Bejan, 2019-08-23 In 1930s Bucharest some of the country's most brilliant young intellectuals converged to form the Criterion Association Bound by friendship and the dream of a new modern Romania their members included historian Mircea Eliade critic Petru Comarnescu Jewish playwright Mihail Sebastian and a host of other philosophers and artists Together they built a vibrant cultural scene that flourished for a few short years before fascism and scandal splintered their ranks Cristina A. Bejan asks how the far right Iron Guard came to eclipse the appeal of liberalism for so many of Romania's intellectual elite drawing on diaries memoirs

and other writings to examine the collision of culture and extremism in the interwar years The first English language study of Criterion and the most thorough to date in any language this book grapples with the complexities of Romanian intellectual life in the moments before collapse

Romania Lucian Boia, 2001 Romania occupies a unique position on the map of Eastern Europe It is a country that presents many paradoxes In this book the preeminent Romanian historian Lucian Boia examines his native land's development from the Middle Ages to modern times delineating its culture history language politics and ethnic identity Boia introduces us to the heroes and myths of Romanian history and provides an enlightening account of the history of Romanian Communism He shows how modernization and the influence of the West have divided the nation town versus country nationalists versus pro European factions the elite versus the masses and argues that Romania today is in chronic difficulty as it tries to fix its identity and envision a future for itself The book concludes with a tour of Bucharest whose houses streets and public monuments embody Romania's traditional values and contemporary contradictions

Romania, 1916-1941 Dennis Deletant, 2022-08-19 This study challenges the rose tinted view of the interwar period in Romanian history which is often judged against the darkness of almost five decades of Communist rule Romania like several of the states of Eastern Europe emerged from the First World War as it had entered it as a predominantly agricultural country and one of its major problems was the condition of the peasantry This volume's focus is the drive to improve that condition on the collapse of democracy and the search by Romania's leaders for strategies to secure the state to assert the country's independence and to maintain its territorial integrity in the face of the threat to the European order posed by two totalitarian systems represented by Nazi Germany and the Soviet Union By examining recent scholarship this volume provides the most up to date account of Romania's predicament in the interwar years Romania 1916 1941 is a useful resource for upper level undergraduates postgraduates and scholars interested in foreign policy politics society internationalization and late development in interwar Central and Eastern Europe

Subverting Communism in Romania Mihaela Serban, 2019-08-22 Subverting Communism in Romania explores the role of law in everyday life and as a mechanism for social change during early communism in Romania Mihaela Serban focuses on the regime's attempts to extinguish private property in housing through housing nationalization and expropriation This study of early communist law illustrates that law is never just an instrument of state power particularly over the long term and from a ground up perspective Even during its most totalitarian phase communist law enjoyed a certain level of autonomy at the most granular level and consequently was simultaneously a space of state power and resistance to power The book draws from archives recently made available in Romania which have opened up new perspectives for understanding a mundane yet crucial part of the modern human experience one's home and the institution of private property that often sustains it

Politics and Peasants in Interwar Romania Sorin Radu, Oliver Jens Schmitt, 2017-11-06 The volume discusses the integration of peasants into the nation building project of Greater Romania with a focus on social and cultural practices Thus it addresses

one of the key questions of the new political system in post imperial East Central and Southeast Europe It advocates a shift from a multiple top down perspective capital province urban political elites rural voters to an analysis concentrating on regionally diverse rural societies with a special interest in the predominantly ethnic Romanian population The Holocaust in Romania Radu Ioanid,2022-04-20 In this book Ioanid explores in great detail the physical destruction of Romania s Jewish and Roma communities including the pogroms of Bucharest and Iasi as well as the deportations and the massacres from Bessarabia Bukovina and Transnistria Based on thousands of archival documents and testimonies of survivors The Holocaust in Romania sheds new light on Romania s prefascist and fascist antisemitic legislation and its implementation New chapters consider the forced labor of the Jews persecution by the Protestant churches and the decision making process of the Antonescu government in its treatment of Jews and Roma With this book the Romanian Holocaust will no longer be forgotten

Romania and the Quest for European Identity Cristian Cercel,2019-03-15 Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book shows that the underlying reasons for German prestige are strongly connected with Romania s endeavors to become European The election in 2014 of Klaus Iohannis as Romania s president was hailed as evidence that the country chose a European future that Iohannis belonged to Romania s tiny German minority was also considered to have played a part in his success Cercel argues that representations of Germans in Romania descendants of twelfth century and eighteenth century colonists become actually a symbolic resource for asserting but also questioning Romania s European identity Such representations link Romania s much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe Investigating this case of discursive self colonization and this apparent symbolic embrace of the German Other in Romania the book offers a critical study of the discourses associated with Romania s postcommunist Europeanization to contribute a better

understanding of contemporary West East relationships in the European context This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany It should also appeal to scholars of memory studies and those interested in the study of otherness in general

Romania Redefined in British Travel Narratives Dimitrios Kassis, 2025-01-19 Remaining in relative obscurity until the early nineteenth century the Danube Principalities were persistently viewed as a region inhabited by citizens of the Ottoman Empire that epitomised all the negative qualities attached to Eastern Europe having no direct connection to the Greek and Slavic cultures that bordered Wallachia Moldavia and Transylvania Romanians were often subjected to the most severe scrutiny by British travellers who ventured into this part of the Balkan Peninsula In juxtaposition with other Balkan nations such as the Greeks and Serbians whose national struggle was met with the sympathy

of European intellectuals the Romanian speaking populations were often demonised persistently ignored or systematically represented on the basis of their state of vassalage to the nearby empires This volume pertains to the representations of Romania in ten British travelogues which approached Romanianness from different angles triggering the image of the decadent Oriental Other the Romanian political context was explored in tune with the interests of the British expansionist agenda and through the lens of the Anglo Saxon racial discourse that occupied a prevalent position in Victorian imagination
