Hess, Pratibha A. Dabholkar,2020-10-02

Whether as a curiosity or a beloved idol Gene Kelly 1912 1996 lives on in our cultural memory as a fantastic dancer in MGM musicals especially Singin in the Rain But dancing however extraordinary was only one of his many gifts This book for the first time offers a full picture of Gene Kelly as the Renaissance man he actually was dancer yes but also choreographer actor clown singer director teacher and mentor Kelly was star of radio and television as well as film avant garde as artist and auteur but also ahead of the curve in opening the world of dance to differences of race ethnicity and gender Gene Kelly The

Making of a Creative Legend takes us from Kelly's youth in Depression era Pittsburgh through his years on Broadway and ascendance to stardom in Hollywood. Authors Hess and Dabholkar pay particular attention to his work with the US Navy solo directing and lesser known but considerable accomplishments in television radio and on the stage in later years. The book gives us a rare inside look at Kelly's relationships with dancing partners and peers from Leslie Caron Vera Ellen and Cyd Charisse to Fred Astaire and at his directorial collaboration with Stanley Donen and Vincent Minnelli and at his solo directing. The authors show us significant but little examined facets of Kelly's character and career such as the political convictions that got him graylisted in Hollywood his passion for creating cine dance and serving as an ambassador of dance in America and his forging of links between dance civil rights and the common man. Steeped in research and replete with photographs this career biography uniquely encompasses all phases of Gene Kelly's life and work and finally gives us a full portrait of this central figure in the history of the film musical during Hollywood's Golden Age.

She was born into a proper Victorian family and came of age during suffrage. The quintessential Bohemian she spent more than half a century from her early days as a WPA artist living in the heart of the Village through her Whitney retrospective in 1974 until her death ten years later painting often in near obscurity an extraordinarily diverse population.

from young black sisters in Harlem to the elderly Jewish twin artists Raphael and Moses Soyer to Meyer Schapiro and Linus Pauling to the American Communist Party chairman Gus Hall creating an indelible portrait of 20th century America Neel's hundreds of portraits portray a universe of powerful personalities and document an age Neel painted through the Depression McCarthyism the Civil Rights Movement the sexual revolution of the 60's feminism and the feverish eighties Fiercely democratic in her subjects she portrayed her lovers her children her neighbors in Spanish Harlem pregnant nudes crazy people and famous figures in the art world all in a searing psychological style uniquely her own From Village legend Joe Gould with multiple penises to Frank O'Hara as a lyrical young poet from porn star Annie Sprinkle gussied up in leather to her own anxious nude pregnant daughter in law Neel's portraits are as arrestingly executed as they are relentlessly honest In this first full length biography of Neel best selling author Phoebe Hoban recounts the remarkable story of Neel's life and career as full of Sturm and Drang as the century she powerfully captured in paint Neel managed to transcend her often tragic circumstances surviving the death from diphtheria of her infant daughter Santillana her first child by the renowned Cuban painter Carlos Enriquez with whom she lived in Havana for a year before returning to America the break up of her marriage a nervous breakdown at thirty resulting in several suicide attempts for which she was institutionalized and the terrible separation from her second child Isabetta whom Carlos took back to Havana In every aspect of her life Neel dictated her own terms from defiantly painting figurative pieces at the height of Abstract Expressionism convincing her subjects to disrobe which many of them did including surprisingly Andy Warhol to becoming a single mother to the two sons she bore to dramatically different partners No wonder she became the de facto artist of the Feminist movement When Time magazine put Kate Millet on its cover in 1970 she was asked to paint the portrait Very much in touch with her time Neel was also always ahead of it Although she herself would probably have rejected such label she was America's first feminist multicultural artist a populist painter for the ages Phoebe Hoban's *Alice Neel The Art of Not Sitting Pretty* tells the unforgettable story of a woman who forged a permanent place in the pantheon by courageously flaunting convention both in her life and her work
