion be brutal and thou a component part thereof art thou not the hangman s accomplice Writing in 1842 Lydia Maria Child articulates a crisis in the relationship of democracy to sovereign power that continues to occupy political theory today Is sovereignty with its reliance on singular and exceptional power fundamentally inimical to democracy Or might a more fully realized democracy distribute share and popularize sovereignty thus blunting its exceptional character and its basic violence In *Democracy's Spectacle* Jennifer Greiman looks to an earlier moment in the history of American democracy s vexed interpretation of sovereignty to argue that such questions about the popularization of sovereign power shaped debates about political belonging and public life in the antebellum United States In an emergent

democracy that was also an expansionist slave society Greiman argues the problems that sovereignty posed were less concerned with a singular and exceptional power lodged in the state than with a power over life and death that involved all Americans intimately Drawing on Alexis de Tocqueville s analysis of the sovereignty of the people in Democracy in America along with work by Gustave de Beaumont Lydia Maria Child Nathaniel Hawthorne and Herman Melville Greiman tracks the crises of sovereign power as it migrates out of the state to become a constitutive feature of the public sphere Greiman brings together literature and political theory as well as materials on antebellum performance culture antislavery activism and penitentiary reform to argue that the antebellum public sphere transformed by its empowerment emerges as a spectacle with investments in both punishment and entertainment

**Lessons of Romanticism** Thomas Pfau, Robert F. Gleckner, 1998  
Explores how the Romantic period gave birth to a seductive cognitive cultural program that retains far reaching implications for contemporary views on individuality and relationships between the individual and larger groups of identification

Established *Community and Government* Howard Washington Odum, 1921 **University of North Carolina Extension Leaflets**, 1921 **Romantic Reveries** W. F. Moquin, 2019-07-15 The time has come for Christianity to make a complete break with the burden of Christendom It was the malfeasance of the latter that gave us secular society and opened the way for government to become the god of modernity It s also time for humanity to become less optimistic about its own potential for perfect solutions to everything

Romantic Agency Luke Brunning, 2024-04-24 This is a book for people energized by the possibilities of modern intimacy but who feel unsure about their own romantic lives Alternative lifestyles such as nonmonogamy while liberating in theory can feel remote in practice as we are fixed in place by insecurities and social pressures In Romantic Agency philosopher Luke Brunning encourages readers to think more deeply about what it means for relationships to not only work but flourish Guided by the thought that our abilities to be intimate cannot be taken for granted he argues that our romantic agency is fragile and best cultivated alongside other people Together we can become more realistic balance playfulness with integrity and value each other s flourishing Anyone can benefit from this exploration of intimate life regardless of their relationship status or romantic ideals Compelling and timely Romantic Agency is a groundbreaking account of love and relationships

*Romance literature pamphlets*, 1920 *Damned If You Do* Margaret S. Hrezo, John M. Parrish, 2010-01-01 Problems of individual moral choice have always been closely bound up with the larger normative concerns of political theory There are several reasons for this continuing connection First the value conflicts involved in private moral choice often find themselves reproduced on the public stage for example states may find it difficult to do right by both justice and mercy in much the same way individuals do Second we frequently find conflicts among the values at stake in individual life and public life such that the moral choice we must make is between private and public goods Loosely speaking choices which express these conflicts are what philosophers call moral dilemmas choices in which no matter what one does one will be forfeiting some important moral good in which wrongdoing is to some degree inescapable

in which one is perhaps literally damned if one does and damned if one doesn't The eight essays collected in this volume explore the philosophical problem of moral dilemmas as that problem finds expression in ancient drama classic and contemporary novels television film and popular fiction They consider four main types of dilemmas In the first section the authors examine dilemmas associated with political stability and regime change as expressed in the HBO television series *Deadwood* and in Stephen King's novels and short stories The second section confronts dilemmas associated with public leadership considering the ethical conflicts in Aeschylus's classical dramas *The Suppliants* Tolkien's *Lord of the Rings* and in the contemporary FOX television series *24* In the volume's third section the authors examine dilemmas of institutional evil specifically slavery as they emerge in Harriet Beecher Stowe's classic novel *Uncle Tom's Cabin* and in J K Rowling's *Harry Potter* novels Finally the collection considers dilemmas of community and choice in Toni Morrison's novel *Paradise* and in the contemporary film *A Simple Plan*

