

A romantic couple is shown in a close embrace, lying in bed. The woman is smiling and looking towards the camera, while the man is partially visible behind her, also smiling. They are both wearing white clothing. The background is softly blurred, showing hints of a window with light coming through.

The Politics of Love Natalie Cornett, 2024-09-15 The Politics of Love describes the history of Polish intellectual and cultural life which covertly flourished at home and abroad despite imperial repression between Poland s two great uprisings in 1830 1831 and 1863 Natalie Cornett focuses her study on a group of educated women known as the Enthusiasts Entuzjastki who were united by their commitment to live as independent women despite the intense nationalism that put the nation above all including class and gender The Enthusiasts led by Narcyza michowska emphasized sororal love and homosocial bonding in their program to contest both an oppressive

imperial regime and constrictive gender roles Their affective relationships with each other and their decision to remain unmarried childless or divorced violated accepted conventions and the patriotic emphasis on the Polish family By drawing on a large corpus of their letters diaries police files and published works Cornett describes the Enthusiast movement from its emergence in the 1840s to the death of Narcyza michowska in 1876 The Politics of Love describes how the Polish intelligentsia was so monomaniacally focused on the struggle for independence that discussion of other social questions was dismissed as unpatriotic Its dismissal of the Enthusiasts as socially deviant despite the Enthusiasts support for the national cause reveals the limitations of nationalism as a binding agent and demonstrates how Polish women appropriated and contributed ideas about women s emancipation nationalism and religion in a globalizing era of increasing literacy and transnational exchange

Women and Men As Friends Michael Monsour,2001-10 This book examines the friendships of women and men of all ages and studies how these friendships influence the self concepts of the friends The volume is appropriate for scholars and students in personal relationships interpersonal comm gender studie

Romance's Rival Talia Schaffer,2016 Romance s Rival argues that the central plot of the most important genre of the nineteenth century the marriage plot novel means something quite different from what we thought In Victorian novels women may marry for erotic desire but they might instead insist on familiar marriage marrying trustworthy companions who can offer them socially rich lives and futures of meaningful work Romance s Rival shows how familiar marriage expresses ideas of female subjectivity dating back through the seventeenth century while romantic marriage felt like a new risky idea Undertaking a major rereading of the rise of the novel tradition from Richardson through the twentieth century Talia Schaffer rethinks what the novel meant if one tracks familiar marriage virtues This alternative perspective offers new readings of major texts Austen the Bront s Eliot Trollope but it also foregrounds women s popular fiction Yonge Oliphant Craik Broughton Offering a feminist perspective that reads the marriage plot from the woman s point of view Schaffer inquires why a female character might legitimately wish to marry for something other than passion For the past half century scholars have valorized desire individuality and autonomy in the way we read novels Romance s Rival asks us to look at the other side to validate the yearning for work family company or social power as legitimate reasons for women s marital choices in Victorian fiction Comprehensive in its knowledge of several generations of scholarship on the novel Romance s Rival convinces us to re examine assumptions about the nature and function of marriage and the role of the novel in helping us not simply imagine marriage but also process changing ideas about what it might look like and how it might serve people
