Joseph GUY (the Elder.),1810 The Lincoln pocket guide sir Charles Henry J. Anderson (bart.),1880 **Entering a Clerical Career at the Roman Curia, 1458-1471** Kirsi Salonen, Jussi Hanska, 2016-05-06 Building on recent revisionist histories of the quality and ability of the late medieval clergy this is a comprehensive survey of the ordinations of priests at the Roman curia during the pontificates of Pius II 1458 1464 and Paul II 1464 1471 This period has often been presented as one of stasis within the Catholic Church falling between the conciliar movement of the first half of the fifteenth century and the Protestant Reformation and counter reformation of the sixteenth century However the authors argue that this period was one of gradual reform whereby the Church attempted to define and control the quality of the clergy The study analyses archival documentation to reconstruct exactly how young men entered a clerical career and also what influence practices at the curia had on wider clerical ordinations The book concentrates especially on the role of the Apostolic Penitentiary in controlling the quality of priest candidates and on the role of Camera Apostolica in carrying out ecclesiastical ordinations in the papal curia In considering the rules of who could enter the clerical career and also why and how these rules might be circumvented this book sheds new light on the late medieval Current Contents. within it and the thrust of each book in a handy yet thorough way that demystifies the Bible and simplifies understanding Shaping the Canons of Ancient Greek Historiography Ivan Matijašić, 2018-08-06 The main focus of this book is the ancient formation and development of the canons of Greek historiography It takes a fresh look on the modern debate on canonical literature and deals with Greek historiographical traditions in the works of ancient rhetors and literary critics Writings on historiography by Cicero Quintilian and Dionysius of Halicarnassus are chiefly taken into account to explore the canons of Greek historians in Hellenistic and Roman Imperial Ages Essential in canon formation was the concept of classicism which took shape in the Age of Augustus but whose earlier developments can be traced back to Isocrates a model rhetor according to Dionysius at the end of the 1st century BC The analysis explores also late antique authors of school treatises and progymnasmata a field where historiography had a pedagogical function Previous studies on canonical literature have rarely considered historiography This book examines not only the works of ancient historians and their legacy but also the relationship between historiography literary criticism and the rhetorical tradition NAZI SALUTES, BELLAMY SALUTES, HITLER SALUTES, ROMAN SALUTES, FASCIST SALUTES Ian Tinny, Lin Xun, Baba Yaga, Nazi salutes were made in the USA That's one of many amazing revelations explained in this eye popping book All the secrets are revealed here about the notorious gesture known by many names Nazi salutes Bellamy salutes Hitler salutes Roman salutes Fascist salutes Most of what is written about Adolf Hitler is designed to deceive the public For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most readers 1 Hitler was influenced by American socialists the USA's Pledge of Allegiance to the flag was the origin of Nazi salutes and Nazi behavior. The pledge was written by an American national socialist 2 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 3 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 4 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 5 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 6 The term Nazi isn t in Mein Kampf nor in Triumph of the Will 7 The term Fascist never appears in Mein Kampf as a self description by Hitler 8 The term swastika never appears in the original Mein Kampf 9 There is no evidence that Hitler ever used the word swastika 10 The symbol that Hitler did use was intended to represent S letter shapes for socialist 11 Hitler altered his own signature to reflect his S shapes for socialism logo branding 12 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 13 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists 14 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed

on for Hitler's Holocaust 15 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler's Holocaust never ended Stalin replaced Hitler Hitler Stalin Mao Mussolini and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide Francis Bellamy was the author of the Pledge of Allegiance to the flag the origin of the infamous stiff armed salute adopted later under German socialism and Adolf Hitler Long before the Deutschland fad began American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy Anyone who rejected the ritual in the schools was persecuted America's Nazi salute was often performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials. Those photos and films are rare because people don t want to know the truth about the government s past TV newspapers and other MSM will not show a historic photo or video of the early American straight arm salute nor mention its history and impact worldwide American youth groups Scouting adopted Bellamy's American Nazi salute with Bellamy's encouragement AND saluted swastika badges worn by fellow scouts Many Americans were accustomed to Nazi salutes for swastikas long before German socialism and Hitler Youth adopted similar behavior under Hitler That helps to explain another inconvenient truth swastikas were promoted in the US military and worn as a patch on the upper left arm of American soldiers in a fashion that would become uniform under German socialism There are photos in this book The military salute was the origin of Nazi salutes via the USA s flag pledge in government schools Public officials in the USA who preceded the German socialist Hitler and the Italian socialist Mussolini were sources for the stiff armed salute and brainwashed chanting in Germany Italy and other foreign countries The ancient Roman salute myth originated from the city of Rome in the state of New York not Italy Bellamy's hometown Later Mussolini presented a strange gift to the city of Rome NY a statue of two human male infants suckling on a female wolf That statue remains on display in Rome NY Beethoven and Greco-Roman Antiquity Jos van der Zanden, 2021-09-30 Ludwig van Beethoven had a life beyond music He considered it his duty to spend leisure time improving his Bildung sophistication To this end he familiarised himself with tangible manifestations of Greco Roman antiquity for he perceived these cultures and their representatives as examples of intellectual moral and artistic perfection He consumed such writers as Homer Plutarch Horace Tacitus Euripides and Greek poets These texts were morally uplifting for him and advantageous for building character They now hold a key to Beethoven's ideal of a steadfast austere and Stoic outlook necessary for a great man to carry out his duties Jos van der Zanden demonstrates that Beethoven s engagement with Greco Roman culture was deep and ongoing and that it ventured beyond the non committal Drawing on a comprehensive investigation of primary sources letters conversation books diaries recollections of contemporaries he

examines what Beethoven knew of such topics like history art politics and philosophy of antiquity The book presents new information on the composer's republicanism his familiarity with the works of Plato his admiration of the elderly Brutus his plan to utilize unresolved dissonances in an unknown piece of music and his decision to subscribe to a book about ancient Greek poetry A hitherto unknown vocal piece based on lines by Euripides is revealed The study concludes with a comprehensive survey of all compositions and sketches by Beethoven based on Greco Roman subjects Pocket Dictionary of Church History Nathan P.
