Café con leche Winthrop R. Wright, 2013-08-28 For over a hundred years Venezuelans have referred to themselves as a caf con leche coffee with milk people This colorful expression well describes the racial composition of Venezuelan society in which European African and Indian peoples have intermingled to produce a population in which almost everyone is of mixed blood It also expresses a popular belief that within their blended society Venezuelans have achieved a racial democracy in which people of all races live free from prejudice and discrimination Whether or not historical facts actually support this popular perception is the question Winthrop Wright explores in this study Wright s research suggests that contrary to popular belief blacks in Venezuela have not enjoyed the full benefits of racial democracy He finds that their status even after the abolition of slavery in 1854 remained low in the minds of Venezuelan elites who idealized the European somatic type and viewed blacks as inferior Indeed in an effort to whiten the population Venezuelan elites promoted European immigration and blocked the entry of blacks and Asians during the early twentieth century These attitudes remained in place until the 1940s when the populist Acci n Democr tica party AD challenged the elites whitening policies Since that time blacks have made significant strides and have gained considerable political power But as Wright reveals other evidence suggests that most remain social outcasts and have not accumulated significant wealth The popular perception of racial harmony in Venezuela hides the fact of ongoing discrimination

American Trade and Power in the 1960's Thomas W. Zeiler, 1992 American Trade and Power in the 1960s is a timely examination of the success and failure of United States trade policy under presidents Kennedy and Johnson Assessing a critical decade in postwar economic relations Thomas W Zeiler shows trade policy to be the decisive factor hastening America's economic decline vis a vis Western Europe and Japan By the early 1960s the

international commercial might of the U S had begun to diminish as a result of the increased strength of the six member European Economic Community and a persistent balance of payments deficit Believing that America must either trade or fade Kennedy proposed a visionary foreign trade bill as a way to reinvigorate the U S economy and maintain the Western alliance against the Soviet Union With an astute reading of previously unused documents Zeiler provides a fascinating description of how Kennedy skillfully juggled powerful protectionist interests with his own more liberal trade sentiments to win passage of the bill Illustrating the harsh realities faced by the U S in a world where its economic dominance was no longer assured Zeiler also presents a masterful compendium of the GATT talks known as the Kennedy Round In a narrative noteworthy for its clarity theoretical sophistication and scrupulous attention to detail Zeiler shows how U S trade policy was thwarted by rising EEC integration and Gaullist obstructionism The GATT talks conclusively demonstrated that American hegemony had ended American Trade and Power in the 1960s brilliantly illuminates the roots of America's economic decline

Ambassadors of the Working Class Ernesto Semán, 2017-08-17 In 1946 Juan Perón launched a populist challenge to the United States recruiting an army of labor activists to serve as worker attachés at every Argentine embassy By 1955 over five hundred would serve representing the largest presence of blue collar workers in the foreign service of any country in history A meatpacking union leader taught striking workers in Chicago about rising salaries under Perón A railroad motorist joined the revolution in Bolivia A baker showed Soviet workers the daily caloric intake of their Argentine counterparts As *Ambassadors of the Working Class* shows the attachés struggle against US diplomats in Latin America turned the region into a Cold War battlefield for the hearts of the working classes In this context Ernesto Semán reveals for example how the attachés brand of transnational populism offered Fidel Castro and Che Guevara their last chance at mass politics before their embrace of revolutionary violence Fiercely opposed by Washington the attachés project foundered but not before US policymakers used their opposition to Peronism to rehearse arguments against the New Deal's legacies *Beyond the City* Felipe Correa, 2016-06-07 During the last decade the South American continent has seen a strong push for transnational integration initiated by the former Brazilian president Fernando Henrique Cardoso who with the endorsement of eleven other nations spearheaded the Initiative for the Integration of Regional Infrastructure in South America IIRSA a comprehensive energy transport and communications network The most aggressive transcontinental integration project ever planned for South America the initiative systematically deploys ten east west infrastructural corridors enhancing economic development but raising important questions about the polarizing effect of pitting regional needs against the colossal processes of resource extraction Providing much needed historical contextualization to IIRSA's agenda *Beyond the City* ties together a series of spatial models and offers a survey of regional strategies in five case studies of often overlooked sites built outside the traditional South American urban constructs Implementing the term resource extraction urbanism the architect and urbanist Felipe Correa takes us from Brazil's nineteenth century regional capital city of Belo Horizonte to the experimental

circular temporary city of Vila Piloto in Tr s Lagoas In Chile he surveys the mining town of Mar a Elena In Venezuela he explores petrochemical encampments at Judibana and El Tablazo as well as new industrial frontiers at Ciudad Guayana The result is both a cautionary tale bringing to light a history of societies that were inscribed and administered and a perceptive examination of the agency of architecture and urban planning in shaping South American lives **Empire and Revolution**
