Island of Shame David Vine,2011-01-03 The American military base on the island of Diego Garcia is one of the most strategically important and secretive U S military installations outside the United States Located near the remote center of the Indian Ocean and accessible only by military transport the little known base has been instrumental in American military operations from the Cold War to the war on terror and may house a top secret CIA prison where terror suspects are interrogated and tortured But Diego Garcia harbors another dirty secret one that has been kept from most of the world until now Island of Shame is the first major book to reveal the shocking truth of how the United States conspired with Britain to forcibly expel Diego Garcia s indigenous people the Chagossians and deport them to slums in Mauritius and the Seychelles where most live in dire poverty to this day Drawing on interviews with Washington insiders military strategists and exiled islanders as well as hundreds of declassified documents David Vine exposes the secret history of Diego Garcia He chronicles the Chagossians dramatic unfolding story as they struggle to survive in exile and fight to return to their homeland Tracing U S foreign policy from the Cold War to the war on terror Vine shows how the United States has forged a new and pervasive kind of empire that is quietly dominating the planet with hundreds of overseas military bases Island of Shame is an unforgettable expos of the human costs of empire and a must read for anyone concerned about U S foreign policy and its consequences The author will donate all royalties from the sale of this book to the Chagossians Some images inside the book are unavailable due to digital copyright restrictions

Violent Space Anja Nowak,2023-11-07 For Nazi Germany the ghetto was a conceptual tool used to facilitate social and political exclusion and further their anti Jewish campaign For the Jews who lived in them the ghettos became the center of their lives even though they were also sites of immense suffering Combining thorough historical research with an interdisciplinary analysis of the relationship between space and violence Violent Space provides a unique insight into the history and the socio spatial topography of the Jewish ghetto in German occupied Warsaw 1939 1943 Using rare archival materials and firsthand accounts many of which have never been translated into English Anja Nowak traces out the trauma that the space of the ghetto inflicted on its Jewish inhabitants and how it alienated disoriented and harmed them While the physical ghetto its buildings boundaries and streets has been reabsorbed and redefined by modern day Warsaw s urban structure Violent Space shows us that its presence still lingers in the narratives of those who were forced into this first phase of the Holocaust

Chase,2016-10-26 Over the past six or more decades John Friedmann has been an insurgent force in the field of urban and regional planning transforming it from its traditional state centered concern for establishing social and spatial order into a radical domain of collaborative action between state and civil society for creating the good society in the present and future By opening it up to theoretical engagement with a wide range of disciplines Friedmann s contributions have revolutionised planning as a transdisciplinary space of critical thinking social learning and reflective practice *Insurgencies and Revolutions* brings together former students close research associates and colleagues of John Friedmann to reflect on his contributions to planning theory and practice The volume is organized around five broad themes where Friedmann s contributions have risen to challenge established paradigms and generated the space for revolutionary thinking and action in urban and regional planning *Theorising hope Economic development and regionalism World cities and the Good city Social learning empowered communities and citizenship and Chinese cities* The essays by the authors reflect their engagement with his ideas and the new directions in which they have taken these in their work in planning theory and practice **Ecotherapy** Linda Buzzell,Craig Chalquist,2010-07-01 In the 14 years since Sierra Club Books published Theodore Roszak Mary E Gomes and Allen D Kanner s groundbreaking anthology *Ecopsychology Restoring the Earth Healing the Mind* the editors of this new volume have often been asked Where can I find out more about the psyche world connection How can I do hands on work in this area *Ecotherapy* was compiled to answer these and other urgent questions *Ecotherapy* or applied ecopsychology encompasses a broad range of nature based methods of psychological healing grounded in the crucial fact that people are inseparable from the rest of nature and nurtured by healthy interaction with the Earth Leaders in the field including Robert Greenway and Mary Watkins contribute essays that take into account the latest scientific understandings and the deepest indigenous wisdom Other key thinkers from Bill McKibben to Richard Louv to Joanna Macy explore the links among ecotherapy spiritual development and restoring community As mental health professionals find themselves challenged to provide hard evidence that their practices actually work and as costs for traditional modes of psychotherapy rise rapidly out of sight this book offers practitioners and interested lay readers alike a spectrum of safe effective alternative approaches backed by a growing body of research *We Want What's Ours* Bernadette Atuahene,2014-06-26 Millions of people all over the world have been displaced from their homes and property Dispossessed individuals and communities often lose more than the physical structures they live in and their material belongings they are also denied their dignity These are dignity takings and land dispossessions occurring in South Africa during colonialism and apartheid are quintessential examples There have been numerous examples of dignity takings throughout the world but South Africa stands apart because of its unique remedial efforts The nation has attempted to move beyond the more common step of providing reparations compensation for physical losses to instead facilitating dignity restoration which is a comprehensive remedy that seeks to restore property while also confronting the underlying dehumanization infantilization and political exclusion that enabled the

injustice Dignity restoration is the fusion of reparations with restorative justice In We Want Whats Ours Bernadette Atuahenes detailed research and interviews with over one hundred and fifty South Africans who participated in the nations land restitution program provide a snapshot of South Africas successes and failures in achieving dignity restoration We Want What s Ours is globally relevant because dignity takings have happened all around the world and throughout history the Nazi confiscation of property from Jews during World War II the Hutu taking of property from Tutsis during the Rwandan genocide the widespread commandeering of native peoples property across the globe and Saddam Husseins seizing of property from the Kurds and others in Iraq are but a few examples When people are deprived of their property and dignity in years to come the lessons learned in South Africa can help governments policy makers scholars and international institutions make the transition from reparations to the more robust project of dignity restoration **What is the Point of Being a**

