Roots Renewal And The Brethren:

Roots, Renewal, and the Brethren Nathan DeLynn Smith, 1986 *One Lord, One Faith, Second Edition* Rex A. Koivisto, 2009-01-01 One Lord One Faith is a plea and plan to re envision the Church as a broad cross denominational community with a shared faith in the Christ of the Gospel It both affirms the place and inevitability of individual denominational traditions and also provides a grid from which to distinguish those denominational traditions from the core of historical orthodoxy shared by the entire Christian community The book seeks to distinguish denominationalism from sectarianism and identifies sectarianism as the true enemy of historic catholicity *My Brother's Keeper* Thomas J. Marinello, H. H. Drake Williams, 2010-01-01 My Brother's Keeper is a collection of essays penned by people interested in educating primarily European church leaders theological educators and missionaries as well as other Christian leaders from around the world All of the authors are related to the ministries of Tyndale Theological Seminary the Netherlands This book is in honor of missionary Hebrew scholar and colleague Ellis R Brotzman upon his retirement Included is material from the fields of biblical studies theological studies and pastoral ministries and missions The articles represent a sampling of the type of teaching provided at Tyndale since its beginnings in 1985 as well as a taste of the ongoing research of some of its members Most of the authors have many decades of experience primarily as missionary professors throughout Europe Others include those with pastoral ministry experience in Europe and North America Theological educators local church leaders and cross cultural workers will find this a worthwhile addition to their personal and school libraries *Protestant Missionaries in Spain, 1869-1936* Kent Eaton, 2015-06-03 Protestant Missionaries in Spain 1869 1936 Shall the Papists Prevail examines the history of the Protestant denominations especially the Plymouth Brethren throughout Europe that attempted to bring their churches to Spain just prior to Spain's First Republic 1873 1874 when religious liberty briefly existed Protestant groups labored feverishly establishing churches and schools designed to gain converts and thereby prove the supremacy of their theology in Spain as the foremost Roman Catholic country Religious liberty was reintroduced in the 1930s during the Second Republic but failed when General Francisco Franco won the Spanish Civil War and unified the culturally and linguistically diverse nation through the doctrine of religious uniformity Equally important is the question of why the Roman Catholic Church felt compelled to expel them from Spain After the First Vatican Council 1869 1870 Spain became the battlefield between Protestants and Catholics each vying to demonstrate their preeminence Using primary sources from Spain and the UK this book recreates the story of these missionaries struggles and examines their motivations for making significant sacrifices **John Nelson Darby** Marion Field, 2014-10-01 Marion Field focuses on Darby's development and life without judging doctrinal issues she chronicles the story of a brilliant advocate of an insightful but controversial theology **The Essential Handbook of Denominations and Ministries** George Thomas Kurian, Sarah Claudine Day, 2017-03-14 Though the church universal is an ancient institution the contemporary ministry landscape is always changing That's why a new
