A Love So Dark Rien Gray, 2023-06-06 The visceral conclusion to the Fatal Fidelity series After Justine and Campbell's beachside vacation is interrupted by the FBI Campbell is arrested for murder and arson The evidence leaves them in an impossible position either take the fall for an assassination they didn't commit or confess to a killing they already got away with When an aggressive federal agent starts uncovering Campbell's secrets it's only a matter of time before the other bodies they've buried come back to the surface With Campbell behind bars Justine can't prove their innocence but she can take matters into her own hands She just has to commit the perfect crime before they both lose everything **Sex Without Consent** Shireen J Jejeebhoy, Iqbal Shah, Shyam Thapa, 2013-07-04 The pressing need to break the silence on non consensual sex among young people an issue shrouded by denial underreporting and stigma is self evident Despite the growing body of

research regarding young people's sexual behaviours the study of coercive sexual experiences has generally been overlooked by both researchers and national programmes Available evidence has been scattered and unrepresentative and despite this evidence non consensual sex among young people is perceived to be a rare occurrence This volume dispels any such misconception It presents a disturbing picture of non consensual sex among girls as well as boys and among married as well as unmarried young women in a variety of settings This volume documents moreover the expanse of non consensual experiences that young people face from unwanted touch to forced penetrative sex and gang rape Although the focus is on young females the volume also sheds light on the experience of young males as both victims and perpetrators This pioneering volume highlights key factors placing young people at risk whilst outlining the significant distinctive health and social implications they face Sex Without Consent also documents the unsupportive and sometimes abusive or negligent roles of families teachers health care providers and law enforcement agents outlines promising efforts intended to prevent non consensual sex or support survivors and argues for profound changes in norms and values that tolerate or encourage non consensual sex The editors based at the Population Council New Delhi the World Health Organization Geneva and Family Health International Virginia argue compellingly for a radical review and reform of existing programmes designed to prevent this kind of abuse and to support young survivors of sexual trauma in the developing world Addressing the magnitude determinants and consequences of sex without consent this volume provides evidence based directions for programming

The Mental Aftermath Klaus Hentschel, 2007-06-14 Few scientific communities have been more thoroughly studied than 20th century German physicists Yet their behaviour and patterns of thinking immediately after the war remains puzzling During the first five post war years they suspended their internecine battles and a strange solidarity emerged Former enemies were suddenly willing to exonerate each other blindly and even morally upright physicists began to write tirades against the denazification mischief or the export of scientists Personal idiosyncrasies melded into a strangely uniform pattern of rejection or resistance to the Allied occupiers with attendant repressed feelings and self pity Politics was once again perceived as remote dirty business It was feared that the least concession of guilt would bring down even more severe sanctions on their discipline Using tools from the history of mentality such as analysis of serial publications these tendencies are examined The perspective of emigré physicists as reflected in their private letters and reports embellish this portrait