Christian? Timothy Radcliffe, 2013-01-17 WINNER OF THE MICHAEL RAMSEY PRIZE FOR THE BEST IN THEOLOGICAL WRITING Winner of the Michael Ramsey prize for the best in theological writing Cardinal Timothy Radcliffe is in demand the world over with Bishops priests lay people and above all young people This new book is his response What is the Point of being a Christian One is pointed to God who is the point of everything If one thinks of religion as just useful then one has reduced it to another consumer product But if we are pointed to God then this should make a difference to how we live This is not a moral superiority Christians are usually no better than anyone else But the lives of Christians should be marked by some form of hope freedom happiness and courage If they are not then why should anyone believe a word they say In this new book Cardinal Radcliffe is at his best writing with a prophetic edge His argument for Christian belief is profoundly Catholic and profoundly human But what is just as remarkable Radcliffe s argument for and interpretation of Christian Gospel is couched in a deep understanding of human nature and the problems and anxieties of modern men and women Radcliffe is far distant from the theologian s ivory tower and yet his understanding of the Gospel is profoundly theological The frame of reference for this book is wide and it is based amongst other things on Fr Radcliffe s pastoral experience of dealing with people with problematic marriages those struggling with celibacy those trying to understand the nature of religious authority and those trying to remain loyal to the Church which finds their sexual orientation irregular Green Realm Sergio Rijo, 2024-01-06 Welcome to the enchanting Green Realm a literary voyage that unveils the hidden wonders of plant psychology In this captivating exploration readers embark on a journey beyond the visible spectrum of leaves and blossoms delving into the intricate lives of plants From the secret language encoded in leaves to the underground networking of roots each chapter of this botanical odyssey offers a revelation exposing the vibrant and dynamic world that exists beneath the surface of our familiar landscapes As we traverse the chapters we encounter the social lives of flowers where intricate dynamics and surprising alliances shape the floral community We witness the botanical romances where plants express attraction and compete for pollination in a dance of loves and heartbreaks The narrative unfolds with a discussion on

photosynthetic personalities offering insights into how different plants exhibit unique behaviors in response to environmental factors The exploration takes an intriguing turn with a glimpse into the dark side of photosynthesis delving into plant rivalries and conflicts that add a layer of drama to the botanical tapestry Readers are then invited to decipher tree talk unraveling the mysteries of communication between trees as leaves and branches convey messages in a silent but profound language Green Realm doesn't stop at the terrestrial boundaries it boldly ventures into the extraterrestrial with a chapter contemplating the possibility of plant life beyond Earth The cosmic possibilities of extraterrestrial plant psychology are explored sparking the imagination with the prospect of green alchemists flourishing on distant planets The narrative concludes with a contemplation of the future of plant human relationships in the chapter Cultivating a New Perspective Readers are encouraged to view plants in a new light appreciating their complexity and acknowledging the transformative impact of understanding plant psychology This literary journey into the heart of the Green Realm is not just a scientific exploration it's an invitation to connect with the natural world on a profound level With an empathetic and friendly tone the book bridges the gap between scientific inquiry and the emotional resonance of our relationship with plants Green Realm is a celebration of the intricate sentient beings that share our planet weaving a narrative that inspires curiosity respect and a deep appreciation for the green tapestry of life

The Price of Paradise David Dante Troutt, 2023-11-21 American communities are facing chronic problems fiscal stress urban decline environmental sprawl mass incarceration political isolation disproportionate foreclosures and severe public health risks In The Price of Paradise David Troutt argues that it is a lack of mutuality in our local decision making that has led to this looming crisis facing cities and local governments Arguing that there are structural flaws in the American dream Troutt investigates the role that place plays in our thinking and how we have organized our communities to create or deny opportunity Legal rules and policies that promoted mobility for most citizens simultaneously stifled and segregated a growing minority by race class and most importantly place A conversation about America at the crossroads The Price of Paradise is a multilayered exploration of the legal economic and cultural forces that contribute to the squeeze on the middle class the hidden dangers of growing income and wealth inequality and the literature on how growth and consumption patterns are environmentally unsustainable

