*Art and Praise in Kierkegaard's Works of Love* Richard McCombs, 2023-12-19 Since art is essential to the love of one's neighbor as oneself and to love's chief goal of building up one another we cannot understand love without also understanding its art Observing that praise is ubiquitous in Søren Kierkegaard's writings Richard McCombs interprets Kierkegaard's Works of Love as a eulogy of love's arts of forgiveness peace making and building up one's neighbor in maturity and charity Kierkegaard stresses love's ability to achieve results calling love irresistible and almost magical in overcoming obstacles to its purposes living the life of faith and love involves skillful attention to the specificity of the episodes in an individual's life and the creative imagining of new ways of enacting these virtues McCombs argues that Kierkegaard's ideas about the art of love reveal limits or exceptions to his individualism and to his anti-consequentialism in ethics Art and Praise in Kierkegaard's Works of Love explores Kierkegaard's distinct praises of love through texts like Works of Love The Brothers Karamazov and Middlemarch to illustrate complement and sometimes correct Kierkegaard's profound account of love's art and wisdom suggesting ways that the art of praise bears on other questions in aesthetics ethics and religion

[The Nature of Love, Volume 3](#) Irving Singer, 2009-02-27 The final volume of Singer's trilogy discusses ideas about love in the work of writers ranging from Kierkegaard Nietzsche and Tolstoy to Freud Proust D H Lawrence Shaw and others in the contemporary world Irving Singer's trilogy The Nature of Love has been called majestic New York Times Book Review monumental Boston Globe one of the major works of philosophy in our century Nous wise and magisterial Times Literary Supplement and a masterpiece of critical thinking that is a timely eloquent and scrupulous account of what after all still makes the world go round Christian Science Monitor In the third volume Singer examines the pervasive dialectic between optimistic idealism and pessimistic realism in modern thinking about the nature of

love He begins by discussing anti Romantic Romantics focusing on Kierkegaard Nietzsche and Tolstoy influential nineteenth century thinkers whose views illustrate much of the ambiguity and self contradiction that permeate thinking about love in the last hundred years He offers detailed studies of Freud Proust Shaw D H Lawrence and Santayana and he maps the ideas about love in Continental existentialism particularly those of Sartre and de Beauvoir Singer finally envisages a future of cooperation between pluralistic humanists and empirical scientists This last volume of Singer s trilogy does not pretend to offer the final word on the subject any more than do most of the philosophers he discusses but his masterful work can take its place beside their earlier investigations into these vast and complex questions

Health, Money, and Love . . . And Why We Don't Enjoy Them Robert Farrar Capon, 1994-09-06 This is a print on demand book and is therefore non returnable In this deliciously twisting engaging multi genre narrative Robert Farrar Capon explores three areas of life that concern us all health money and love pokes fun of the religions we make of them and trumpets the radical gospel of grace the only alternative that can free us to be truly happy Using a variety of styles movie script dialogue parable letter and of course his typically sparkling prose Capon discusses religion and happiness in the light of holy luck the notion that God uses chance as his normal device for running the world and establishing his relationship with us He argues that in espousing false religions such as health money and love in our pursuit of happiness we reject God s holy luck for the illusion of our own control Happiness he asserts lies in our ability to accept everything that happens and then either enjoy it gratefully or reconcile it patiently We may not be able to control all of the things that happen outside us but since we are in control of both our gratitude and our patience there is always and in every circumstance a path open to the happiness that God already has over everything Capon proceeds to explore and interweave the topics of childhood romance work play exercise and eating habits aging and death within his twin themes of religion and happiness Blending his own experiences with ideas from a wide range of authorities including Augustine Dame Julian of Norwich Meister Eckhart Chesterton and Charles Williams he challenges us to rethink our conception of God our values and our entire lives Full of provocative insights Health Money and Love will surely attract stir and delight a wide readership

Love's Vision Troy Jollimore,2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love s Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love s moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato s Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love s blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love s Vision is an original examination of a subject of vital philosophical and human concern      **Philosophy of Love, Sex, and Marriage** Raja Halwani,2010-05-26 How is love different from lust or infatuation Do love and marriage really go together like a horse and carriage Does sex have any necessary connection to either And how important are love sex and marriage to a well lived life In this lively lucid and comprehensive textbook Raja Halwani pursues the philosophical questions inherent in these three important aspects of human relationships exploring the nature uses and ethics of romantic love sexuality and marriage The book is structured in three parts Love begins by examining how romantic love differs from other types of love such as friendship and parental love It asks which properties of love are essential whether people have a choice in whom they love and whether lovers have moral obligations to one another that differ from those they owe to others Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure naturalness and moral permissibility It offers theoretical and applied ethical approaches to a wide range of sexual phenomena Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry It also surveys accounts of why people should or should not marry and introduces the main arguments for and against gay marriage Features include suggestions for further reading online eResource site with downloadable discussion questions a clear jargon free writing style      **In Search of the Primitive** Stanley

**The Character of God** Thomas E. Jenkins, 1997-12-04 Educated people have become bereft of sophisticated ways to develop their religious inclinations A major reason for this is that theology has become vague and dull In The Character of God author Thomas E Jenkins maintains that Protestant theology became boring by the late nineteenth century because the depictions of God as a character in theology became boring He shows how in the early nineteenth century American Protestant theologians downplayed biblical depictions of God's emotional complexity and refashioned his character according to their own notions stressing emotional singularity These notions came from many sources but the major influences were the neoclassical and sentimental literary styles of characterization dominant at the time The serene benevolence of neoclassicism and the tender sympathy of sentimentalism may have made God appealing in the mid 1800s but by the end of the century these styles had lost much of their cultural power and increasingly came to seem flat and vague Despite this both liberal and conservative theologians clung to these characterizations of God throughout the twentieth century Jenkins argues that a way out of this impasse can be found in romanticism the literary style of characterization that supplanted neoclassicism and sentimentalism and dominated American literary culture throughout the twentieth century Romanticism emphasized emotional complexity and resonated with biblical depictions of God A few maverick religious writers such as Harriet Beecher Stowe W G T Shedd and Horace Bushnell did devise emotionally complex

characterizations of God and in some cases drew directly from romanticism But their strange and sometimes shocking depictions of God were largely forgotten in the twentieth century s use theological as a pejorative term implying that an argument is needlessly Jenkins urges a reassessment of their work and a greaterin understanding of the relationship between theology and literature Recovering the lost literary power of American Protestantism he claims will make the character of God more compelling and help modern readers appreciate the peculiar power of the biblical characterization of God
