Romania-Bulgaria Road Map Collet's Holdings, Ltd. Staff, 1989-01-01 10,000 Map and Travel Publications Reference Catalog Travel Centers of the World (Firm), 1983 *Bibliographic Guide to Maps and Atlases 1996* G K HALL, G. K. Hall and Co. Staff, 1997-07 *Europe Undivided* Milada Anna Vachudova, 2005-02-17 *Europe Undivided* analyzes how an enlarging EU has facilitated a convergence toward liberal democracy among credible future members of the EU in Central and Eastern Europe. It reveals how variations in domestic competition put democratizing states on different political trajectories after 1989 and how the EU's leverage eventually influenced domestic politics in liberal and particularly illiberal democracies. In doing so, *Europe Undivided* illuminates the changing dynamics of the relationship between the EU and candidate states from 1989 to 2004 and challenges policymakers to manage and improve EU leverage to support democracy, ethnic tolerance, and economic reform in other candidates and proto candidates such as the Western Balkan states, Turkey, and Ukraine. Albeit not by design, the most powerful and successful tool of EU foreign policy has turned out to be EU enlargement, and this book helps us understand why and how it works. Border Security Jess T. Ford, 2009-02 Under the Visa Waiver Program (VWP), citizens from 27 countries can travel to the U.S. visa free. Terrorism concerns involving VWP country citizens have led some to suggest eliminating or suspending the program while the executive branch is considering adding countries to it. Legislation passed in 2007 led the Dept. of Homeland Security to develop its Electronic System for Travel Authorization (ESTA) to screen VWP country citizens before they travel to the U.S. If found ineligible, travelers will need to apply for a visa. This report reviewed how 1) program elimination and suspension, 2) program expansion, and 3) ESTA could affect visa demand, resource needs, and revenues. Includes recommendations. *Romanian Agriculture and Transition Toward the EU* Kenneth J. Thomson, 2003-01-01 Of the ten Central and Eastern European countries that have applied for membership in the European Union, Romania ranks among the largest and most impoverished. Romania represents the final challenge in the European Union's enlargement to the east, largely due to its major but underdeveloped agriculture and food sectors. The agriculture industry, which is a major component of the national economy, extends its pervasive influence to both Romanian social life and environment. Consequently, the transition towards a market-oriented economic system will pose new obstacles for the country's farmers, processors, traders, and policymakers. While identifying the impediments that surround Romanian agriculture and its inevitable progression towards transition is a simple task, the challenges lie in recommending solutions. Through careful analysis of numerous recent studies on reform policies in the Romanian agri-food sector during its economic transition, this comprehensive examination offers perspicacious suggestions and insights on the following topics in particular: international trade, credit for agricultural development, price policies, and rural development. The conclusions reached are not only of domestic importance and application; they are also of immediate relevance for many post-socialist countries for which the agri-food sector is a principal vehicle for rural development. **Roadmap to Bangalore?** Almas Heshmati, Arno
