## **Romancing The Life And Work Of Henry Green:**

*Romancing* Jeremy Treglown, 2000 Henry Green led a double life As Henry Yorke a descendant of the earl of Hardwicke and Baron Leconfield he was a wealthy aristocrat with a family fortune and an engineering plant in the British Midlands As Henry Green the pseudonym he settled on after trying out Henry Browne he wrote nine of our century's most original novels including *Living Party* *Going Caught* and *Loving* all of which with daringly experimental techniques capture the psychological truths of ordinary life in dramatic sometimes poignant and often hilarious ways Green also formed friendships and rivalries with many of his time's leading literary figures including Evelyn Waugh and Anthony Powell Eudora Welty and Terry Southern And he led an extravagantly messy personal life Jeremy Treglown the highly praised biographer of Roald Dahl discusses Green's novels in close connection with his life his unusual camaraderie with factory workers his sympathy for servants his ambivalence about his peers his drinking and his extramarital affairs Treglown also shows how Green's portrayal of everyday uncertainties mirrored his efforts to understand his weaknesses and the chaotic conduct of his life efforts whose literary results John Updike has said bring the rectangle of the printed page alive like little else in English fiction of this century

**Henry Green** Nick Shepley, 2016-07-29 Henry Green *Class Style* and the *Everyday* offers a critical prism through which Green's fiction from his earliest published short stories as an Eton schoolboy through to his last dialogic novels of the 1950s can be seen as a coherent subtle and humorous critique of the tension between class style and realism in the first half of the twentieth century The study extends on going critical recognition that Green's work is central to the development of the novel from the twenties to the fifties acting as a vital bridge between late modernist inter war post war and postmodernist fiction The overarching contention is that the shifting and destabilizing nature of Green's oeuvre sets up a predicament similar to that confronted by theorists of the everyday Consequently each chapter acknowledges the indeterminacy of the writing whether it be the non singular functioning or malfunctioning of the name the open ended purposefully ambiguous nature of its symbols the shifting cinematic nature of Green's prose style the sensitive but resolutely unsentimental depictions of the working classes and the aristocracy in the inter war period the impact of war and its inconsistent irruptions into daily life or the ways in which moments or events are rapidly subsumed back into the flux of the everyday their impact left uncertain Critics have historically offered up singular readings of Green's work or focused on the poetic or recreative qualities of certain works particularly those of the 1940s Green's writing is undoubtedly poetic and extraordinary but this book also pays attention to the clichéd meta textual and uneventful aspects of his fiction

Henry Green at the Limits of Modernism Marius Hentea, 2013-11-01 Although Henry Green has been recognised by James Wood David Lodge and John Updike as one of the most innovative writers of his time his significant achievement remains largely neglected Henry Green at the Limits of Modernism provides a theoretically sophisticated and historically nuanced reading of Green's novels and makes the case for Green's importance in reconsiderations of modernism late modernism and post war

realism This work is the most ambitious reassessment of Green's oeuvre to date and thus critical reading for scholars interested in modernism late modernism and the evolution of British post war fiction Arguing against the predominant view of Green's fiction as an autonomous literary construction the work connects Green to a number of social and literary contexts resulting in fresh readings of his novels and also a greater accessibility to an author long considered oblique and elusive With significant investigations of Green's connection to his literary generation his multifaceted and formally innovative handling of social class his negotiations of narrative authority and authorship and the importance of disability studies to understanding Green's fiction this study charts the complex trajectories of Green's fiction against both social and literary contexts The work also moves beyond the narrow confines of British literature to explore Green's connections to broader trends in European literature

**Henry Green** Peter Wolfe, 2017-11-28 By mid career many successful writers have found a groove and their readers come to expect a familiar consistency and fidelity Not so with Henry Green 1905-1973 He prefers uncertainty over reason and fragmentation over cohesion and rarely lets the reader settle into a nice cozy read Evil he suggests can be as instructive as good Through Green's use of paradoxical and ambiguous language his novels bring texture to the flatness of life making the world seem bigger and closer We soon stop worrying about what Hitler's bombs have in store for the Londoners of *Caught* 1943 and *Back* 1946 and start thinking about what they have in store for each other Praised in his lifetime as England's top fiction author Green is largely overlooked today This book presents a comprehensive analysis of his work for a new generation of readers

*The Novel After Film* Jonathan Foltz, 2018 In this provocative and original study Jonathan Foltz charts the institutional stylistic and conceptual relays that linked literary and cinematic cultures and that fundamentally changed the nature and status of storytelling in the early twentieth century

**The Politics of 1930s British Literature** Natasha Periyar, 2018-06-14 Winner of the 2018 International Standing Conference for the History of Education's First Book Award Drawing on a rich array of archival sources and historical detail *The Politics of 1930s British Literature* tells the story of a school minded decade and illuminates new readings of the politics and aesthetics of 1930s literature In a period of shifting political claims educational policy shaped writers' social and gender ideals This book explores how a wide array of writers including Virginia Woolf W H Auden George Orwell Winifred Holtby and Graham Greene were informed by their pedagogic work It considers the ways in which education influenced writers' analysis of literary style and their conception of future literary forms *The Politics of 1930s British Literature* argues that to those perennial symbols of the 1930s the loudspeaker and the gramophone should be added the textbook and the blackboard

**The Cambridge Companion to English Novelists** Adrian Poole, 2009-12-10 In this *Companion* leading scholars and critics address the work of the most celebrated and enduring novelists from the British Isles excluding living writers among them Defoe Richardson Sterne Austen Dickens the Brontës George Eliot Hardy James Lawrence Joyce and Woolf The significance of each writer in their own time is explained the relation of their work to that of predecessors and successors explored and their most

important novels analysed These essays do not aim to create a canon in a prescriptive way but taken together they describe a strong developing tradition of the writing of fictional prose over the past 300 years This volume is a helpful guide for those studying and teaching the novel and will allow readers to consider the significance of less familiar authors such as Henry Green and Elizabeth Bowen alongside those with a more established place in literary history      **The Fellowship** Philip Zaleski, Carol Zaleski, 2015-06-02 A stirring group biography of the Inklings the Oxford writing club featuring J R R Tolkien and C S Lewis      **Rosamond Lehmann** Selina Hastings, 2012-02-29 The life of Rosamond Lehmann was as romantic and harrowing as that of any of her fictional heroines Her first novel the shocking *Dusty Answer* became wildly successful launching her career as a novelist and just as her novels depicted the tempestuous lives of her heroines Rosamond's personal life would be full of heartbreaking affairs and lost loves Escaping from a disastrous early marriage Rosamond moved right into the heart of Bloomsbury society with Wogan Philipps Later on she would embark on the most important love affair of her life with the poet Cecil Day Lewis nine years later he abandoned her for a young actress a betrayal from which she would never recover Selina Hastings masterfully creates a portrait of a woman whose dramatic life work and relationships criss crossed the cultural literary and political landscape of England in the middle of the twentieth century      On Modern British Fiction Zachary Leader, 2002 In this volume fourteen of today's very best novelists and critics join forces to create a landmark study of the last 50 years of British fiction Essays by Martin Amis Ian McEwan Hilary Mantel James Wood Christopher Hitchens Michael Wood Elaine Showalter and others range from modern historical fiction and nationality to lad lit and the comic tradition from criticism and reviewing to the reception of British fiction in America Among the many writers explored here are Angus Wilson Angela Carter Iris Murdoch Penelope Fitzgerald V S Pritchett Naipaul and Rushdie Provocative and insightful this is a must read for anyone interested in modern fiction      *Narratives of Memory* V. Stewart, 2006-10-12 This book identifies memory a previously unexamined concern in both literary and popular writing of the 1940s Emphasizing the use of memory as a structural device this book traces developments in narrative during and immediately after the war Authors include Margery Allingham Elizabeth Bowen Graham Greene Patrick Hamilton and Denton Welch      *Bright Young People* D. J. Taylor, 2024-07-02 Jampacked and delicious crammed with a cast of selfish feckless darling talented almost terminally eccentric good looking men and women Carolyn See The Washington Post Before the media circus of Britney Spears Paris Hilton and our modern obsession with celebrity there were the Bright Young People a voraciously pleasure seeking band of bohemian party givers and blue blooded socialites who romped through the gossip columns of 1920s London Evelyn Waugh immortalized their slang their pranks and their tragedies in his novels and over the next half century many from Cecil Beaton to Nancy Mitford and John Betjeman would become household names But beneath the veneer of hedonism and practical jokes was a tormented generation brought up in the shadow of war Sparkling talent was too often brought low by alcoholism and addiction Drawing on the virtuosic and often wrenching writings of the Bright Young People themselves

the biographer and novelist D J Taylor has produced an enthralling account of an age of fleeting brilliance An ultimately elegiac narrative with a surprising amount of intellectual and emotional sympathy The New York Times Engaging Taylor s skillful reconstruction of the whole hazy time feels like a lasting party favor NPR Incisive and richly detailed The New York Times Book Review A poignant study of the elusive relationship between art and the social world from whence it springs The New York Observer A splendid social history By placing generational tensions and tenderness center stage Taylor gives his book a beating emotional heart Los Angeles Times Book Review Entertaining and incisive The Boston Globe Fascinating The Wall Street Journal Compelling and ultimately touching The Guardian

**Reading the Ruins** Leo Mellor,2011-09-15 From fires to ghosts and from flowers to surrealist apparitions the bombsites of London were both unsettling and inspiring terrains Yet throughout the years prior to the Second World War British culture was already filled with ruins and fragments They appeared as content with visions of tottering towers and scraps of paper and also as form in the shapes of broken poetics But from the outbreak of the Second World War what had been an aesthetic mode began to resemble a proleptic template During that conflict many modernist writers such as Graham Greene Louis MacNeice David Jones J F Hendry Elizabeth Bowen T S Eliot and Rose Macaulay engaged with devastated cityscapes and the altered lives of a nation at war To understand the potency of the bombsites both in the Second World War and after Reading the Ruins brings together poetry novels and short stories as well as film and visual art

Elizabeth Taylor N. H. Reeve,2008 The novels and stories of Elizabeth Taylor 1912 75 have always had an enthusiastic following among the general reading public This study aims to introduce her work to trace some of its recurrent preoccupations with memory dispossession and bereavement and with her generation s experience of wartime as both disruption and opportunity

**Great War Modernism** Nanette Norris,2015-12-16 New Modernist Studies while reviving and revitalizing modernist studies through lively scholarly debate about historicity aesthetics politics and genres is struggling with important questions concerning the delineation that makes discussion fruitful and possible This volume aims to explore and clarify the position of the so called core of literary modernism in its seminal engagement with the Great War In studying the years of the Great War we find ourselves once more studying the giants about whom there is so much more to say as well as adding hitherto marginalized writers and a few visual artists to the canon The contention here is that these war years were seminal to the development of a distinguishable literary practice which is called modernism but perhaps could be further delineated as Great War modernism a practice whose aesthetic merits can be addressed through formal analysis This collection of essays offers new insight into canonical British American European modernism of the Great War period using the critical tools of contemporary expansionist modernist studies By focusing on war and on the experience of the soldier and of those dealing with issues of war and survival these studies link the unique forms of expression found in modernism with the fragmented violent and traumatic experience of the time
