Comrades No More Renee De Nevers, 2003-06-20 In 1989 Soviet control over Eastern Europe ended when the communist regimes of the Warsaw Pact collapsed These momentous and largely bloodless events set the stage for the end of the Cold War and ushered in a new era in international politics Why did communism collapse relatively peacefully in Eastern Europe Why did these changes occur in 1989 after more than four decades of communist rule Why did this upheaval happen almost simultaneously in most of the Warsaw Pact In *Comrades No More* Renee de Nevers examines how internal and external factors interacted in the collapse of East European communism She argues that Gorbachev's reforms in the Soviet Union were necessary to start the process of political change in Eastern Europe but domestic factors in each communist state determined when and how each country abandoned communism A demonstration effect emerged as Hungary and Poland introduced reforms and showed that Moscow would not intervene to prevent political and economic changes De Nevers analyzes the process of change in Hungary Poland Bulgaria the German Democratic Republic Czechoslovakia and Romania She traces the pattern of reform in each country and shows how these patterns influenced their postcommunist political evolution

Cuban Communism Irving Louis Horowitz, Jaime Suchlicki, There is no handier guide to the Castro regime and the debates swirling around it Foreign Affairs Appearing in the aftermath of the stunning events surrounding the Elian Gonzalez case the nature of Cuban Communism has again become a core issue for the American people Cuban Communism has widely come to be known as the Bible of Cuban Studies It has been updated and upgraded for the fourth decade of Castro's successful seizure of power the longest running dictatorship in the world In addition to articles and essays representing recent developments in Cuba the work boasts an update of three new features that will make it even more important to students scholars and researchers in the area The volume has an entirely new section on future prospects for civil society and democracy for Cuba in a post Castro environment It also contains a chronology of events from 1959 through 2000 that will be important as a guide for studying the period Finally the work contains a brief but carefully constructed who's who of important players in Cuba and the regime during the Castro period Some of the articles new to the tenth edition of *Cuban Communism* are by Ernesto Betancourt Technical Assistance Needs for Institutional Transformation Andrew Natsios Humanitarian Assistance During a Democratic Transition in Cuba Juan J Lopez Non Transition in Cuba Michael Radu United States and Cuba after Castro Sergio Diaz Briquets International Lending Institutions in Cuba's Transition Process and Future Security Issues between the United States and Cuba by Brian Latell This edition sheds new light on why despite predictions of imminent collapse the Castro regime has remained in power It offers insights into the survival potential of dictatorships and illegitimate regimes despite crisis and ostracism It is more than ever a must volume for those interested in comparative political systems and social structures Irving Louis Horowitz is Hannah Arendt Distinguished

Hutchings, 1997 Hutchings adds a scholar's balanced judgment and historical perspective to his insider's view from the White House as he reconstructs how things looked to policymakers in the United States and in Europe describes how and why decisions were made and critically examines those decisions in the light of what can now be known *Problems of Democratic Transition and Consolidation* Juan J. Linz, Alfred Stepan, 1996-08-22 Since their classic volume *The Breakdown of Democratic Regimes* was published in 1978 Juan J Linz and Alfred Stepan have increasingly focused on the questions of how in the modern world nondemocratic regimes can be eroded and democratic regimes crafted In *Problems of Democratic Transition and Consolidation* they break new ground in numerous areas They reconceptualize the major types of modern nondemocratic regimes and point out for each type the available paths to democratic transition and the tasks of democratic consolidation They argue that although nation state and democracy often have conflicting logics multiple and complementary political identities are feasible under a common roof of state guaranteed rights They also illustrate how without an effective state there can be neither effective citizenship nor successful privatization Further they provide criteria and evidence for politicians and scholars alike to distinguish between democratic consolidation and pseudo democratization and they present conceptually driven survey data for the fourteen countries studied *Problems of Democratic Transition and Consolidation* contains the first systematic comparative analysis of the process of democratic consolidation in southern Europe and the southern cone of South America and it is the first book to ground post Communist Europe within the literature of comparative politics and democratic theory This is an important volume by two major scholars on a central topic one of broad interest to people in comparative politics to those interested in democracy and to regional specialists on Southern Latin America and on Central and Eastern Europe The
