Romancing The Goddess Three Middle English Romances About Women:

Romancing the Goddess Marijane Osborn, 1998 Take three exciting medieval romances translate them two for the first time into modern English verse and you ll have only part of Marijane Osborn s *Romancing the Goddess* Osborn introduces and translates the three tales all dealing with women cast adrift upon the northern and Mediterranean seas then shows how the stories forge a hitherto missing link with worship of a savior goddess in the distant past **Medieval English Romance in Context** Gail Ashton, 2010-04-15 Structured in three parts this book focuses on immediate contexts key texts and wider contexts enabling development from background issues through the actual literary texts to criticism and afterlives

Annotated Chaucer bibliography Mark Allen, Stephanie Amsel, 2015-11-01 An extremely thorough expertly compiled and crisply annotated comprehensive bibliography of Chaucer scholarship between 1997 and 2010 *Melusine the Serpent Goddess in A. S. Byatt's Possession and in Mythology* Gillian M. E. Alban, 2003-01-01 *Melusine the Serpent Goddess in Myth and Literature* examines how women were once worshipped as the life force but later suppressed with the introduction of monotheism and a changing attitude regarding the sexes It connects the literary conception of the Melusine story to myths and legends of the snake or dragon goddess from ancient to contemporary times The Medusa Gaze in Contemporary Women's Fiction Gillian M. E. Alban, 2017-08-21 The *Medusa Gaze* offers striking insights into the desires and frustrations of women through the narratives of the impressive contemporary novelists Angela Carter Toni Morrison Sylvia Plath Margaret Atwood A S Byatt Iris Murdoch Jeanette Winterson Jean Rhys and Mich le Roberts It illuminates women s power and vulnerability as they construct their own egos in opposition to their hostile alter egos or others facing them in their mirrors and fixes a panoptic gaze on the women stalking its pages as they learn how to deflect the menacing gaze of others by returning their look defiantly back at them Some stare back and win assurance others are stared down reduced to psychic trauma madness and even suicide The book shows how Freud s Sartre s and Lacan s androcentric views define the Medusa m other as monstrous and how the efforts of mothers to nurture may be slighted as inadequate or devouring It presents Medusa and other goddess figures as inspirational repelling harm through the evil eye of their powerful gaze Conversely it also shows women who are condemned as monstrous Gorgons trapped in enmity rivalry and rage Representing English American and African American Canadian and Caribbean writing the works explored here include realistic social narrative and magical realist writings in addition to tales of the past and dystopian narratives Incest and the Medieval Imagination Elizabeth Archibald, 2001-05-24 Incest is a remarkably frequent theme in medieval literature it occurs in a wide range of genres including romances saints s lives and exempla Historically the Church in the later Middle Ages was very concerned about breaches of the complex laws against incest which was defined very broadly at the time to cover family relationships outside the nuclear family and also spiritual relationships through baptism Medieval writers accepted that incestuous desire was a widespread phenomenon among women as well as men They are surprisingly open about incest though of course they

disapprove of it in many exemplary stories incest is identified with original sin but the moral emphasizes the importance of contrition and the availability of grace even to such heinous sinners This study begins with a brief account of the development of medieval incest laws and the extent to which they were obeyed Next comes a survey of classical incest stories and their legacy many were retold in the Middle Ages but they were frequently adapted to the purposes of Christian moralizers In the three chapters that follow homegrown medieval incest stories are grouped by relationship mother son focusing on the Gregorius legend father daughter focusing on La Manekine and its analogues and sibling focusing on the Arthurian legend The final chapter considers the very common medieval trope of the Virgin Mary as mother daughter sister and bride of Christ the one exception to the incest taboo In western society today incest has recently been recognized as a serious social problem and has also become a frequent theme in both fiction and non fiction just as it was in the Middle Ages This interdisciplinary study is the first broad survey of medieval incest stories in Latin and the vernaculars mainly French English and German It situates the incest theme in both literary and cultural contexts and offers many thought provoking comparisons and contrasts to our own society in terms of gender relations the power of patriarchy the role of religious institutions in regulating morality and the relationship between life and literature **The Survival of Myth** Paul

Hardwick,David Kennedy,2010-04-16 What are myths and what are they for Myths are stories that both tell us how to live and remind us of the inescapability and pull of the collective past The Survival of Myth Innovation Singularity and Alterity explores the continuing power of primal stories to inhabit our thinking An international range of contributors examine a range of texts and figures from the Bible to Cormac McCarthy and from Thor to the Virgin Mary to focus on the way that ancient stories both give access to the unconscious and offer individuals and communities personae or masks Myths translated and recreated become in this sense very public acts about very private thoughts and feelings The subtitle of the book Innovation Singularity and Alterity reflects the way in which the history of cultures in all genres is a history of innovation of a search for new modes of expression which paradoxically often entails recourse to myth precisely because it offers narratives of singularity and otherness which may be readily appropriated The individual contributors offer testament to the continuing significance of myth through its own constant metamorphosis as it both reflects and transforms the societies in which it is re produced **English Writers** B. Generic Instability and Identity in the Contemporary Novel Madelena Gonzalez,2009-12-14 Contemporary aesthetics is characterized by generic mixing on the level of both form and content The barriers between different media and different genres have been broken down in all literary art forms whether it be theatre poetry or the novel While the publishing industry is increasingly keen to label novels according to genre or sub genre Chick Lit Lad Lit Gay fiction Scottish fiction New Historical Fiction Crime fiction Post 9 11 Fiction the novel itself and novelists persist in resisting generic categorizations as well as inviting them Is this a move towards a new artistic liberty or does it simply testify to a confusion of identity The aesthetic supermarket evoked by Lodge in 1992 does indeed seem to sum up the variety of choices open to writers of fiction today and a literary landscape characterized by crossover and hybridization The familiar dialectic of realism versus experimentation has segued into a middle ground of consensus which is neither radical nor populist but both at the same time The techniques of postmodernism have become selling points for novels and the Postmodern Condition itself seems little more than a narrative posture marketed for an increasingly wide audience Whether they have recourse to a repertoire of imposture Amis Self Winterson as Richard Bradford would have it The Novel Now 2007 in other words the abandonment of any obligation to explain or justify their excursions from credulity and mimesis or like the New Puritans make use of narrative minimalism in order to foreground their own peculiarities contemporary novelists consistently draw attention to the fundamental instability of narrative process and genre The much feared apocalypse of the novel has failed to take place with the arrival of the new millennium but generic game playing and flickering narrative hesitation and uncertainty continue to pose the question of what constitutes a novel today and to challenge its identity in a world where all culture is increasingly public increasingly contested and increasingly multifarious Thanks to theoretical approaches as well as analyses of specific works this collection of essays aims to examine the concepts of generic instability and cross fertilization of narrative postures and impostures and their constant redefinition of identity which contaminates the very concept of genre It demonstrates the diversity of generic practices in the novel today and furnishes us with undeniable

evidence of how generic instability is fundamentally constitutive of the contemporary novel's identity
