Romance Of Desire:

Love, Sex, and Desire in Modern Egypt L. L. Wynn, 2018-11-23 Cairo is a city obsessed with honor and respectability and love affairs. Sara, a working class woman, has an affair with a married man and becomes pregnant only to be abandoned by him. Ayah and Zeid, a respectably engaged couple, argue over whether Ayah's friend is a prostitute or a virgin. Malak, a European belly dancer who sometimes gets paid for sex, wants to be loved by a man who won't treat her like a whore just because she's a dancer. Alia, a Christian banker who left her abusive husband, is the mistress of a wealthy Muslim man, Haroun, who encourages business by hosting risqué parties for other men and their mistresses. Set in transnational Cairo over two decades, *Love, Sex, and Desire in Modern Egypt* is an ethnography that explores female respectability, male honor, and Western theories and fantasies about Arab society. L. L. Wynn uses stories of love affairs to interrogate three areas of classic anthropological theory: mimesis, kinship, and gift. She develops a broad picture of how individuals love and desire within a cultural and political system that structures the possibilities of and penalties for going against sexual and gender norms. Wynn demonstrates that love is at once a moral horizon, an attribute that naturally inheres in particular social relations, a social phenomenon strengthened through cultural concepts of gift and kinship, and an emotion deeply felt and desired by individuals.

Sacred Music, Religious Desire and Knowledge of God Julian Perlmutter,2020-02-20 Many people find sacred choral music profound and deeply evocative even in societies that seem to be turning away from religious belief In this book Julian Perlmutter examines how in light of its wide appeal sacred music can have religious significance for people regardless of their religious convictions By differentiating between doctrinal belief and the desire for God Perlmutter explores a longing for the spiritual that is compatible with both belief and interested non belief He describes how sacred music can elicit this kind of longing thereby helping the listener to grow in religious openness The work of Thomas Merton is also analyzed in order to show that musically elicited desire for God can be incorporated into the Christian practice of contemplative prayer aimed ultimately at a union of love with God By exploring connections between desire knowledge and religious practice this engaging account illustrates how sacred music can have a transformative effect on one s wider spiritual life Of particular interest to philosophers and theologians the book makes a novel contribution to several topics including religious epistemology the philosophy of emotion and aesthetics *Romance Revisited* Lynne Pearce,Jackie Stacey,1995-10 After decades of feminism and deconstruction romance remains firmly in place as a central preoccupation in the lives of most women Divorce rates skyrocket the traditional family is challenged from all sides and yet romance seems indestructible In terms of its cultural representation the popularity of romance also appears unchallenged Popular fiction Hollywood cinema television soap operas and the media in general all display a seemingly bottomless appetite for romantic subjects The trappings of classic romance white weddings love songs Valentine s Day are as commercially viable as ever In this anthology of original essays romance is revisited from a wide spectrum of perspectives not just in fiction and film but in a whole range

Love's Knowledge Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of

ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements *The Death-ego and the Vital Self* Gavriel Reisner,2003 This volume presents original views of the relationship between desire and romance It begins by looking anew at the nature of desire citing its central theoretical text as Freud s Beyond the Pleasure Principle It traces the struggle between myth and romance between the ego on its way to death and the self in search of life through close readings of poems and letters of John Keats and in detailed considerations of a series of novels including Frankenstein Wuthering Heights Jane Eyre and Sons and Lovers **The Structure of Concern: A Challenge for Thinkers** Neil LaChapelle,2008-12-08 This book has two goals It introduces a pattern of 4 interlocking constraints which I call the structure of concern and it issues a challenge to all of the thinkers of world to find the best level of description for it the level at which it might be explained concern structure models turn up everywhere including discussions of knowledge management methodologies suicide yoga information systems sex multi agent networking ethics nervous system organization drama military planning speech pragmatics forest conservation education and even philosophy Some concern structure models are quite specialized and obscure but some others count among the most widely used conceptual frameworks we have My main goal in this book is simply to compare all of these frameworks to point out the similarities between them This catalog itself is the argument I make in this book the argument that some universal pattern lurks among all these models a universal pattern that needs description **Illumination** Christopher Alan Anderson,2012-09-13 A metaphysical account as well as the author s own experience of illumination This writing is a step into the light of a procreative metaphysics as well as being the author s most autobiographical statement The Man and Woman Spiritual Center is only expressed in an actual touch between a man and a woman It cannot be expressed in any other way That touch may range from a momentary conscious recognition to a full embrace but a touch one to another it is The Spiritual Center is not expressed through belief pledge worship ritual or the paying of alms It is not something that can be institutionalized dogmatized or ratified There isn t any prescribed path to take master to follow or status to attain for its expression There is only a man and a woman touching and expressing creation together **Illumination** Author Bio Christopher Alan Anderson 1950 received the basis of his education from the University of Science and Philosophy Swannanoa Waynesboro Virginia He resides in the transcendental romantic tradition that vein of spiritual

creativity of the philosopher and poet His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love Mr Anderson began these writings in 1971 The first writings were published in 1985 On a personal note when Mr Anderson was asked to describe the writings and what he felt their message was he responded Spiritual procreation Mankind has yet to distinguish the two sexes on the spiritual level In this failure lies the root of our problems and why we cannot yet touch the eternal together The message of man and woman balance brings each of us together in love with our eternal other half right now keywords Illumination Procreation Metaphysics Spirit Sexual Touch Male And Female Consciousness Never Meant to Be Alone Justin Hendrix,2024-12-27 We tend to think of singleness as simply the absence of marriage We think its value comes from the freedom that entails Yet singleness is not empty We perceive it as such because we struggle to articulate its real worth Singleness and marriage are complements not opposites Both point toward union with God in Christ They rest on the same promises and they participate in the same reality There are distinct elements of God s character and purposes that are revealed in singleness just as there are in marriage The goal of this book is to see his beauty more clearly from the vantage that singleness offers *Lawyers at Play* Jessica Winston,2016 Many early modern poets and playwrights were also members of the legal societies the Inns of Court and these authors shaped the development of key genres of the English Renaissance especially lyric poetry dramatic tragedy satire and masque But how did the Inns come to be literary centers in the first place and why were they especially vibrant at particular times Early modernists have long understood that urban setting and institutional environment were central to this phenomenon in the vibrant world of London educated men with time on their hands turned to literary pastimes for something to do Lawyers at Play proposes an additional more essential dynamic the literary culture of the Inns intensified in decades of profound transformation in the legal profession Focusing on the first decade of Elizabeth s reign the period when a large literary network first developed around the societies this study demonstrates that the literary surge at this time developed out of and responded to a period of rapid expansion in the legal profession and in the career prospects of members Poetry translation and performance were recreational pastimes however these activities also defined and elevated the status of inns of court men as qualified learned and ethical participants in England s legal magistracy those lawyers judges justices of the peace civic office holders town recorders and gentleman landholders who managed and administered local and national governance of England Lawyers at Play maps the literary terrain of a formative but understudied period in the English Renaissance but it also provides the foundation for an argument that goes beyond the 1560s to provide a framework for understanding the connections between the literary and legal cultures of the Inns over the whole of the early modern period **Sex and Love in the Home, Second Edition** David M. McCarthy,2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of

Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne
