Taylor,2017-04-21 Over four hundred C 47 Dakotas carried the Screaming Eagles through the darkness and into a thick cloud bank that night One load of pathfinders crashed into the English Channel Planes were seen to explode in midair Others crashed and burned past all recognition probably due to ground fire Just before dawn the initial glider serials slammed between the hedgerows into trees and each other Come dawn eighteen planes each carrying a stick of fifteen to twenty paratroopers were missing I have listened to and read accounts written by and about the paratroopers and glidermen and their aircrews and wondered who the missing men were What could what would the missing men have done if they had made it safely to the ground This is a novel about those missing men their buddies and the friends and enemies they met on the ground on June 6th 1944 Missing Sticks is a fictional account of a handful of those missing men representative of those declared casualties in real life Each character every story is a figment of my imagination but I hope a reflection of the diverse men who flew into the darkness and danger over Normandy that fateful night I have attempted to make the people and the actions as realistic as possible stealing bits and pieces of events and personalities from the accounts of the many who participated and merged them in my mind If you have been around combat you know that not every man is

brave Not every man is a hero Everyone makes mistakes However in the fire of battle a handful of heroes is forged as bravery overwhelms the fear that naturally keeps us from harm I hope the Screaming Eagles in this novel are true to the real Screaming Eagles I have known talked to and read about over the years with all their faults and all their bravery This novel is the result a tribute to the Screaming Eagles who disappeared into the darkness
