Visions of Queer Martyrdom from John Henry Newman to Derek Jarman Dominic Janes, 2015-04-27
Dominic Janes is at pains here to highlight the role played by Christianity in the history of homosexuality in Britain His story deals not merely with genital relations but also with identities both embraced and refused Necessarily coded expressions of desire as well as creative blurrings between religious idealism and queer gender and sexuality are integral to Janes s account A special focus for Janes is the way in which visual images and imaginary visions of suffering in ecclesiastical contexts were used to develop concepts of male same sex desire that projected the self as dutiful and penitent rather than shameful And so a model and in ways a substitute for same sex relationships was readily available in idealizations of the person and body of Christas unmarried queer martyr Homosexual desires and identities prove to have unfolded in creative dialogue with religion during and since the 19th century Various figures enter into Janes s history from Cardinal Newman and Oscar Wilde to artists such as Simeon Solomon and Frederick Rolfe and the plot thickens with forays into Victorian monasteries that functioned as queer families with fascinating side trips into Rolfe s Christmas cards as expressions of queer aesthetic identity He brings the account full circle with a concluding chapter on the life and works of Derek Jarman Janes uses this case to show that the experience of the AIDS epidemic led to a reconnection with older modes of queer self expression specifically concerned with the endurance of suffering The religious roots of queer creativity are a vital resource for modern churches and openly gay men and women to learn from [The Routledge Companion to Australian Literature](#) Jessica Gildersleeve, 2020-12-22 In recent years Australian literature has experienced a revival of interest both domestically and internationally The increasing prominence of work by writers like Christos Tsiolkas heightened through television and film adaptation as well as the award of major international prizes to writers like Richard Flanagan and the development of new high profile prizes like the Stella Prize have all reinvigorated interest in Australian literature both at home and abroad This Companion emerges as a part of that reinvigoration considering anew the history and development of Australian literature and its key themes as well as tracing the transition of the field through those critical debates It considers works of Australian literature on their own terms as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres With an emphasis on literature s responsibilities this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with produces and is produced by its context provoking a critical re evaluation of the concept of the relationship between national literatures cultures and histories and the social function of literary texts

Margaret Ann Mendenhall,2024-12-15 Vox Eurydice The Ascent of the Female Rescuer in German Language Opera is a mythological and depth psychological analysis written from a feminist perspective on the emergence of the theme of rescue stories and specifically plots where a female heroine saves a male character which arose in German language opera during the roughly one hundred years that spanned the lifetimes of Wolfgang Amadeus Mozart Ludwig van Beethoven and Richard Wagner Margaret Ann Mendenhall argues that the German language works of these three musical giants grew out of the rescue story paradigm as an extension of Italian opera buffa and French op ra comique This is reflected in Mozart s Singspiele and Beethoven s one completed opera Fidelio considered the epitome of the German language rescue opera The author then examines Wagner s oeuvre not only his ten mature masterpieces but also three earlier operas and his unfinished pieces The author also posits that the need for the ascent of the female rescuer in German language opera was unconsciously tied into the desire of the people of the German speaking territories for a homeland and how the presence of this archetype subsided soon after a German nation was established in 1871 To see the author s interview about the book on the Myth Lit webinar click here <https://fatesandgraces.com/webinars/myth-lit-webinar-margaret-ann-mendenhall>
