As It Is Written Christopher A. Clanton,2022-07-07 Does bible prophecy revolve around antichrist and Israel or Christ and His Church Does Jesus return to defeat Antichrist and vast armies or does he come in victory to defeat Death These questions and more will be answered in this book As it is Written is a labor of love that seeks to challenge the mainstream modern views of eschatology which is the study of the end times In this book readers will learn where the modern teachings came from and learn that the modern views are less than 200 years old This book will compile a list of all the modern teachings and then compare them to what Christ and the Apostles taught This will show a stark difference between what the early church taught and what we teach today The book concludes by analyzing several key passages that have been misinterpreted by modern teachers and looks back on how our forefathers understood them and sees which interpretation is more accurate to the texts When all is done readers will be left with a hopeful outlook on the future and the promise of a glorious reign of Christ culminating in His victorious Second Coming This is all done without prophecy charts or going back to the Greek rather it takes the simple approach of asking the question what did Jesus say about His Second Coming and what did his disciples teach It turns to the bible and lets them answer this question from their own testimony This will also reveal how these things were promised even in the Old Testament

For Love and Country Patrick J. Gallo, 2003 During World War II resistance movements arose in all countries occupied by fascist and Nazi forces Many people are startled to learn that there was a resistance movement in Italy Most accounts by American scholars concentrate on the resistance in Central and Northern Italy and summarily dismiss the South *For Love and Country* has as it s focus the resistance movement in Lazio and in particular Rome The author Patrick Gallo argues that a well organized and mass based resistance movement developed in Lazio He contends that the Rome based resistance not only undermined German morale but also achieved important strategic objectives This study is based on a series of in depth interviews with the men and women who took part in the resistance in Lazio Gallo analyzes the motivation of those who joined the resistance and their political military and strategic roles in the movement With the drama of war and Nazi occupation as a backdrop the author paints a vivid picture of the life of a partisan

Last Stands Michael Walsh, 2020-12-01 A philosophical and spiritual defense of the premodern world of the tragic view of physical courage and of masculinity and self sacrifice in an age when those ancient virtues are too often caricatured and dismissed Victor Davis Hanson Award winning author Michael Walsh celebrates the masculine attributes of heroism that forged American civilization and Western culture by exploring historical battles in which soldiers chose death over dishonor in *Last Stands Why Men Fight When All Is Lost* In our contemporary era men are increasingly denied their heritage as warriors A survival instinct that s part of the human condition the drive to wage war is natural Without war the United States would not exist The technology that has eased manual labor extended lifespans and become an integral part of our lives and culture has often evolved from wartime scientific advancements War is necessary to defend the social and political principles that define the virtues and freedoms of America and other Western nations We should not be ashamed of the heroes who sacrificed their lives to build a better world We should be honoring them The son of a Korean War veteran of the Inchon landing and the battle of the Chosin Reservoir with the U S Marine Corps Michael Walsh knows all about heroism valor and the call of duty that requires men to fight for something greater than themselves to protect their families fellow

countrymen and most of all their fellow soldiers In Last Stands Walsh reveals the causes and outcomes of more than a dozen battles in which a small fighting force refused to surrender to a far larger force often dying to the last man From the Spartans defiance at Thermopylae and Roland s epic defense of Charlemagne s rear guard at Ronceveaux Pass through Santa Anna s siege of the Alamo defended by Davy Crockett and Jim Bowie to the skirmish at Little Big Horn between Crazy Horse s Sioux nation and George Armstrong Custer s Seventh Calvary to the Soviets titanic struggle against the German Wehrmacht at Stalingrad and more Walsh reminds us all of the debt we owe to heroes willing to risk their lives against overwhelming odds and how these sacrifices and battles are not only a part of military history but our common civilizational heritage