The War Machine and Global Health Merrill Singer, G. Derrick Hodge, 2010-01-16 In the contemporary world war rivals infectious disease as a global cause of morbidity and mortality Since the end of World War II there have been at least 160 wars around the world with as many as 25 million and probably many more people killed most of them civilians Directly or indirectly war touches the lives of most people on the planet often with lasting and costly impact Framed by the holistic and ethnographically grounded theoretical perspective of critical medical anthropology and more broadly by the political economy of health this book of essays by leading medical anthropologists and other health social scientists carefully examines the global effects of war the war industry and the international weapons trade on human health and well being Further this book goes beyond offering a lively

and readable account of a pressing health concern by critically analyzing the political and economic forces driving the war machine to inflict ever increasing levels of social suffering and loss of life *beyond.istanbul* Mekanda Adalet Derneği, Ceren Yartan, Bahar Bayhan, M. redevelopment repression By delving into the real estate history of the St Louis region and Baltimore Hyra shows how rounds of urban renewal decisions to segregate displace and gentrify Black communities advance neighborhood inequality Despite moments of racial political representation repeated decisions to upgrade the urban fabric and uproot low income Black populations result in Black poverty pockets inhabited by people experiencing chronic displacement trauma and unrelenting police surveillance These interconnected sets of accumulated frustrations powerfully culminate and surface when tragic and unjust police killings occur To confront the core components of U S unrest Hyra suggests we must end racialized policing stop Black community destruction and displacement and reduce neighborhood inequality Provided by publisher

The Hip Hop Wars Tricia Rose,2008-12-02 A pioneering expert in the study of hip hop explains why the music matters and why the battles surrounding it are so very fierce **Women Who Invented the Sixties** Steve Golin,2022-09-20 While there were many protests in the 1950s against racial segregation economic inequality urban renewal McCarthyism and the nuclear buildup the movements that took off in the early 1960s were qualitatively different They were sustained not momentary they were national not just local they changed public opinion rather than being ignored Women Who Invented the Sixties tells the story of how four women helped define the 1960s and made a lasting impression for decades to follow In 1960 Ella Baker played the key role in the founding of the Student Nonviolent Coordinating Committee which became an essential organization for students during the civil rights movement and the model for the antiwar and women s movements In 1961 Jane Jacobs published The Death and Life of Great American Cities changing the shape of urban planning irrevocably In 1962 Rachel Carson published Silent Spring creating the modern environmental movement And in 1963 Betty Friedan wrote The Feminine Mystique which sparked second wave feminism and created lasting changes for women Their four separate interventions helped together to end the 1950s and invent the 1960s Women Who Invented the Sixties situates each of these four women in the 1950s Baker s early activism with the NAACP and the Southern Christian Leadership Conference Jacobs s work with Architectural Forum and her growing involvement in neighborhood protest Carson s conservation efforts and publications and Friedan s work as a labor journalist and the discrimination she faced before exploring their contributions to the 1960s and the movements they each helped shape The Gap in God's Country Laurie M.

Johnson,2024-10-18 Laurie M Johnson argues that America s culture wars may seem to have erupted in the past couple of decades but they go back centuries For those who think that Christian nationalism or right wing populism is the problem to be solved that some people simply need to understand Christianity or politics better and become reasonable read on Christian nationalism and other ideological extremes are symptoms of major economic technological spiritual and psychological shifts that have left too many people uprooted disenchanted and precarious There are no easy answers but Johnson tries to show a path out that enlists not only individuals but also church and state Without leadership and structure provided at the levels of the church and state Christians and those impacted by them will remain part of the problem and not

the solution Johnson says to Christians change is not talk it s action and Christian action can only happen with leadership that creates a context where we can work together rather than wasting our time in culture wars Main Street Mindy Thompson Fullilove,2020-09-08 Mindy Thompson Fullilove traverses the central thoroughfares of our cities to uncover the ways they bring together our communities After an 11 year study of Main Streets in 178 cities and 14 countries Fullilove discovered the power of city centers to help us name and solve our problems In an era of compounding crises including racial injustice climate change and COVID 19 the ability to rely on the power of community is more important than ever However Fullilove describes how a pattern of disinvestment in inner city neighborhoods has left Main Streets across the U S in disrepair weakening our cities and leaving us vulnerable to catastrophe In the face of urban renewal programs built in response to a supposed lack of personal responsibility Fullilove offers a different story that of a series of forced displacements that had devastating effects on inner city communities Through that lens we can appreciate the strength of segregated communities that managed to temper the ravages of racism through the Jim Crow era and build political power and many kinds of wealth Only a very well integrated powerful community one with deep spiritual principles could have accomplished such a feat This is the power she hopes we will find again Throughout Main Street readers glimpse strong vibrant communities who have conquered a variety of disasters from the near loss of a beloved local business to the devastation of a hurricane Using case studies to illustrate her findings Fullilove turns our eyes to the cracks in city centers the parts of the city that tend to be avoided or ignored Providing a framework for those who wish to see their communities revitalized Fullilove s Main Street encourages us all to look both inward and outward to find the assets that already exist to create meaningful change