**Political Liberalism and the Rise of American Romanticism** Scott M. Reznick, 2024-07-18 *Political Liberalism and the Rise of American Romanticism* explores how American Romanticism developed in response to pervasive conflicts over democracy's moral dimensions in the early republic and antebellum eras By recovering the long under examined tradition of political liberalism for literary studies it traces how US writers reacted to ongoing moral and political conflict by engaging with liberal thinkers and ideas as they endeavored to understand how individuals beholden to a divergent array of moral convictions might nevertheless share a stable and just political world the very dilemma at the core of political liberalism This study demonstrates how those philosophical engagements sparked Romanticism's rise and eventual flourishing as US writers increasingly embraced Romantic literary modes emphasizing the imagination's capacity for creative synthesis and the role it plays in shoring up the habits of mind and feeling that are vital to a meaningful democratic culture It offers revisionary readings of works by Charles Brockden Brown Robert Montgomery Bird James Fenimore Cooper Harriet Beecher Stowe Frederick Douglass and Nathaniel Hawthorne to show how these Romantic writers were preoccupied with how individuals come to embrace their deepest convictions and what happens when they encounter others who see the world differently

*Constructive Ventures in Government* Addison Hibbard, Edgar Ralph Rankin, Elizabeth Lay Green, Howard Washington Odum, John E. Lear, Louis Round Wilson, Paul John Weaver, University of North Carolina (1793-1962), 1920

**The Hive** Will Levington Comfort, 2021-05-19

In *The Hive* Will Levington Comfort embarks on a fascinating exploration of the interdependence of nature and human society drawing a compelling analogy between the intricate workings of a beehive and the dynamics of human relationships. The narrative weaves together rich descriptive prose and symbolic representation immersing readers in an evocative literary style that echoes the early 20th century's fascination with natural mysticism and the emerging movements of environmental consciousness. Comfort's work is situated within the broader context of American literature's introspective quest for connection with nature reflecting prevailing thoughts of the time regarding ecology and communal harmony. Will Levington Comfort a prominent figure in early 20th century literature was deeply influenced by his experiences in communal living and his interest in metaphysical philosophy. His extensive travels and encounters with diverse cultures informed his holistic worldview prompting him to articulate the interconnectedness of all life in *The Hive*. Comfort's background as a nature writer and his dedication to spiritual exploration manifest vividly throughout the text revealing his belief in the essential symbiosis between humanity and the natural world. This insightful work is highly recommended for readers interested in ecological themes as well as those who appreciate lyrical prose that elevates simple observations into profound meditations on life. *The Hive* not only deepens one's appreciation for nature but also inspires a thoughtful examination of our roles in the broader tapestry of existence.

**Genres of Modernity** Dirk Wiemann, 2008 *Genres of Modernity* maps the conjunctures of critical theory and literary production in contemporary India. The volume situates a sample of representative novels in the discursive environment of the ongoing critical debate on modernity in India and offers for the first time a rigorous attempt to hold together the stimulating impulses of postcolonial theory, subaltern studies and the boom of Indian fiction in English. Combining close readings of literary texts from Salman Rushdie to Kiran Nagarkar with a wide range of philosophical, sociological and historiographic reflections *Genres of Modernity* is of interest not only for students of postcolonial literatures but for academics in the fields of Cultural Studies at large. **BOOK JACKET**

**Tripartite Realms of Existence** Chanté Dao, 2011-12-15 In this light hearted book the author channels a new perspective on the human dynamic. The source of this information comes from Philemon Rois who lives in the celestial realms. Some know him as Philemon who sits on the council of Sirius. Philemon has devoted his present life to the growth and development of the tripartite consciousness. Within this galaxy there are many forms of unfolding consciousness. All humankind is a tripartite being embodying the manifestation of a divine trinity. This book describes the basic structure of the tripartite life form and its major purposes as it unfolds within its various planes of existence. Through a cooperative effort Philemon and the author who have walked a path together for many lifetimes you are guided on an exploration of the key lessons available within the tripartite realms of existence. Here you will find simple and practical teachings that once learned will allow you to begin the path of actualizing your true identity and gifting your presence as a Tripartite Creator God. **The Public**, 1912
