Undocumented Saints William A. Calvo-Quiros, 2022 Undocumented Saints follows the migration of popular saints from Mexico into the US and the evolution of their meaning The book explores how Latinx battles for survival are performed in the worlds of faith religiosity and the imaginary and how the socio political realities of exploitation and racial segregation frame their popular religious expressions It also tracks the emergence of inter religious states transnational ethnic and cultural enclaves unified by faith The book looks at five vernacular saints that have emerged in Mexico and whose devotions have migrated into the US in the last one hundred years Jes's Malverde a popular bandido turned saint caudillo Santa Olguita an emerging feminist saint linked to border women's experiences of sexual violence Juan Soldado a murder rapist soldier who is now a patron for undocumented immigrants and the main suspect in the death of an eight year old victim known now as Santa Olguita Toribio Romo a Catholic priest whose ghost spirit has been helping people cross the border into the US since the 1990s and La Santa Muerte a controversial personification of death who is particularly popular among LGBTQ migrants Each chapter contextualizes a particular popular saint within broader discourses about the construction of masculinity and the state the long history of violence against Latina and migrant women female erasure from history discrimination against non normative sexualities and as US and Mexican investment in the control of religiosity within the discourses of immigration

Performances of Suffering in Latin American Migration Ana Elena Puga, Víctor Espinosa, 2020-04-09 This book questions the reliance on melodrama and spectacle in social performances and cultural productions by and about migrants from Mexico and Central America to the United States Focusing on archetypal characters with nineteenth century roots that recur in the twentieth and twenty first centuries heroic saviors saintly mothers and struggling fathers martyred children and rebellious youth it shows how theater practitioners filmmakers visual artists advocates activists journalists and others who want to help migrants often create migrant melodramas performances that depict their heroes as virtuous victims at the mercy of evil villains In order to gain respect for the human rights that are supposedly already theirs on paper and participate in a global market that trades in performances of suffering migrants themselves sometimes accept the roles into which they are cast or even cast themselves Some express their suffering publicly often on demand Others find ways to twist parody resist or reject migrant melodrama Timely beautifully written and deeply researched Puga's and Espinosa's study captures the complex

nuances of how performance scholars and ethnographers grapple with telling stories of and bearing witness to trauma They invite scholars to re imagine the narrative genres into which histories of migration are often coerced They question how familiar forms such as melodrama can empower or dis empower individuals struggling to share their stories and change their circumstances Their thoughtful work offers a compassionate and erudite model for performance ethnographers Heather S Nathans Alice and Nathan Gantcher Professor in Judaic Studies Tufts University In their penetrating analysis Puga and Espinosa show how militarized borders neoliberal economics exclusionary immigration policies and rising nativism have combined to create an ongoing melodrama in which migrants journalists and rescuers perform scripted roles as martyrs saints and heroes in an effort to sway a global audience of onlookers Although the protagonists in this melodrama seek to relieve the suffering of migrants by valorizing their pain and using it as a currency in a political economy of suffering the authors sympathetic but critical analysis reveals both the promise and perils of this emotive strategy Their analysis is essential to understanding how immigration is portrayed and perceived in the world today Douglas S Massey Henry G Bryant Professor of Sociology and Public Affairs Princeton University Ana Elena Puga and V ctor M Espinosa s *Performances of Suffering* is well researched and compellingly theorized collaboration which reveals the affective labor performed by with and for migrants in the United States and Mexico In these perilous times the lessons that this book teaches us about the performance of melodrama as a key aspect of obtaining justice and care for migrants throughout the hemisphere are crucial to understanding representations of migrant crises in our contemporary social media performance and advocacy movements Patricia Ybarra Professor of Theatre Arts and Performance Studies Brown University In this fascinating book Puga and Espinosa illuminate the political economy of suffering among Latin American migrants This is a timely and important work to understand how migrants the state humanitarian workers and the media all perform the melodrama of the suffering migrant An impressive and provocative book Carolyn Chen Associate Professor of Ethnic Studies University of California at Berkeley

Truth and Memory Michael A. Hayes, David Tombs, 2001      **The Unbearable Wholeness of Being** Ilia Delio, 2013 A quantum leap in our understanding of the universe one that reveals the whole consciousness that is active in every part and how every part participates in the whole The award winning author of *Christ in Evolution* and *The Emergent Christ* breaks new ground with this capstone in a trilogy that opens our eyes to the everywhere active all powerful all intelligent Love that guides and directs our new awareness of interrelatedness and interbeing She writes We all have a part to play in this unfolding Love we are wholes within wholes persons within persons religions within religions We are one body and we seek one mind and heart so that the whole may become more whole more personal and unified in love This is our Christian vocation to live in the Christ who is rising up from the ashes of death to become for us the God of the future      *The Purple Crown* Tripp York, 2020-01-24 The Purple Crown exhibits how Christianity s ultimate act of witnessing martyrdom is an inherently political act York argues that the path of Christianity leads to a confrontation with the same powers that crucified

Jesus Tripp York goes outside of the normal understandings of public theology and points to the most powerful persuaders within Christian history the martyrs The martyrs remind us of the moment in which all the world was simultaneously exposed as fallen and redeemed of Christ's death and resurrection In York's telling just as the martyrs' deaths reveals Christ so too their lives bear witness to the City of God exposing those powers and principalities that crucified Jesus and continue to crucify him through his followers He includes the biography of the El Salvador priest Oscar Romero
