

A romantic couple is shown in a close embrace, lying in bed. The woman is smiling and looking towards the camera, while the man is partially visible behind her, also smiling. They are both wearing white clothing. The background is softly blurred, showing hints of a window with light coming through.

The Politics of Love Natalie Cornett, 2024-09-15 The Politics of Love describes the history of Polish intellectual and cultural life which covertly flourished at home and abroad despite imperial repression between Poland s two great uprisings in 1830 1831 and 1863 Natalie Cornett focuses her study on a group of educated women known as the Enthusiasts Entuzjastki who were united by their commitment to live as independent women despite the intense nationalism that put the nation above all including class and gender The Enthusiasts led by Narcyza michowska emphasized sororal love and homosocial bonding in their program to contest both an oppressive

imperial regime and constrictive gender roles Their affective relationships with each other and their decision to remain unmarried childless or divorced violated accepted conventions and the patriotic emphasis on the Polish family By drawing on a large corpus of their letters diaries police files and published works Cornett describes the Enthusiast movement from its emergence in the 1840s to the death of Narcyza michowska in 1876 The Politics of Love describes how the Polish intelligentsia was so monomaniacally focused on the struggle for independence that discussion of other social questions was dismissed as unpatriotic Its dismissal of the Enthusiasts as socially deviant despite the Enthusiasts support for the national cause reveals the limitations of nationalism as a binding agent and demonstrates how Polish women appropriated and contributed ideas about women s emancipation nationalism and religion in a globalizing era of increasing literacy and transnational exchange
